Manager's Investment Report

Investment Objective and Policy

The objective of the Fund is to track the performance of the JPMorgan GBI-EM Global Diversified Local Currency Index (the "Benchmark Index") before fees and expenses are applied. Therefore, the Fund's performance may differ from the Benchmark Index due to the deduction of fees and expenses and the impact of any tracking error factors.

The Benchmark Index is comprised of bonds issued by governments of emerging market countries (as defined by the Index provider) in the local currency of the issuer in accordance with the Index provider's methodology and is designed to be investable for the majority of international investors. The Fund may invest in sub-investment grade bonds.

The Fund is a Replicating Fund as it seeks to replicate as closely as possible the constituents of the Benchmark Index by holding all, or substantially all, of the assets comprising the Benchmark Index in similar proportions to their weightings in the Benchmark Index. The Fund will have at least 90% exposure to assets that are included in the Benchmark Index.

The Fund may also invest in bonds which are reasonably expected to become part of the Benchmark Index in the near future or are an alternative to a constituent of the Benchmark Index and collective investment schemes, including those managed or operated by the Manager or an Associate as well as money market instruments (such as Treasury bills), cash and permitted deposits.

The Fund may only use derivatives for Efficient Portfolio Management purposes.

Manager's Investment Report

During the year under review, the published price of the Fund's R-Class accumulation units increased by 1.28%. JP Morgan Chase, the Index compiler, calculates the Benchmark Index at the end of the business day using closing mid prices, whereas the Fund is valued using prevailing mid prices at 12 noon. Therefore, for tracking purposes, the Fund has been revalued using closing prices. On this basis over the review year, the Fund increased by 2.04%, compared with an increase in the Index of 1.94% (Source: Rimes), producing a tracking difference of +0.10%.

Past performance is not a guide to future performance.

The value of investments and any income from them may go down as well as up.

Exchange rate changes may cause the value of any overseas investments to rise or fall.

Market/Economic Review

Over the year under review, the focus has steadily shifted from heightening inflationary pressures and tighter monetary policy to when, not if, developed-market central banks commence wholesale interest rate cuts. Since the Bank of England (BoE) fired the first monetary tightening shot in late 2021, the direction of travel for developed-market interest rates has been one way with rates moving higher. However, central banks are now flagging that the path of interest rates could now change course.

In March, the Swiss National Bank became the first G10 central bank to cut interest rates in this cycle, and the US Federal Reserve (Fed), BoE and European Central Bank are set to follow suit over the course of 2024. Japan aside, this era of monetary tightening looks to be over; looser policy is on its way.

Manager's Investment Report continued

In the UK, headline inflation fell to an annualised rate of 3.40% in February – a far cry from the 10.40% reading 12 months earlier – beating expectations and heightening talk of interest-rate cuts later this year. That said, inflation still remains above the BoE's target. UK interest rates have been unchanged in 2024 to date, sitting at a 16-year high of 5.25%, and the BoE held firm once again in March.

In the US, Fed rhetoric shifted dovish once again over the month, despite rates being held unchanged at a 23-year high of between 5.25% and 5.50%; Fed Chair Jerome Powell indicated that the central bank's rate-setting committee wasn't far off taking the plunge and reducing rates.

Emerging markets endured a tough 12 months but finished in the black in US Dollar terms, albeit some way behind the global average. As mentioned above, China lost ground, India made strong gains, while Brazil also finished firmly in the black.

Benchmark developed market government bond yields painted a mixed and nuanced picture over the year. At the headline level, the yield on the 10-year US Treasury and 10-year UK Gilt rose (prices fell) over the year but that masks moves of more than 100 basis point higher and then lower over the course of the 12 months. Indeed, Treasury yields fell sharply (prices rose) in December on expectations that Fed rate hiking has finished and rate-cutting was on the agenda in 2024, before rising once again.

The yield on the 10-year UK gilt jumped in May, June and July to match the heady highs it reached during the brief tenure of the Liz Truss-led Conservative government during September and October of 2022, before moving lower on better-than-expected inflation data late on in the year. It then rose again in January and February. Elsewhere, the yield on the 10-year German Bund moved marginally lower over the year as whole.

Meanwhile, Japanese government bond yields moved higher over the 12 months. Towards the end of the year the Bank of Japan made the notable move to effectively scrap its yield curve control, having eased the limits over the course of the past 12 months. The policy, in place since 2016, had limited the movement of the 10-year bond yield to 0.50%.

Investment-grade bond spreads in the US, UK and Europe all narrowed over the review year. High yield bond spreads similarly narrowed over the year as a whole. Despite the headwinds of tight Fed monetary policy, fears of a US recession and ongoing worries around the economic growth prospects of the world's second largest economy, China, emerging market debt held up remarkably well over the year, making decent gains.

Fund Review

All investment activity was prompted either by unit holder investment or redemption, or by changes in the profile of the Benchmark. The Fund experienced net negative cash flow during the review year.

During the review year, the Dominican Republic was included as an issuer into the Benchmark, whilst the Philippines and Egypt left the Benchmark. Russia is still excluded from the Benchmark and currently there are two countries at the 10% cap: China and Malaysia with the next largest Benchmark weights being Indonesia, Thailand and Brazil.

At the end of the year, the Fund consisted of 316 bonds issued by 18 countries, the Index consisted of 335 bonds issued by 20 countries.

Manager's Investment Report continued

Outlook

Looking ahead, the prospect of future rate cuts, particularly by the Fed, has boosted investor confidence. The key test will be whether the supportive central bank rhetoric translates into action during the summer. Credit markets have been particularly strong thanks to yield-sensitive investors and this could continue as long as bond yields have peaked for this cycle. Indeed, the biggest risk to markets is that growth and inflation is too strong to cut rates, leading to higher yields. There is also a chance that elevated yields eventually cause an economic slowdown in the US and investors become worried about recession risk again, but this does not seem an immediate prospect. Overall, risks start to increase in the summer, but until then, the backdrop for credit and equity investors appears to be supportive.

Statement of Responsibilities

Statement of the Manager's Responsibilities

The Collective Investment Schemes sourcebook published by the FCA, ("the COLL Rules") require the Manager to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Fund and of the net income and net gains or losses on the property of the Fund for the period.

In preparing the financial statements, the Manager is responsible for:

- selecting suitable accounting policies and then applying them consistently;
- making judgements and estimates that are reasonable and prudent;
- following UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland;
- complying with the disclosure requirements of the Statement of Recommended Practice for UK Authorised Funds issued by the Investment Association in May 2014 and amended in June 2017;
- keeping proper accounting records which enable it to demonstrate that the financial statements as prepared comply with the above requirements;
- assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
- using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so;
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; and
- taking reasonable steps for the prevention and detection of fraud and irregularities.

The Manager is responsible for the management of the Fund in accordance with its Trust Deed, the Prospectus and the COLL Rules.

The Manager is responsible for the maintenance and integrity of the corporate and financial information included on the Fund's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Statement of Responsibilities continued

Statement of the Trustee's Responsibilities

The Depositary in its capacity as Trustee of Legal & General Emerging Markets Government Bond (Local Currency) Index Fund must ensure that the Fund is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes Sourcebook ("COLL"), the Financial Services and Markets Act 2000, as amended, (together "the Regulations"), the Trust Deed and Prospectus (together "the Scheme documents") as detailed below.

The Depositary must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Fund and its investors.

The Depositary is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Fund in accordance with the Regulations.

The Depositary must ensure that:

- the Fund's cash flows are properly monitored and that cash of the Fund is booked in cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of units are carried out in accordance with the Regulations;
- the value of units of the Fund are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Fund's assets is remitted to the Fund within the usual time limits;
- the Fund's income is applied in accordance with the Regulations; and
- the instructions of the Authorised Fund Manager ("the AFM"), which is the UCITS Management Company, are carried out (unless they conflict with the Regulations).

Report of the Trustee

Report of the Trustee to the Unitholders of the Legal & General Emerging Markets Government Bond (Local Currency) Index Fund ("the Fund") for the year ended 20 April 2024

The Depositary also has a duty to take reasonable care to ensure that the Fund is managed in accordance with the Regulations and the Scheme documents of the Fund in relation to the investment and borrowing powers applicable to the Fund.

Having carried out such procedures as we considered necessary to discharge our responsibilities as Depositary of the Fund, it is our opinion, based on the information available to us and the explanations provided, that, in all material respects the Fund, acting through the AFM:

- (i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Fund's units and the application of the Fund's income in accordance with the Regulations and the Scheme documents of the Fund; and
- (ii) has observed the investment and borrowing powers and restrictions applicable to the Fund in accordance with the Regulations and the Scheme documents of the Fund.

¹ These are sub-investment grade fixed interest securities and represent 18.88% of the net assets of the Fund.

² Listed Russian securities are valued at the Manager's best assessment of their fair and reasonable value.

³ These are unrated fixed interest securities and represent 20.51% of the net assets of the Fund.

⁴ Includes shares in the LGIM Sterling Liquidity Fund Class 1 to the value of 31,595 which is shown as a cash equivalent in the balance sheet of the Sub-fund.

Total purchases for the year: £265,419,170.

Total sales for the year: £282,204,571.

Independent Auditor's Report

Independent auditor's report to the Unitholders of Legal & General Emerging Markets Government Bond (Local Currency) Index Fund ('the Fund')

Opinion

We have audited the financial statements of the Fund for the year ended 20 April 2024 which comprise the Statement of Total Return, the Statement of Change in Net Assets Attributable to Unitholders, the Balance Sheet, the Related Notes and Distribution Tables for the Fund and the accounting policies set out on pages 28 to 29.

In our opinion, the financial statements:

- give a true and fair view, in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, of the financial position of the Fund as at 20 April 2024 and of the net revenue and the net capital losses on the property of the Fund for the year then ended; and
- have been properly prepared in accordance with the Trust Deed, the Statement of Recommended Practice relating to UK Authorised Funds, and the COLL Rules.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Fund in accordance with, UK ethical requirements including the FRC Ethical Standard.

We have received all the information and explanations which we consider necessary for the purposes of our audit and we believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The Manager has prepared the financial statements on the going concern basis as they do not intend to liquidate the Fund or to cease their operations, and as they have concluded that the Fund's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the Manager's conclusions, we considered the inherent risks to the Fund's business model and analysed how those risks might affect the Fund's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the Manager's assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Fund's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Fund will continue in operation.

Independent Auditor's Report continued

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud (“fraud risks”) we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors as to the Fund’s high-level policies and procedures to prevent and detect fraud, as well as whether they have knowledge of any actual, suspected or alleged fraud;
- Assessing the segregation of duties in place between the Manager, the Trustee, the Administrator and the Investment Adviser;
- Reading board minutes.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because the revenue is principally nonjudgemental and based on publicly available information, with limited opportunity for manipulation. We did not identify any additional fraud risks.

We evaluated the design and implementation of the controls over journal entries and other adjustments and made inquiries of the Administrator about inappropriate or unusual activity relating to the processing of journal entries and other adjustments. We identified and selected a sample of journal entries made at the end of the reporting period and tested those substantively including all material post-closing entries. Based on the results of our risk assessment procedures and understanding of the process, including the segregation of duties between the Directors and the Administrator, no further high-risk journal entries or other adjustments were identified.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the Manager and the Administrator (as required by auditing standards) and discussed with the Directors the policies and procedures regarding compliance with laws and regulations.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Fund is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related authorised fund legislation maintained by the Financial Conduct Authority) and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Independent Auditor's Report continued

Secondly, the Fund is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: money laundering, data protection and bribery and corruption legislation recognising the Fund's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Directors and the Administrator and inspection of regulatory and legal correspondence, if any. Therefore if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

Other information

The Manager (Legal & General (Unit Trust Managers) Limited) is responsible for the other information presented in the Annual Manager's Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the other information; and
- in our opinion the information given in Manager's Report for the financial year is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where under the COLL Rules we are required to report to you if, in our opinion:

- proper accounting records for the Fund have not been kept; or
- the financial statements are not in agreement with the accounting records.

Independent Auditor's Report continued

Manager's responsibilities

As explained more fully in their statement set out on page 6, the Manager is responsible for: the preparation of financial statements that give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Fund's unitholders, as a body, in accordance with Rule 4.5.12 of the Collective Investment Schemes sourcebook ("the COLL Rules") issued by the Financial Conduct Authority under section 247 of the Financial Services and Markets Act 2000. Our audit work has been undertaken so that we might state to the Fund's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

1. Statement of Compliance

The Financial Statements have been prepared in compliance with UK Financial Reporting Standard 102 (FRS 102) and in accordance with the Statement of Recommended Practice for UK Authorised Funds issued by the Investment Association in May 2014 (2014 SORP) and amended in June 2017.

2. Summary of Significant Accounting Policies

(a) Basis of Preparation

The Financial Statements have been prepared on a going concern basis, under the historical cost convention as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss. In making this assessment, the Manager has considered, amongst other things, factors such as Fund size, cash flows through the Fund and Fund liquidity in its assessment of the Fund's ability to meet its liabilities as they fall due at least the twelve month period from the date the financial statements are signed. Based on this assessment, the Manager deems the basis of preparation appropriate.

The principal accounting policies which have been applied consistently are set out below.

(b) Functional and Presentation Currency

The functional and presentation currency of the Fund is Sterling.

(c) Recognition of Revenue

Bond revenue is accounted for on an effective yield basis, calculated with reference to the purchase price. If the Manager believes that future commitments will not be met due to the bond issuer showing signs of financial distress, revenue accruals will be discounted. Any resultant revenue from these issues will then be treated on a receipts basis.

Revenue from offshore funds is recognised when it is reported.

All other revenue is recognised on an accruals basis.

(d) Treatment of Expenses

All expenses (other than those relating to the purchase and sale of investments) are charged against revenue on an accruals basis.

(e) Distribution Policy

The policy is to distribute all available revenue, after deduction of those expenses which are chargeable in calculating the distribution. In order to conduct a controlled dividend flow, interim distributions will be at the Manager's discretion, up to a maximum of the distributable revenue for the period. All remaining revenue is distributed in accordance with the COLL.

Fund Management Fees are deducted from capital for the purpose of calculating the distribution. This increases the amount of the distribution paid, but reduces the capital growth potential of the Fund. Marginal tax relief is not accounted for in determining the distribution.

Distributions which have remained unclaimed by Unitholders for over six years are credited to the capital property of the Fund.

Notes to the Financial Statements continued

2. Summary of Significant Accounting Policies continued

(f) Basis of Valuation of Investments

All investments are valued at their fair value as at 12 noon on 20 April 2024, being the last business day of the accounting year. The fair value for non-derivative securities is bid market price, excluding any accrued interest. The fair value for units in Collective Investment Schemes is the cancellation price or bid price for dual priced funds and single price for single priced funds.

Where values cannot be readily determined, the securities are valued at the Manager's best assessment of their fair and reasonable value.

(g) Taxation

Provision is made for taxation at current rates on the excess of investment revenue over expenses.

Deferred tax is provided for on all timing differences that have originated but not reversed by the balance sheet date, other than those differences that are regarded as permanent. Any liability to deferred tax is provided for at the average rate of tax expected to apply.

(h) Foreign Exchange

Transactions in foreign currencies are translated at the rate of exchange ruling on the date of the transaction. Where applicable, assets and liabilities denominated in foreign currencies are translated into Sterling at the rates of exchange ruling at 12 noon on 20 April 2023, being the last business day of the accounting year.

(i) Cash Equivalents

Cash equivalents reflect short-term, highly liquid investments that are readily convertible to known amounts of cash, including liquidity funds held for cash management purposes and denominated in major currencies where there is assessed to be an insignificant risk of change in value.

3. Net capital (losses)/gains

	20/04/24	20/04/23
	£	£
The net capital (losses)/gains during the year comprise:		
Non-derivative securities	(35,545,204)	20,759,524
Forward currency contracts gains/(losses)	15,665	(372,951)
Currency losses	(4,973,709)	(562,188)
Management fee rebates	15,286	11,029
CSDR penalty	(210)	—
CSDR penalty reimbursement	—	43
Net capital (losses)/gains	<u>(40,488,172)</u>	<u>19,835,457</u>

Notes to the Financial Statements continued

4. Revenue

	20/04/24	20/04/23
	£	£
Bond interest	60,049,852	61,496,837
Taxable overseas distributions	216,068	139,342
Bank interest	87,139	74,342
	<u>60,353,059</u>	<u>61,710,521</u>

5. Expenses

	20/04/24	20/04/23
	£	£
Payable to the Manager, associates of the Manager and agents of either of them:		
Fund Management Fees	<u>1,966,011</u>	<u>2,078,955</u>
Total expenses	<u>1,966,011</u>	<u>2,078,955</u>

Audit fees of £14,449 plus VAT of £2,890 have been borne by the Manager out of its Fund Management Fee. In the prior year, the total audit fee was £14,028 plus VAT of £2,806.

Notes to the Financial Statements continued

6. Taxation

(a) Analysis of taxation charge in year

	20/04/24	20/04/23
	£	£
Overseas tax	(567,468)	1,051,983
Total current tax	(567,468)	1,051,983
Deferred tax [note 6(c)]	—	—
Total taxation [note 6(b)]	<u>(567,468)</u>	<u>1,051,983</u>

(b) Factors affecting taxation charge for the year

The current tax charge excludes capital gains and losses for the reason that Authorised Unit Trusts are not subject to Corporation Tax on these items. Current tax differs from taxation assessed on net revenue before taxation as follows:

Net revenue before taxation	<u>58,317,004</u>	<u>59,628,478</u>
Net revenue before taxation multiplied by the applicable rate of Corporation tax of 20% (2023: 20%)	11,663,401	11,925,696
Effects of:		
Interest distributions deductible for tax purposes	(11,663,401)	(11,925,696)
Overseas tax	(567,468)	1,051,983
Deferred tax	—	—
Total tax charge for the year [note 6(a)]	<u>(567,468)</u>	<u>1,051,983</u>

(c) Provision for deferred tax

There is no deferred tax provision in the current or preceding year.

Notes to the Financial Statements continued

7. Distributions

The distributions take account of revenue received on the creation of units and revenue deducted on the cancellation of units and comprise:

	20/04/24	20/04/23
	£	£
First interim distribution	15,939,031	15,889,109
Second interim distribution	14,247,407	15,864,859
Third interim distribution	15,946,298	14,221,058
Final distribution	<u>14,352,584</u>	<u>13,753,950</u>
	60,485,320	59,728,976
Add: Revenue deducted on cancellation of units	1,413,130	2,189,554
Less: Revenue received on creation of units	<u>(1,047,967)</u>	<u>(1,263,080)</u>
Distributions for the year	60,850,483	60,655,450
Interest payable and similar charges		
Bank overdraft interest	<u>70,044</u>	<u>3,088</u>
	<u>60,920,527</u>	<u>60,658,538</u>

The differences between the net revenue after taxation and the distributions for the year are as follows:

	20/04/24	20/04/23
	£	£
Net revenue after taxation for the year	58,884,472	58,576,495
Add: Expenses charged to capital	<u>1,966,011</u>	<u>2,078,955</u>
Distributions for the year	60,850,483	60,655,450

8. Debtors

	20/04/24	20/04/23
	£	£
Accrued revenue	15,716,453	15,427,798
Amounts receivable for creation of units	2,660,000	4,329,000
Management fee rebates	3,109	1,151
Overseas tax recoverable	1,567,005	—
Receivable for foreign exchange contracts	—	10,767
Sales awaiting settlement	<u>6,335,474</u>	<u>4,242,592</u>
	<u>26,282,041</u>	<u>24,011,308</u>

Notes to the Financial Statements continued

9. Net uninvested cash

	20/04/24	20/04/23
	£	£
Cash and bank balances	3,057,176	84,395,064
Bank overdrafts	—	(80,610,152)
Cash equivalents	31,595	—
Net uninvested cash	<u>3,088,771</u>	<u>3,784,912</u>

10. Other creditors

	20/04/24	20/04/23
	£	£
Accrued expenses	107,840	104,832
Amounts payable for cancellation of units	4,517,000	968,000
Payable for foreign exchange contracts	3,433	—
Purchases awaiting settlement	1,531,373	3,748,202
	<u>6,159,646</u>	<u>4,821,034</u>

11. Contingent liabilities and outstanding commitments

There were no contingent liabilities or outstanding commitments at the balance sheet date (20 April 2023: same).

Notes to the Financial Statements continued

12. Financial Instruments and Associated Risks

The investments of a Fund in financial securities and derivatives are subject to normal market fluctuations and other risks inherent in investing in such instruments. Legal & General (Unit Trust Managers) Limited (UTM) is the Authorised Fund Manager and has responsibility for ensuring appropriate risk management processes are implemented for each Unit Trust.

The UTM Board has delegated the risk oversight function to the Fund Manager Oversight Committee (FMOC), a committee of the Legal & General Investment Management (Holdings) Limited (LGIMH) Board that meets monthly. The primary objective of the FMOC is to ensure proper oversight of the investment management activities and associated services performed by LGIM, its delegates and other Fund Managers, under the Investment Management Agreement (IMA), on behalf of UTM in its capacity as Authorised Fund Manager. The committee consists of senior members of LGIMH and members of the UTM Board. Other senior staff members are also in attendance, as required by the agenda.

Each Fund has Investment Guidelines, an Investment Objective and Investment Restrictions, against which the fund manager will operate. These are set out in Schedule 1 of the IMA between LGIM and UTM. The Schedule is maintained by each fund manager, reviewed by the LGIM Operational Risk and Compliance Teams and approved senior members of LGIMH on behalf of the UTM board. The Schedule provides the detail needed to determine the risk profile for each fund. Fund managers are not permitted to invest into any new instruments without first gaining approval from UTM.

The Investment Objective and Policy of this Fund is detailed on page 2.

(a) Market Risk arising from other price risk

Market Risk arises mainly from uncertainty about future prices. It represents the potential loss the Fund may suffer through holding market positions in the face of market movements.

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar instruments traded in the market.

The assets held by the Fund can be seen in the Portfolio Statement starting on page 9. Movements in the prices of these investments result in movements in the performance of the Fund. The Manager adheres to the investment guidelines established in the Trust Deed, the Prospectus, the COLL and the Fund's IOG, and in this way, monitors and controls the exposure to risk from any type of security, sector or issuer.

As at the balance sheet date, if the price of the investments held by the Fund increased or decreased by 5%, with all other variables remaining constant, then the net assets attributable to unitholders would increase or decrease by approximately £46,956,777 (20 April 2023: £49,141,171).

Notes to the Financial Statements continued

12. Financial Instruments and Associated Risks continued

(b) Interest Rate Risk

Interest Rate Risk is the risk of movements in the value of financial instruments as a result of fluctuations in interest rates.

The Fund is exposed to interest rate risk through its holdings in debt securities. The market value of debt securities and any floating rate payments from debt securities held (and interest rate swaps) may fluctuate as a result of changes in interest rates. This risk is managed by the active monitoring and adjustment of the investments held by the Fund, in line with the stated investment objective and policy of the Fund.

As at the balance sheet date, if interest rates on the Fund increased or decreased by 1 basis point, with all other variables remaining constant, then the net assets attributable to unitholders would increase or decrease by approximately £494,968 (20 April 2023: £508,511). This represents the Manager's best estimate of a reasonable possible shift in interest rates, having regard to historical volatility of those rates.

The interest rate profile of the Fund's net assets and liabilities at the balance sheet date was:

	Total	Floating	Fixed	No
20/04/24	£'000	rate	rate	interest
		£'000	£'000	£'000
Portfolio	939,135	—	933,119	6,016
Other assets	29,371	3,089†	—	26,282
Other liabilities	(10,624)	—†	—	(10,624)
Total	957,882	3,089	933,119	21,674

	Total	Floating	Fixed	No
20/04/23	£'000	rate	rate	interest
		£'000	£'000	£'000
Portfolio	982,823	—	979,124	3,699
Other assets	121,320	84,395†	—	36,925
Other liabilities	(103,249)	(80,610)†	—	(22,639)
Total	1,000,894	3,785	979,124	17,985

† The Fund's floating rate other assets and liabilities are represented by its bank balances and overdraft facilities. Cash is deposited, and overdraft facilities utilised, on normal commercial terms and earn or bear interest based on the Bank of England's official base rate.

12. Financial Instruments and Associated Risks continued

(c) Foreign Currency Risk

Foreign Currency Risk is the risk of movements in the value of financial instruments as a result of fluctuations in exchange rates. This risk may be managed by the use of forward currency contracts or currency futures as necessary.

As this Fund invests in other collective investment schemes that hold investment instruments in overseas financial securities, there is currency risk in respect of the financial instruments held by those schemes.

Forward currency contracts were utilised during the current and the preceding year.

As at the balance sheet date, if the value of Sterling increased or decreased by 1% against all currencies, with all other variables remaining constant, then the net assets attributable to unitholders would increase or decrease by approximately £9,527,046 (20 April 2023: £9,931,667).

The direct foreign currency profile of the Fund's net assets at the balance sheet date was:

20/04/24 Currency	Net foreign currency assets		Total £'000
	Monetary exposures £'000	Non-monetary exposures £'000

(d) Credit Risk

Credit Risk is the risk of suffering financial loss as a result of a counterparty to a financial transaction being unable to fulfil their financial obligations as they fall due.

Bonds or other debt securities involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated securities.

The Fund's investments in bonds expose it to the default risk of the bond issuer with regards interest payments and principal repayments. Bond holdings with low credit ratings (sub-investment grade) or those that are not rated by a reputable credit rating agency (unrated) are disclosed in the Portfolio Statement on pages 9 to 22.

As this Fund invests in Collective Investment Schemes, there is credit risk in respect of the assets held by these Schemes.

This risk is managed by appraising the credit profile of financial instruments and issuers in line with the Fund's investment objective and policy.

Notes to the Financial Statements continued

12. Financial Instruments and Associated Risks continued

(e) Liquidity Risk

Liquidity Risk relates to the capacity to meet liabilities as they fall due. The primary source of this risk to the Fund is the liability to Unitholders for any cancellation of units.

This risk is minimised by holding a large proportion of readily realisable assets, cash balances and via access to overdraft facilities.

(f) Derivative Risk - Sensitivity Analysis

Derivative Risk arises from uncertainty about future market movements. This risk is managed by the policies shown within Market risk.

As at the balance sheet date, no derivatives were held that could impact the Fund in a significant way (20 April 2023: same).

Notes to the Financial Statements continued

12. Financial Instruments and Associated Risks continued

(g) Fair Value

The fair value of a financial instrument is the amount for which it could be exchanged between knowledgeable, willing parties in an arm's length transaction. There is no material difference between the value of the financial assets and liabilities, as shown in the financial statements, and their fair value.

The Statement of Recommended Practice for Financial Statements of UK Authorised Funds issued by the Investment Association in May 2014 requires the classification of the Fund's financial instruments held at the year end into a 3 tiered fair value hierarchy. The 3 tiers of the hierarchy and the classification of the Fund's financial instruments as at the balance sheet date were:

20/04/24	Assets	Liabilities
Basis of Valuation	£	£
Level 1 - Quoted Prices	6,016,291	—
Level 2 - Observable Market Data	933,119,256	—
Level 3 - Unobservable Data	—	—
Total	939,135,547	—

20/04/23	Assets	Liabilities
Basis of Valuation	£	£
Level 1 - Quoted Prices	3,699,010	—
Level 2 - Observable Market Data	979,124,410	—
Level 3 - Unobservable Data	—	—
Total	982,823,420	—

Level 1

The unadjusted quoted price in an active market for assets or liabilities that the entity can access at the measurement date.

Level 2

Valuation techniques using observable inputs other than quoted prices within Level 1.

Level 3

Valuation techniques using unobservable inputs.

Notes to the Financial Statements continued

15. Ultimate controlling party and related party transactions

The Manager is regarded as a related party to the Fund because it provides key management personnel services to the Fund. The ultimate controlling party of the Manager is Legal & General Group Plc. Subsidiaries of Legal & General Group Plc are also considered related parties to the Fund.

Legal & General (Unit Trust Managers) Limited acts as the principal on all the transactions of the units in the Fund. The aggregated monies received through creations or paid on cancellations are disclosed in the statement of change in net assets attributable to unitholders.

Equalisation amounts relating to creations and cancellations of units are shown within note 7. Fees received by the Authorised Fund Manager from the Fund plus any rebates paid by the Authorised Fund Manager to the Fund are shown within notes 3, 4 and 5 as applicable. Any outstanding fees, amounts outstanding on creations or cancellations of units in the Fund, or rebates receivable by the Fund from the Manager are shown within notes 8 and 10 as applicable.

As at the balance sheet date, the Manager and its associates held 0.00% (0.80% as at 20 April 2023) of the Fund's units in issue.

16. Post balance sheet market movements

As at the close of business on the balance sheet date, the Net Asset Value per R-Class accumulation unit was 50.42p. The Net Asset Value per R-Class accumulation unit for the Fund as at 12 noon on 13 August 2024 was 51.68p. This represents an increase of 2.50% from the year end value.

Distribution Tables

Distribution Tables for the year ended 20 April 2024

Group 1: units purchased prior to a distribution period.

Group 2: units purchased during a distribution period.

Equalisation is the average amount of revenue included in the purchase price of all Group 2 units and is refunded to the holders of these units as a return of capital. As capital it is not liable to Income Tax but must be deducted from the cost of units for Capital Gains Tax purposes.

Fund Information

The Comparative Tables on pages 50 to 57 give the performance of each active unit class in the Fund.

The 'Return after charges' disclosed in the Comparative Tables is calculated as the return after operating charges per unit divided by the opening net asset value per unit. It differs from the Fund's performance disclosed in the Manager's report, which is calculated based on the latest published price.

Portfolio transaction costs are incurred when investments are bought or sold by a fund in order to achieve the investment objective. These transaction costs affect an investor in different ways depending on whether they are joining, leaving or continuing with their investment in the Fund.

Direct transaction costs include broker commission and taxes. Broker commission includes the fee paid to a broker to execute the trades and research costs.

In addition, there are indirect portfolio transaction costs arising from the 'dealing spread' – the difference between the buying and selling prices of underlying investments in the portfolio. Unlike shares whereby broker commissions and stamp duty are paid by a fund on each transaction, other types of investments (such as bonds, money instruments, derivatives, collective investment schemes) do not have separately identifiable transaction costs; these costs form part of the dealing spread. Dealing spreads vary considerably depending on the transaction value and money market sentiment.

Other Information

Closing net asset value (£)	132,356	122,589	121,638
Closing number of units	363,496	320,738	320,684
Operating charges [†]	0.73%	0.73%	0.73%
Direct transaction costs	0.02%	0.00%	0.00%

Prices¹

Highest unit price	38.85p	41.09p	44.03p
Lowest unit price	36.89p	36.97p	38.25p

^{**} Direct transaction costs are stated after deducting the proportion of the amounts collected from dilution adjustments or dilution levies that relate to direct transaction costs. A negative transactions costs figure might arise where there is a timing difference between inflows and the settlement of the resultant purchases.

[†] Operating charges, otherwise known as the OCF is the ratio of the Fund's total disclosable costs (excluding overdraft interest) to the average net assets of the Fund. The OCF is intended to provide a reliable figure which gives the most accurate measure of what it costs to invest in a fund and is calculated based on the last period's figures. Included within the OCF are synthetic costs which include the OCF of the underlying funds weighted on the basis of their investment proportion.

¹ Highest and lowest unit prices are based on published prices.

Past performance is not a guide to future performance.

The price of units and any income from them may go down as well as up.

Exchange rate changes may cause the value of any overseas investments to rise or fall.

Closing net asset value (£)	344,003,603	313,839,739	372,391,522
Closing number of units	520,117,915	483,178,967	614,679,946
Operating charges†	0.23%	0.23%	0.25%
Direct transaction costs	0.02%	0.00%	0.00%

Prices¹

Highest unit price	68.28p	47.59p	66.86p
Lowest unit price	64.14p	42.83p	60.26p

** Direct transaction costs are stated after deducting the proportion of the amounts collected from dilution adjustments or dilution levies that relate to direct transaction costs. A negative transactions costs figure might arise where there is a timing difference between inflows and the settlement of the resultant purchases.

† Operating charges, otherwise known as the OCF is the ratio of the Fund's total disclosable costs (excluding overdraft interest) to the average net assets of the Fund. The OCF is intended to provide a reliable figure which gives the most accurate measure of what it costs to invest in a fund and is calculated based on the last period's figures. Included within the OCF are synthetic costs which include the OCF of the underlying funds weighted on the basis of their investment proportion.

¹ Highest and lowest unit prices are based on published prices.

Past performance is not a guide to future performance.

The price of units and any income from them may go down as well as up.

Exchange rate changes may cause the value of any overseas investments to rise or fall.

Risk and Reward Profile (unaudited)

- The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is not guaranteed to remain the same and may change over time. It is based on historical data and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table above shows the Fund's ranking on the Risk and Reward Indicator.
- The Fund is in category four because it invests in company or government bonds which are sensitive to changes in interest rates, inflation and credit. This can be driven by political and economic changes and other significant events and may cause the value to go up and down. Bonds that are closer to their maturity date tend to be more stable in value. Bonds are generally considered to be higher risk investments than cash, but lower risk than company shares.
- Even a fund in the lowest category is not a risk free investment.

General Information (unaudited)

Constitution

Launch date:	29 January 2016
Period end dates for distributions:	20 January, 20 April, 20 July and 20 October
Distribution dates:	20 March, 20 June, 20 September and 20 December
Minimum initial lump sum investment:	R-Class £100 I-Class £1,000,000 C-Class* £100,000,000 L-Class** £100,000
Valuation point:	12 noon
Fund Management Fees:	R-Class 0.73% I-Class 0.35% C-Class* 0.23% L-Class** 0.08%
Initial charge:	Nil for all existing unit classes

* Class C units are available to certain eligible investors who meet the criteria for investment in such units as outlined in the share class policy of the Manager, which is available to investors in the C-Class upon request. Where investors in the C-Class no longer continue to meet the criteria for investment in such units, further investment in such units may not be permitted.

** Class L units are only available to other Legal & General funds and/or companies which have entered into an agreement with the Manager or an affiliate of the Manager.

Pricing and Dealing

The prices are published on the internet at www.legalandgeneral.com/investments/funds/prices-and-reports/daily-fund-prices immediately after they become available.

Dealing in units takes place on a forward pricing basis, from 9:00am to 5:00pm, Monday to Friday.

Buying and Selling Units

Units may be bought on any business day from the Manager or through a financial adviser by completing an application form or on the internet at www.legalandgeneral.com. Units may normally be sold back to the Manager on any business day at the bid price calculated at the following valuation point.

ISA Status

This Fund may be held within this tax advantaged savings arrangement. The favourable tax treatment of ISAs may not be maintained. For full written information, please contact your usual financial adviser or ring 0370 050 0955.

Call charges will vary. We may record and monitor calls.

General Information (unaudited) continued

Prospectus and Manager's Reports

Copies of the Prospectus and the most recent annual or interim reports are available free of charge by telephoning 0370 050 0955 or by writing to the Manager.

Do you have difficulty in reading information in print because of a disability? If so, we can help. We are able to produce information for our clients in large print and braille. If you would like to discuss your particular requirements, please contact us on 0370 050 0955.

Call charges will vary. We may record and monitor calls.

Information on Tracking Error

The 'Tracking Error' of a Fund is the measure of the volatility of the differences between the return of the Fund and the return of the Benchmark Index. It provides an indication of how closely the Fund is tracking the performance of the Benchmark Index after considering things such as Fund charges and taxation.

Using monthly returns, over the review year, the annualised Tracking Error of the Fund is 1.41%, whilst over the last three years to the end of March 2024, the annualised Tracking Error of the Fund is 0.89%. These Tracking Errors are within the anticipated Tracking Error levels set out in the Fund's Prospectus of +/-0.50% per annum.

Due to differences in the pricing of EGP cash between Fund and Index in late 2023 and early 2024, which covered the period of Egypt's exclusion from the Index, both annualised Tracking Errors are greater than the anticipated Tracking Error levels as per the Prospectus. In the longer-term, this continues to be affected by the exclusion of Russia from the Index in February 2022 and the positive tracking effects this caused.

EU Savings Directive

The Fund has been reviewed against the requirements of the Directive 2003/48/EC on Taxation of savings in the form of interest payments (ESD), following the HM Revenue & Customs debt investment reporting guidance notes.

Under the Directive, information is collected about the payment of distributions to residents in certain other countries and is reported to HM Revenue & Customs to be exchanged with Tax authorities in those countries.

The Fund falls within the 25% debt investment reporting threshold. This means that details of all distributions and redemption proceeds paid to non UK investors will be reported by Legal & General (Unit Trust Managers) Limited to HM Revenue & Customs to be exchanged with the relevant Tax authorities.

Remuneration Disclosure

In accordance with the Undertakings for collective investment in transferable securities (UCITs) Directive, often referred to as the UCITs V Directive, the Legal & General Emerging Markets Government Bond (Local Currency) Index Fund, as a UCITs Scheme, is required to disclose the aggregate remuneration paid by the UCITs Manager and by the UCITs Scheme to Identified Staff, together with the number of beneficiaries, and, where relevant, performance fees paid by the UCITs Scheme. The aggregate amount of remuneration must be broken down by category of employees or other staff members and be split into fixed and variable remuneration.

The following provides information on the remuneration of persons whose professional activities have a material impact on the management company and the funds we manage as at 31 December 2023:

Controlled Functions

Headcount	Fixed Remuneration (£'000)	Variable Remuneration (£'000)	Remuneration related to this Fund (Pro-rated) (£'000)
40	9,251	12,594	290

Material Risk Takers

Headcount	Fixed Remuneration (£'000)	Variable Remuneration (£'000)	Remuneration related to this Fund (Pro-rated) (£'000)
65	7,386	4,245	21

Controlled Functions

During 2023, Legal & General Unit Trust Managers Limited (UTM) engaged the services of four employees of Legal & General Investment Management (Holdings) Limited (LGIMH). In addition, there were two non-executive Directors. UTM also engaged the services of a further 34 LGIMH employees to act in a variety of Controlled Functions, including Chief Compliance Officer, Money Laundering Reporting Officer, Client Asset Oversight, Systems and Controls Functions, Significant Management Functions and Customer Functions. These employees were also engaged by other companies in the L&G Group. The aggregate remuneration received by these individuals, for all their services across the L&G Group, is disclosed in the table above. We have prorated the remuneration figures by the Net Asset Value of the UCITS Funds as a percentage of the total assets under management of UTM.

Material Risk Takers

As at 31 December 2023, UTM engaged the services of Legal & General Investment Management's Index Fund Management team, which consists of 65 investment professionals located in our London Office. The team includes a variety of Fund Managers, Analysts and Support Staff, with the Fund Managers empowered to take discretionary investment management decisions on behalf of the Fund. The team is also engaged in managing other Legal & General UTM Funds/Schemes and is also engaged by other companies in the L&G Group. The aggregate remuneration received by the members of the team, for all their services across the L&G Group, is disclosed in the table above. We have prorated the remuneration figures by the Net Asset Value of the UCITS Funds as a percentage of the total assets under management of the Legal & General Investment Management's Index Fund Management team.
