#### **Aims**

To generate growth over the long term (5 years or more) while being managed to a defined level of risk. The fund is part of the MyFolio Managed range, which offers five funds with different expected combinations of investment risk and return. The fund is risk level II, which aims to be the second lowest risk fund in this range. Risk Target: The defined level of risk referred to above that the management team is targeting is within the range of 35-55% of world stock markets (represented by the MSCI World Index), over 10 years. There is no certainty or promise that this target will be achieved. The Risk Target has been chosen as it represents a risk range which is appropriate for the fund.

## **Important Information**

- Source of portfolio data: Broadridge. Source of performance data: FE fundinfo. We can't predict the future. Past performance isn't a guide to future performance. The figures shown are intended only to demonstrate performance history of the fund, after allowing for the impact of ongoing charges, but take no account of product charges. Ongoing charges may vary in the future and may be higher than they are now. Fund performance is based upon the movement of the daily price and is shown as total return in GBP with income reinvested. The value of your investment can go down as well as up so you might get back less than you put in.
