Aims

Objective: The investment strategy of the fund is to purchase units in the L&G Property Fund.

Underlying Fund Objective: The fund aims to carry on Property Investment Business and to manage cash raised from investors for investment in the Property Investment Business. In doing so, the objective of the fund is to achieve income and capital growth through investing generally in commercial property. The Fund will invest at least 60% of its assets in property and property-related assets. Although the Fund's investment in property and property-related assets is typically expected to be in the region of 80% - 90% of the Fund's assets, this may vary as a result of factors such as market conditions. The Fund may obtain its exposure through a combination of direct and indirect holdings with exposure across industry sectors (including but not limited to retail, offices, industrial, leisure, healthcare and residential) and geographies. The Fund's direct holdings, which will typically consist of around 45% of the Fund's assets, will be in property located in the UK. The Fund intends to purchase, hold and, where relevant, develop such properties with the intention of enhancing their capital value and/or income return. The Fund may obtain indirect exposure to property through listed transferable securities (such as real estate investment trusts) and collective investment schemes. The Fund may also invest in money-market instruments (such as treasury bills), permitted deposits, bonds (issued by governments and public bodies), money market funds and cash. The Fund may only use derivatives for the purposes of Efficient Portfolio Management.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of fund charges and further costs, but take no account of product charges, or any Annual Management Charge paid for by the deduction of units. Charges and further costs may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with net income reinvested. The value of your client's investment can go down as well as up and the amount your client gets back may be less than they put in.
