### Aims

The fund's investment objective is to achieve capital appreciation through participation in the growth of the Japanese economy. Investment will be based primarily on Japan's economic strengths, such as its manufacturing industry (in particular on those parts of it that are demonstrating an ability to exploit newly emerging technology) and on sectors benefiting from structural change in the economy. Investment will be in directly held transferable securities. The fund may also invest in collective investment schemes, warrants and money market instruments.

### Important Information

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
