Aims

The Vanguard SustainableLife 80-90% Equity Fund (the Fund) seeks to provide an increase in the value of investments over the long-term (more than 5 years) together with some money paid out from those investments as income. The Fund aims to achieve this whilst selecting investments which meet certain sustainability criteria.

Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
