Aims

The fund's investment objective is to achieve capital growth through investment in European stock markets, excluding the UK. The core of investment will be in the larger market capitalisation stocks in the major European markets. The remainder of the portfolio will consist of investments in medium market capitalisation stocks and those drawn from the smaller European markets. The fund may also invest in a wide range of investments including transferable securities, collective investment schemes, warrants and money market instruments.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your client's investment can go down as well as up and the amount your client gets back may be less than they put in.
