Publication of Prices and Notices to Shareholders

Notices are sent to registered shareholders and (when legally required) published in such newspapers as decided by the Directors and in the Recueil des Sociétés et Associations du Mémorial Luxembourg. The previous Dealing Day's prices for shares may be obtained during business hours from the local Investor Servicing team and are also available from the BlackRock website. They will also be published in such countries as required under applicable law and at the discretion of the Directors in a number of newspapers or electronic platforms worldwide. The Company cannot accept any responsibility for error or delay in the publication or non-publication of prices. Historic dealing prices for all shares are available from the Administrator or local Investor Servicing team.

Purchases and Sales

A detailed list of investments purchased and sold for any Fund during the year is available upon request, free of charge, from the Registered office as mentioned on page 2, or the offices of the Representatives as mentioned on page 3.

Disclosure Policy

Details of month end holdings and valuations for all BlackRock Global Funds will be made available upon request from the Investor Services Centre to any BlackRock Global Funds shareholder no earlier than 10 business days after a given month end. BlackRock Global Funds reserves the right to require shareholders to sign an appropriate non-disclosure document prior to providing such information.

For German investors

This annual report and audited financial statements (the "Report and Financial Statements") may be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Report and Financial Statements. To the extent that there is any inconsistency between the English language Report and Financial Statements and the Report and Financial Statements in another language, the English language Report and Financial Statements will prevail, except to the extent (and only to the extent) that it is required by law of any jurisdiction where the shares are sold, that in an action based upon disclosure in a Report and Financial Statements in a language other than English, the language of the Report and Financial Statements on which such action is based shall prevail. Any disputes as to the terms of the Report and Financial Statements, regardless of the language of the Report and Financial Statements, shall be governed by and construed in accordance with the laws of Luxembourg.

The prospectus, the PRIIPs KID and a full statement of portfolio changes are available free of charge, from the German Paying Agent.

Please note that a notification regarding the distribution of shares in the Federal Republic of Germany pursuant to section 310 of the German Capital Investment Code (Kapitalanlagegesetzbuch) has not been filed in respect of the following Sub-Fund: Asian Multi-Asset Income Fund. Therefore, shares of this Sub-Fund may not be distributed in the Federal Republic of Germany.

Chairwoman's Letter to Shareholders

1 September 2022 to 31 August 2023

Dear Shareholder,

I am writing to update you on the activities of BlackRock Global Funds ("BGF") over the 12 months to 31 August 2023. The BGF range comprised 105 Funds (each a "Fund", together the "Funds") as at 31 August 2023.

The past twelve months have been characterised by ongoing volatility in global equity markets as uncertainty around the extent and potential impact of rising interest rates has continued to be felt. However, share prices around the world have generally risen in response to falling inflation rates, the prospect of looser monetary policy and signs that major economies have been relatively resilient in the face of recent challenges.

On 1 March 2022, due to the significant investment exposure of the Emerging Europe Fund (for the purposes of the remainder of this paragraph, the "Fund") to Russia, the Board of Directors took the decision to temporarily suspend subscriptions and redemptions and conversion of all share classes and the determination of net asset values, pursuant to the Fund's discretion under the prospectus. At 31 August 2023, valuation, subscriptions and redemptions in the Fund remain suspended until further notice. For further details see Note 1 to the Financial Statements.

After the steep increases seen in early 2022, energy prices started to ease over the second half of the year, reducing some of the inflationary pressures in the world's major economies. More recently, the outbreak of conflict between Israel and Palestine in October 2023 could lead to another surge in oil prices later in the year. Having peaked in June 2022, the inflation rate in the US continued to decline throughout the period. In the Eurozone, annual price rises hit 10.6% in October 2022 but had eased back to 5.3% by August 2023. The UK inflation rate rose to 11.1% in October 2022, a 40-year record, before similarly dropping back to reach 6.8% in July 2023. In most developed nations, inflation rates have been slow to fall. This has added to the challenges facing central banks, which have continued to tighten monetary policy.

The reopening of China's economy following a lengthy period of COVID-19-related restrictions has had a significant impact on global markets over the past twelve months. Following widespread protests in November 2022, Chinese authorities relaxed the country's pandemic-era restrictions, delivering a potential boost to international trade as well as domestic growth.

Persistently high inflation coupled with rising interest rates created fears in the second half of 2022 that the world could be heading into another recession. However, economic data in late 2022 and the early months of 2023 helped to ease these concerns: while activity in areas such as manufacturing and construction fell back, labour market performance remained largely robust and retail spending proved resilient. In its World Economic Outlook Update, published in July 2023, the International Monetary Fund ("IMF") forecast an expansion of the world economy of 3.0% in 2023 compared with 3.4% in 2022 and 6.1% in 2021. The IMF added that inflation rates had fallen more slowly than it had predicted earlier, and called on central banks to guard against risks to the financial system.

Markets experienced significant levels of turbulence in the spring of 2023 as concerns emerged about the pressures placed on the global financial system by tightened monetary policy. The collapse of Silicon Valley Bank in the US was followed by a loss of confidence in Switzerland's Credit Suisse, although concerted action by regulators helped to restore calm. In May 2023, markets were rattled by a stand-off between Democrat and Republican politicians in the US over the American government's borrowing limits. However, both sides reached an agreement to raise the debt ceiling early the following month, calming investors' fears.

Share prices advanced in the summer as the US economy, in particular, continued to demonstrate strength in the face of rising interest rates, while inflation continued to decline in both the US and Europe. Major technology stocks benefitted from optimism around the development of artificial intelligence. Signs that China's post-pandemic recovery was more sluggish than expected caused volatility in global equity markets throughout the period, although investors also welcomed news that the Chinese government planned to introduce new measures designed to stimulate the country's flagging economy.

There was continued volatility in fixed income assets during the year. The yield curve on US Treasuries remained inverted throughout: this means that short-term interest rates are higher than long-term rates. This is a relatively unusual phenomenon, and when it has occurred in the past, it has often been associated with an increased risk of recession. Higher-quality corporate bonds were similarly weak, with their yields increasing faster than those on government bonds.

The assets under management ("AUM") in the BGF range fell 2.2% from USD158.7 billion to USD155.3 billion over the year.

The weakest areas were in certain bond funds, fintech and investing with a focus on income generation. The ESG Global Conservative Income Fund declined in size by 43.0% over the period with assets dropping from EUR 644.7 million to EUR 367.2 million. The FinTech Fund fell by 38.6% over the period, with sentiment in the sub-sector damaged by the collapse of a major digital currency exchange among other headwinds. Meanwhile, the Euro Bond Fund lost 39.0% of its value, with its AUM falling from EUR 3.2 billion to EUR 1.9 billion, while the AUM in the China Bond Fund dropped 32.2% from CNH 38.7 billion to CNH 26.3 billion.

The information stated in this report is historical and not necessarily indicative of future performance.

Chairwoman's Letter to Shareholders

1 September 2022 to 31 August 2023 continued

A number of Funds with a focus on sustainability performed well, with the assets in the Sustainable Asian Bond Fund increasing by 161.7% to USD 112.2 million. The Asian Sustainable Equity Fund, meanwhile, rose 83.4% to USD 8.4 million. Significant gains were also made by the Global Long-Horizon Equity Fund, which rose 30.3% to USD 1.4 billion, and by the World Financials Fund, which increased in value by 26.3% to end the period at USD 1.8 billion.

Regulatory change continued throughout Europe and a number of these developments could have implications for investors. Key changes included:

- ▶ As of 1 January 2023, extended PRIIPs regulation has brought significant changes for the fund industry. UCITS KIIDs have been replaced with the revised PRIIPs KIDs requirements. Changes include the way risks, performance scenarios and transaction costs are calculated.
- ▶ The European Union's Sustainable Finance Disclosure Regulation ("SFDR") came into effect in March 2021. It imposes new transparency and reporting obligations on investment management firms, both at a firm-wide level and at a product level. Certain parts of the framework were finalised in 2022 and adopted at the start of 2023. At the same time, the EU is working on an EU-wide classification system or 'taxonomy'. This taxonomy is designed to provide businesses and investors with a common language to identify to what degree economic activities can be considered environmentally sustainable. There are also moves to improve reporting, with the Corporate Sustainability Reporting Directive ("CSRD") due to be implemented from 2024 onwards. Under the CSRD regulations, companies will be obliged to report on sustainability across their supply chains ("Scope 3"), and will also be required to incorporate double materiality into their reporting. Double materiality is the requirement to report not just on how sustainability-related issues affect the company, but how the company's activities affect the likes of the environment, climate change and social issues. The Luxembourg government recently took further steps to encourage investment in environmentally sustainable funds, reducing the 'taxe d'abonnement' (subscription tax) for funds that meet certain environmental criteria.
- ▶ The UK Financial Conduct Authority's new Consumer Duty regulation came into effect from 31 July 2023, which impacts the content of investment funds' communications – including both funds domiciled in the UK or marketed in the UK – to retail investors. The rules enforce a duty of care on financial services firms for their retail customers, committing them to deliver good outcomes for retail customers – and provide evidence of how they are doing so. The 'higher and clearer' standards of consumer protection now apply to new and existing products open to sale to UK retail investors.

Should you have any questions on any of this material, please contact us via our website: www.blackrockinternational.com or via email: investor.services@blackrock.com.

Yours faithfully,

Denise Voss
Chairwoman

September 2023

Investment Adviser's Report

Performance overview

1 September 2022 to 31 August 2023

Market Review

The period began with renewed volatility in financial markets as fears grew that persistently high inflation and rising interest rates could lead to recession in many of the world's major economies. Towards the end of 2022 and in early 2023, however, equities rallied as inflation rates dropped back in the US and Europe, raising hopes that the pace of interest-rate increases may start to slow.

The decision by the Chinese government to bring its pandemic-era 'zero-COVID' policy to an end also provided a boost for global markets. The lockdowns imposed over much of 2022 in major cities such as Shanghai, Beijing and Chengdu had caused a significant slowdown in industrial production in the country and also had substantial knock-on effects on global supply chains. News of China's reopening initially drove gains in a number of markets as well as in the commodities sector. However, signs throughout 2023 to date that the country's post-pandemic recovery has been uneven raised concerns about slowing global growth while also prompting the Beijing government to introduce a range of economic stimulus measures.

While there have been pockets of weakness in certain sectors over the period, company earnings statements were largely in line or ahead of expectations, another factor that has underpinned share-price resilience. Financial companies, for example, benefitted from higher interest rates and the strong labour market, while technology stocks recovered thanks to the prospect of looser monetary policy as well as hopes that artificial intelligence can deliver significant growth benefits.

The sharpest falls in share prices during the period were seen in March and April 2023, when a liquidity crisis in parts of the banking sector highlighted the potential consequences of tight monetary policy. Meanwhile, a lack of agreement between Democrat president Joe Biden and his Republican counterparts in the US Congress over an increase in the American government's borrowing limit prompted concerns of a possible default. As a result, markets around the world experienced heightened volatility towards the end of May before the deadlock was broken and a deal was struck.

The uncertain period for global bond markets continued. US 10-year treasury yields, which move inversely to prices, rose to a peak of 4.2% during October. This spike was caused in part by investors' strongly negative reaction to controversial tax-cutting plans set out by Liz Truss's government in the UK in late September. Yields on UK 10-year gilts rose to 4.5% before falling back. With inflation remaining persistently above central bank targets in the US and Europe throughout the review period, yields remained elevated in anticipation of further interest-rate hikes. Meanwhile, index-linked bonds, which move in line with inflation expectations rather than actual price rises, also saw significant losses during much of the period.

Fund Performance

A table setting out the performance returns for the primary share class for each Fund versus any applicable benchmark may be found on pages 10 to 15. A brief summary of Fund performance follows.

Performance data stated is for the main (A) share class of the relevant Fund, stated in the base currency of the Fund, net of fees.

Equity Fund Performance

The Global Equity Income Fund gained 10.83%, underperforming its benchmark, the MSCI All Country World Net TR Index, which rose 13.95%. The more growth-focused Global Dynamic Equity Fund rose 9.73%, behind its benchmark (60% S&P 500 Index / 40% FTSE World Ex-US Index), which gained 16.08%.

Shares of small and medium sized companies recovered some of the losses from earlier in 2022, as investor sentiment improved and economies remained relatively resilient. The Systematic Sustainable Global SmallCap Fund rose by 11.35%, ahead of its benchmark, the MSCI All Country World Small Cap Index, which advanced 8.67%.

Of the individual country funds, the Japan Small & MidCap Opportunities Fund rose 11.39%, behind the S&P Japan Mid Small Cap Index, which rose 18.85%. The Swiss Small & MidCap Opportunities Fund rose 4.11%, behind its benchmark, the Switzerland SPI Extra Index, which gained 5.90%.

The Continental European Flexible Fund gained 18.88%, ahead of its benchmark, the FTSE World Europe ex UK Index, which rose 16.87%. The European Fund rose 16.66% against the MSCI Europe Index, which gained 13.50%. The European Equity Income Fund increased in value by 8.73% against the same benchmark. The European Focus Fund rose 16.57%, while the European Special Situations Fund rose by 15.54%. Both are also benchmarked to the MSCI Europe Index.

The US Growth Fund rose 21.05%, just behind the Russell 1000 Growth Index, which advanced by 21.94%. The US Basic Value Fund rose 6.51%, below the Russell 1000 Value Index, which rose 8.59% over the period.

The Japan Flexible Equity Fund rose 24.18%, ahead of the MSCI Japan Index, which gained 21.08%.

Performance across Asia and emerging-markets funds stabilised as China's economy reopened and fears of a global downturn receded. The Asian Growth Leaders Fund returned (0.43%), ahead of its benchmark, the MSCI All Country Asia ex Japan Index, which fell 0.61%. The Asian Dragon Fund gained 0.07%, ahead of the same benchmark.

The India Fund rose 3.92%, ahead of its MSCI India Index benchmark, which gained 1.47%. The Emerging Markets Fund, which has a broader exposure across the emerging markets investment universe, rose 3.09% and ended the period ahead of its benchmark, the MSCI Emerging Markets Index, which was up 1.25%. The Emerging Markets Equity Income Fund, which shares the same benchmark, rose 10.17%. The Latin American Fund rose 24.46%, ahead of its benchmark, the MSCI Emerging Markets Latin America Index, which gained 19.33%.

The information stated in this report is historical and not necessarily indicative of future performance.

Investment Adviser's Report

Performance overview

1 September 2022 to 31 August 2023 continued

In natural resources, the World Energy Fund benefitted from elevated energy prices, rising 11.84%, in line with its benchmark, the MSCI World Energy 10/40 Index (Net) (USD), which gained 11.85% over the period. The World Mining Fund gained 11.96% but underperformed its benchmark, the MSCI ACWI Metals and Mining 30% Buffer 10/40 Index, which rose by 16.85%. The World Gold Fund rose 24.35%, and outperformed its benchmark, the FTSE Gold Mines Index, which rose 19.81%.

The World Technology Fund rose 15.96% against a rise of 27.34% in the MSCI All Country World Information Technology Index. The Nutrition Fund fell 6.02% over the period, while the Future Of Transport Fund rose 6.87% and the Fintech Fund dropped 3.57%. None of these specialist funds have a benchmark.

Mixed Asset Fund Performance

The diversified Global Allocation Fund – which invests in a mixture of fixed income securities, equities and cash – rose 5.29% behind its reference benchmark, which gained 9.23% (the benchmark comprises 36% S&P 500 Index, 24% FTSE World (Ex-US) Index, 24% ICE BofAML Current 5Yr US Treasury Index, 16% FTSE Non-USD World Government Bond Index).

The Global Multi-Asset Income Fund rose 2.91% over the period. The Fund combines the ability to allocate actively across a full range of asset classes and geographies at a top-down level with a focus on adding value through bottom-up security selection by specialist teams in each key asset class. The Fund does not have a benchmark.

Fixed Income Fund Performance

The Global Government Bond Fund fell 2.62%, behind its benchmark, the FTSE World Government Bond USD Hedged Index, which declined 1.06%. The Euro Bond Fund fell 1.72%, compared to a fall of 2.29% for its benchmark, Bloomberg Euro-Aggregate 500mm+ Bond Index. The Global Corporate Bond Fund rose 1.75%, compared to a gain of 1.82% for its benchmark, the Bloomberg Global Aggregate Corporate Bond USD Hedged Index.

The Euro Corporate Bond Fund rose by 1.44%, while its benchmark, the ICE BofAML Euro Corporate Index, gained 0.96%. The Euro Short Duration Bond Fund rose 1.01%. The Fund does not have a benchmark.

The Global High Yield Bond Fund rose 5.54%, behind its benchmark, the BofA Merrill Lynch Global High Yield Constrained USD Hedged Index, which advanced 7.38%. The Sustainable Emerging Markets Local Currency Bond Fund rose 15.03% over the period. This was ahead of its benchmark, the JP Morgan ESG-Government Bond Index Emerging Markets Global Diversified Index, which gained 13.08%. The broader Sustainable Emerging Markets Bond Fund gained 6.83%, ahead of its benchmark, the JP Morgan ESG Emerging Markets Bond Index Global Diversified, which rose 5.27%.

The Asian Tiger Bond Fund fell 0.87%, against a rise of 1.91% for its benchmark, the JP Morgan Asian Credit Index. The Fixed Income Global Opportunities Fund rose 0.74%, while the Sustainable Fixed Income Global Opportunities Fund fell 1.75%. Neither of the fixed income global funds have a benchmark.

Outlook

Equity markets have managed to stage a recovery from 2022's losses so far this year as inflation has continued to fall, and central banks have indicated that they will soon stop raising interest rates. While economic data has been mixed, investors remain hopeful that a 'soft landing' following the period of monetary policy tightening is possible.

However, the ramifications of higher interest rates have started to be felt by consumers, businesses and the global financial sector, where stability has come under threat. Meanwhile, if inflation remains persistently above target, especially in light of the intensifying conflict in the Middle East, further interest-rate rises could be necessary and may increase the risk of a slowdown in growth. In terms of global economic performance over the near term, much will depend on China's ability to stimulate growth following the relaxation of its COVID-19-era restrictions.

Despite the high levels of volatility seen in much of 2022 and 2023, the corporate sector has remained reasonably resilient to date, although recent rises in share prices have left valuations looking less attractive than at the start of 2023. Undoubtedly, there are companies that can weather the current storm and do well in spite of any looming economic weakness. Ultimately, while there will undoubtedly be challenges in the months ahead, so too will opportunities continue to emerge.

September 2023

Investment Adviser's Report

Performance overview

1 September 2022 to 31 August 2023 continued

Environmental, social and governance ("ESG") policy

The performance return table outlines the investment management approach adopted for each Fund. It also identifies which Funds promote environmental or social characteristics ("Article 8 Funds") or have sustainable investments as an objective ("Article 9 Funds"), under the EU Sustainable Finance Disclosure Regulation ("SFDR"). Further detail around how Article 8 and Article 9 Funds have achieved these characteristics and objectives is included in the Sustainability-related disclosures supplementary section to the Annual Report.

For any other Funds that do not meet the SFDR criteria for Article 8 or 9 Funds, the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities. The Investment Adviser has access to a range of data sources, including principal adverse indicator ("PAI") data, when making decisions on the selection of investments. However, whilst BlackRock considers ESG risks for all portfolios and these risks may coincide with environmental or social themes associated with the PAIs, unless stated otherwise in the prospectus, each Fund does not commit to considering PAIs in driving the selection of their investments.

Disclosed in the table below are the performance returns for the A Class Non-Distributing Share Class for each Fund, net of fees and expenses, which has been selected as a representative Share Class. Performance returns for any other Share Class can be made available on request.

Calculation methodology is based on industry standards.

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of an investment and the income from it will vary and the initial investment amount cannot be guaranteed. The Fund invests in a large portion of assets which are denominated in currencies other than US dollar; hence changes in the relevant exchange rate will affect the value of the investment. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current Prospectus, of which the most recent annual report and audited financial statements and interim report and unaudited financial statements form an integral part, as well as Key Information Documents (PRIIPs KID). Copies are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or Distributors. The BGF range is only available for investment by non-US persons. It is not offered for sale or sold in the US, its territories or possessions.

The Funds are not registered for sale to the public in all jurisdictions. Further details on distribution of shares of the Funds are included in the Authorised Status on page 4.

1 September 2022 to 31 August 2023 continued

Fund Performance & Benchmark Information

Unless otherwise stated, performance is shown on a NAV price basis with income reinvested. Fund performance figures are calculated net of annual fees, expenses and fee reimbursement. All Fund and index information is recorded in its base currency and is converted into the appropriate currency.

Changes in the composition or the name of a benchmark or a Fund prior to 1 January 2020 have not been disclosed.

The information stated in this report is historical and not necessarily indicative of future performance.

Directors' Report

Corporate Governance Statement

Introduction

BlackRock Global Funds (the "Company") is a public limited company (société anonyme) established under the laws of the Grand Duchy of Luxembourg as an open-ended variable capital investment company (société d'investissement à capital variable). The Company has been authorised by the Commission de Surveillance du Secteur Financier (the "CSSF") as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the provisions of Part I of the law of 17 December 2010, as amended from time to time and is regulated pursuant to such law. The Company complies with the principles set out in the Association of the Luxembourg Fund Industry ("ALFI") Code of Conduct Revision 2022 (the "Code") issued by ALFI in June 2022.

The Board of Directors of the Company (the "Board") is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Company's affairs. The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes is appropriate for adherence to the principals of the Code given the nature of its structure as an Investment Company. The Board considers that the Company has been in compliance with the principles of the Code for the year ended 31 August 2023.

This statement summarises the corporate governance structure and processes in place for the Company for the period under review from 1 September 2022 to 31 August 2023.

Board Composition

The Board currently consists of 7 non-executive Directors, (including 2 independent Directors). The Board is committed to maintaining an appropriate balance of skills, experience, independence, and knowledge amongst its members.

The Directors' biographies, on pages 19 and 20 collectively demonstrate a breadth of investment knowledge and experience, business and financial skills and legal and regulatory familiarity which enables them to provide effective strategic leadership, oversight, and proper governance of the Company. BlackRock considers the current composition to be a suitable and appropriate balance for the Board.

Article 13 of the Company's Articles of Incorporation in accordance with Luxembourg law, provides that Directors shall be elected by the shareholders at their annual general meeting for a period ending at the next annual general meeting and until their successors are elected. Any Director who resigns his/her position is obliged to confirm to the Board and the CSSF that the resignation is not connected with any issues with or claims against the Company.

The Board supports a planned and progressive renewal of the Board. BlackRock is committed to ensuring that Directors put forward for election by the shareholders possess the skills needed to maintain this balance. The Board is committed to carrying out an annual review of its performance and activities.

The Directors have a continuing obligation to ensure they have sufficient time to discharge their duties. The details of each Director's (including the Chairwoman), other appointments and commitments are made available to the Board and the BlackRock Group for inspection.

Before a new Director is proposed to the shareholders for appointment, he or she will receive a full induction incorporating relevant information regarding the Company and his or her duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of BlackRock so that the new Director will become familiar with the various processes which are considered necessary for the proper performance of his or her duties and responsibilities to the Company.

The Company's policy is to encourage Directors to keep up to date with developments relevant to the Company. The Directors have attended and will continue to attend updates and briefings run by BlackRock entities. The Directors also receive regular briefings from, amongst others, the auditors, investment strategists, risk specialists, depositary and legal advisers regarding any proposed product developments or changes in laws or regulations that could affect the Company.

Board's Responsibilities

The Board meets at least quarterly and also on an ad hoc basis as required. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The Board is responsible for the long-term success of the Company and recognises its responsibility to provide leadership, direction, and control to the Company within a framework of prudent and effective controls which enables risk to be assessed and managed. The Board reserves to itself decisions relating to the determination of investment policy and objectives, any change in investment strategy, entering into any material contracts, any change in board membership, any change of external auditor, the prosecution defence or settlement of litigation which is material or significant to the Company and any significant change in accounting policies or practices. The Board also approves the prospectus and any addenda to it, circulars to shareholders, financial statements and other relevant legal documentation.

The Chairperson's main responsibility is to lead and manage the Board, encourage critical discussions and promote effective communication within the Board. In addition, they are responsible for promoting best practice corporate governance and effective communication with shareholders.

The Directors have access to the advice and services of external counsel and the resources of the BlackRock Group and BlackRock (Luxembourg) S.A. (the "Management Company") should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice. The Board has responsibility for ensuring that the Company keeps proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Company and which enable it to ensure that the financial statements comply with relevant accounting standards. It is the Board's responsibility to present a balanced and understandable assessment of the Company's financial position, which extends to interim financial statements and other

Directors' Report continued

reports made available to shareholders and the public. The Board is responsible for taking reasonable steps for safeguarding the assets of the Company and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

Insurance

The Company maintains appropriate Directors' and Officers' liability insurance cover.

Delegation of Responsibilities

As an open-ended variable capital investment company most of the Company's day-to-day management and administration is delegated to BlackRock Group companies such as the Management Company which employs dedicated compliance and risk professionals. The Management Company appoints the Investment Advisers and other third-party service providers. The Board has delegated the following areas of responsibility:

Management and Administration

The Board has delegated the investment management, administration, marketing & distribution of the Company and its Funds to the Management Company. The Company has appointed The Bank of New York Mellon SA / NV, Luxembourg Branch ("BNYM") as Depositary of its assets, which has responsibility for safe-keeping of such assets, pursuant to the regulations. The Depositary is a subsidiary of The Bank of New York Mellon Corporation.

The Management Company has delegated the management of the investment portfolio to the Investment Advisers. The Investment Advisers operate under guidelines determined by the Board and as detailed in the Company's prospectus relating to the Company's Funds. The relevant Investment Advisers have direct responsibility for the decisions relating to the day-to-day running of the Company's Funds and are accountable to the Management Company for the investment performance of the Funds. The Board has also delegated the exercise of voting rights attaching to the securities held in the portfolio to the respective Investment Advisers who may in turn delegate to BIM UK. Voting on behalf of shareholders is done in a manner which is believed to be in the best economic interest of shareholders as long-term investors.

The Management Company has delegated its responsibilities for administrative services of the Company and its Funds to The Bank of New York Mellon SA / NV, Luxembourg Branch ("the Administrator"). The Administrator has responsibility for the administration of the Company's affairs including the calculation of the net asset value and preparation of the financial statements of the Company, subject to the overall supervision of the Management Company. The Administrator is a subsidiary of The Bank of New York Mellon Corporation. The Management Company has delegated transfer agent and share registration services to J.P. Morgan Bank Luxembourg S.A..

The Management Company has delegated distribution, promotion and marketing of the Shares and related ongoing administration and marketing to BIM UK as Principal Distributor. As Principal Distributor BIM UK have responsibility for the offer

for sale of, promotion and marketing of shares in any fund. BIM UK is accountable to the Management Company for the distribution and marketing of the Shares.

The Management company is accountable to the Board for all activities delegated to it or by it, including, but not limited to those detailed above.

The Management Company reports to the Board on a quarterly basis and by exception where necessary. Reporting is in place to ensure that the Board can effectively oversee the actions of its delegates.

The Management Company is responsible for the risk management and internal controls of the Company and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Company. The Management Company reviews the effectiveness of the internal control and risk management systems on an ongoing basis to identify, evaluate and manage the Company's significant risks. As part of that process, there are procedures designed to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

The control processes over the risks identified, covering financial, operational, compliance and risk management, is embedded in the operations of the BlackRock Group and the Management Company. There is a monitoring and reporting process to review these controls, which has been in place throughout the period under review and up to the date of this report, carried out by BlackRock's corporate audit department.

BlackRock's internal audit and operational risk units report to the Board through the Management Company on a quarterly basis. The Management Company also receives a report from the Administrator and the Depositary on the internal controls of the administrative and custodial operations of the Company. The Board recognises that these control systems can only be designed to manage rather than eliminate the risk of failure to achieve fund objectives, and to provide reasonable, but not absolute, assurance against material misstatement or loss, and relies on the operating controls established by the service providers.

Financial Reporting

The Board is also responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process. Such systems are designed to manage rather than eliminate the risk of failure to achieve the Company's financial reporting objectives. The Company has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Administrator to maintain the accounting records of the Company independently of the Investment Manager and the Custodian. The financial statements are prepared in accordance with applicable law and Generally Accepted Accounting Principles ("GAAP") and are approved by the Board of Directors

Directors' Report continued

of the Company. The accounting information given in the annual report is required to be audited and the Audit report, including any qualifications, is reproduced in full in the annual report of the Company.

Remuneration

The Company is an investment company and has no employees or executive Directors. No Director (past or present) has any entitlement to a pension from the Company, and the Company has not awarded any share options or long-term performance incentives. No element of Directors' remuneration is performance related. Those Directors who are also employees of the BlackRock Group are not entitled to receive a Director's fee. All other Directors are paid fees which are submitted for approval by the shareholders at the annual general meeting and are disclosed on page 1047. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the responsibility of the Director and their time commitment. The Board believe the fees to be fair and appropriate given the size, complexity and the range of funds under management. The maximum amount of remuneration payable to the Directors is approved by the Board.

Communication with Shareholders

The Board is responsible for convening the annual general meeting and all other general meetings of the Company. Shareholders are encouraged to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Articles of Incorporation of the Company and notice of the annual general meeting is sent out at least 8 days in advance of the meeting. All substantive matters put before a general meeting are dealt with by way of separate resolution. Proxy voting figures are noted by the chairwoman of the general meeting.

The next Annual General Meeting of Shareholders will be held on or around 16 February 2024 and shareholders will be asked to consider the usual matters presented at such meeting including:

- ▶ Approval of the financial statements & the payment of dividends
- ▶ The approval of Directors fees
- ▶ The election or re-election of Directors
- ▶ The election or re-election of the auditor
- ▶ The discharge of Directors duties – this resolution is required under Luxembourg law and the discharge is only valid where the financial statements contain no omission or false information concealing the real financial situation of the Company. The discharge is granted based on the facts disclosed and the information at the disposal of the shareholders at the time of the Annual General Meeting.

The proceedings of general meetings are governed by the Articles of Incorporation of the Company.

BIM UK as Principal Distributor is tasked with managing the relationship between the Company and its shareholders and the Board has controls in place such that it is advised of shareholder complaints.

Directors' Biographies

Denise Voss (Chairwoman) (American, Luxembourg resident): Ms Voss is a Non-Executive Director of financial services companies and is based in Luxembourg. She serves as a Director on the Boards of flagship funds of major fund promoters, including BlackRock Global Funds and BlackRock Strategic Funds. Ms. Voss previously worked for Franklin Templeton in Luxembourg for over 25 years as a Conducting Officer and Director of the firm's UCITS and alternative investment fund management business. Prior to joining Franklin Templeton, she worked for 10 years at Coopers & Lybrand in Boston, USA and in Luxembourg. She holds a Massachusetts CPA license and earned an undergraduate degree from Tufts University, as well as a masters degree in accountancy from Bentley University. Ms. Voss is Chairwoman of LuxFLAG, an independent agency based in Luxembourg that awards recognised sustainable finance labels to eligible investment vehicles. She was Chairwoman of the Association of the Luxembourg Fund Industry (ALFI) from 2015-2019, and a member of the ALFI Board of Directors from 2007-2019.

Paul Freeman (British): Mr Freeman is a Non-Executive Director with over 40 years' experience in the investment management industry. He currently serves as a director on the boards of a number of investment funds domiciled in Luxembourg and the Cayman Islands. Until April 2022 he was a non-executive director of a number of BlackRock group subsidiaries in Ireland, including its UCITS/AIFM management company for which he also served as chair of its Investment Committee. He was, until December 2015, a Managing Director of BlackRock (having joined the group in August 2005). Between July 2011 and December 2015 Mr Freeman worked closely with BlackRock's Government affairs team and served on various internal governance committees. Until July 2011 he was the Head of Product Development and Range Management for the EMEA region with responsibility for the development and ongoing product management of all funds domiciled in EMEA and distributed on a cross-border basis by BlackRock. Prior to BlackRock, Mr Freeman held senior management positions at Schroders, Rothschild Asset Management, Henderson Investors and GT Management (now part of Invesco). Mr Freeman is a Chartered Accountant.

Bettina Mazzocchi (British/French/Italian): Ms Mazzocchi is a Managing Director of BlackRock and is based in Paris. She is head of iShares and Wealth for France, Belgium, Luxembourg and Monaco. Before joining BlackRock in 2018, she had been at PIMCO since 2008 where she most recently was Country head for France. Previous roles held by Ms. Mazzocchi were with Morgan Stanley, Bank of America and Credit Suisse First Boston, where she had focused on Credit Derivatives, Structured Credit and Debt Capital markets respectively. Ms. Mazzocchi serves on the Board of Trustees of YATI (Young Actors Theatre Islington), a not-for-profit, community theatre company for children and young people in London, UK. Ms. Mazzocchi is a graduate of the Institut d'Etudes Politiques de Paris ("Sciences Po") and Paris III Sorbonne Nouvelle.

Directors' Report continued

Geoffrey D. Radcliffe (British & Luxembourg dual nationality, Luxembourg resident): Mr Radcliffe is a Managing Director of BlackRock and is based in Luxembourg. He is a member of the BlackRock Business Operations & Technology, Global Accounting and Product Services team and heads Product Oversight and Governance International for BlackRock EMEA & Asia Pacific. Mr Radcliffe is a Fellow of The Institute of Chartered Accountants in England and Wales and an Associate of The Chartered Institute of Bankers. He has 40+ years of mutual fund, accounting and banking experience in Luxembourg, Bermuda, London and the Isle of Man. Mr Radcliffe joined the BlackRock Group in 1998. He serves as a Director on the Boards of BlackRock Luxembourg S.A. and BlackRock Fund Management Company S.A. and also on the Boards of a number of BlackRock group companies and investment funds. He was a Member of the Board of Directors of ALFI (Luxembourg Fund Industry Association) for 10 years to June 2023 and continues to lead and be part of key ALFI working groups.

Davina Saint (British, Irish resident): Based in Dublin, Ms Saint is a Non-Executive Director of financial services companies and a Director of the Irish National Assets Management Agency, sitting on the Board, Credit and Planning Committees and Chairing the Remuneration Committee. Ms Saint worked with the BNP Paribas Group for over 20 years as the General Counsel for its Irish Corporate and Institutional banking business and latterly as the Head of Branch for BNP Paribas' Irish Securities Services business. Prior to joining BNP Paribas, she worked in the City of London with ABN Amro after qualifying as a Solicitor in the field of shipping litigation. She holds an Honours degree in Law from the London School of Economics. She is also a Chartered Director (CDir) and a Certified Bank Director.

Keith Saldanha (British): Mr. Saldanha is a Managing Director of BlackRock and is Head of the Wealth Product Group for Europe, Middle East and Africa. He is responsible for defining and executing the alpha and alternatives product agenda for the BlackRock EMEA Wealth business. In addition, Mr Saldanha leads the Fund Selection and Manager Research segment for the EMEA iShares & Wealth sales organisation. Mr Saldanha is a member of the EMEA Wealth Executive Committee, EMEA Product Development Committee and EMEA Capacity Management Committee. He joined BlackRock in 2015 from Man Group where he was Global Head of Investment Marketing, responsible for a number of product specialist, business development and client service teams across Man's investment management businesses. Prior to this, he spent a number of years focused on the origination and execution of Man's hedge fund M&A activity and jointly leading corporate strategy for the hedge fund business. Mr Saldanha started his career in strategy consulting. He is a Chartered Alternative Investment analyst and holds a BSc (Hons) Economics degree from the University of Warwick.

Vasiliki Pachatouridi (British & Greek Dual nationality): Ms Pachatouridi is a Managing Director, is the Head of iShares Fixed Income Product Strategy EMEA within BlackRock's Indexed Fixed Income Portfolio Management Group (PMG). She is responsible for driving the adoption of iShares Fixed Income ETFs and other indexed fixed income strategies across both institutional and wealth channels. Ms Pachatouridi also

represents the firm in front of clients, regulators, industry bodies and the media, advocating for the need to modernize bond markets, particularly around trading, liquidity and the evolution of indices. Ms Pachatouridi's service with the firm dates back to 2007, including her years with Barclays Global Investors (BGI), which merged with BlackRock in 2009. Previously, she was a member of the iShares EMEA Investment Strategies & Insights team, where she provided analysis on ETF products as well as investment trade ideas and market insights to a variety of clients. At BGI, she started her career within the Transition Management team. Ms Pachatouridi earned MSc degree, with a first class honours, in Investment Management from Cass Business School in 2007 and a BSc degree in Business Administration from University of Bath in 2006.

Report on Remuneration (Unaudited)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock (Luxembourg) S.A. (the "ManCo"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive, and to UK entities within the BlackRock group authorised by the FCA as a manager of a UK UCITS fund.

The ManCo has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and (b) the ManCo's board of directors (the "ManCo's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies which includes reviewing the remuneration policy on a regular basis and being responsible for its implementation.

The implementation of the remuneration policy is annually subject to central and independent review for compliance with policies and procedures for remuneration adopted by the MDCC and by the ManCo's Board. The most recent review found no fundamental issues. The remuneration disclosure is produced and owned by MDCC and the Manager's Board.

No material changes were made to the remuneration policy in 2022.

(a) MDCC

The MDCC's purposes include:

- ▶ providing oversight of:
 - ▶ BlackRock's executive compensation programmes;
 - ▶ BlackRock's employee benefit plans; and
 - ▶ such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- ▶ reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- ▶ reviewing, assessing, and making reports and recommendations to the BlackRock, Inc. Board of Directors (the "Blackrock Inc. Board") as appropriate on BlackRock's

talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and

- ▶ supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulations.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 7 meetings during 2022. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

Through its regular reviews, the MDCC continues to be satisfied with the principles of BlackRock's compensation policy and approach.

(b) The ManCo's Board

The ManCo's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the ManCo and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

Report on Remuneration (Unaudited) continued

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of preincentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units and therefore staff members in control functions are remunerated independently of the businesses they oversee. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the ManCo.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well-defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- ▶ appropriately balance BlackRock's financial results between shareholders and employees;
- ▶ attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- ▶ align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- ▶ control fixed costs by ensuring that compensation expense varies with profitability;
- ▶ link a significant portion of an employee's total compensation to the financial and operational performance of the business;
- ▶ promote sound and effective risk management across all risk categories, including sustainability risk;
- ▶ discourage excessive risk-taking (sustainability related or otherwise); and
- ▶ ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- ▶ the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- ▶ factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business);

Report on Remuneration (Unaudited) continued

- ▶ the management of risk within the risk profiles appropriate for BlackRock's clients;
- ▶ strategic business needs, including intentions regarding retention;
- ▶ market intelligence;
- ▶ criticality to business; and
- ▶ supporting the firm's approaches to environmental, social and governance factors and diversity, equity and inclusion.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading "Link between pay and performance") may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.'s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual's role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the "BlackRock Performance Incentive Plan" ("BPIP"). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin⁽¹⁾ and Organic Revenue Growth⁽²⁾. Determination of pay-out will be made based on the firm's achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm's financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have "skin in the game" through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the ManCo, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the ManCo or of the funds it manages.

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- ▶ organisational changes;
- ▶ new business initiatives;
- ▶ changes in significant influence function lists;
- ▶ changes in role responsibilities; and
- ▶ revised regulatory direction.

⁽¹⁾As Adjusted Operating Margin: As reported in BlackRock's external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

⁽²⁾Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in US dollars).

Report on Remuneration (Unaudited) continued

Quantitative Remuneration Disclosure

The ManCo is required under the Directive to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the ManCo; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not employed by the ManCo, are assigned by their employer to carry out services for the ManCo.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the ManCo is included in the aggregate figures disclosed.

Members of staff and senior management of the ManCo typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the ManCo and across the broader BlackRock group. Conversely, members of staff and senior management of the broader BlackRock group may provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the broader BlackRock group and of the ManCo. Therefore, the figures disclosed are a sum of individual's portion of remuneration attributable to the ManCo according to an objective apportionment methodology which acknowledges the multiple-service nature of the ManCo and the broader BlackRock group. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded to the ManCo's staff in respect of the ManCo's financial year ending 31 December 2022 is USD 257.2 million. This figure is comprised of fixed remuneration of USD 147.8 million and variable remuneration of USD 109.5 million. There were a total of 12,029 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the ManCo in respect of the ManCo's financial year ending 31 December 2022, to its senior management was USD 6.7 million, and to other members of its staff whose actions potentially have a material impact on the risk profile of the ManCo or its funds was USD 9.0 million. These figures relate to the entire ManCo and not to the Fund.

X Class distributing (A) UK reporting fund share	USD	40.15	34.76	37.27
X Class non-distributing share	USD	55.98	54.97	68.66

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

⁽¹⁾ Fund terminated during the year, see Note 1, for further details.

[◇] The Total net assets and Net asset value per share class have been disclosed for the final valuation date of 2 March 2023.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

* Dilution adjustment included, see Note 2(g), for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

* Dilution adjustment included, see Note 2(g), for further details.

⁽⁴⁾ Fund name changed during the year, see Note 1, for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

⁽²⁾ Fund launched during the year, see Note 1, for further details.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

Prices are quoted in the Dealing Currency(ies) of the relevant Share Class. In the case of those Share Classes for which two or more Dealing Currencies are available, the Base Currency of the relevant Share Class is presented. The additional dealing currency prices are calculated by converting the price at the relevant spot exchange rate at the time of valuation. For UK reporting fund shares which are unhedged, comparative prices are quoted in GBP. Current year end prices are quoted in the base currency of the relevant Fund.

^{*} The combined figures have been calculated using the average exchange rates throughout the year. The resulting Foreign exchange adjustment of USD 2,432,084,033 represents the movement in exchange rates between 31 August 2022 and 31 August 2023. This is a notional amount, which has no impact on the Net Assets of the individual Funds.

⁽⁴⁾ Fund name changed during the year, see Note 1, for further details.

⁽⁸⁾ Shares redeemed includes the cancellation of unallocated shares that were issued on the merger of ECS – US Basic Value into US Basic Value Fund (a historical Fund merger in 2002). The NAV of the Fund has not been negatively impacted by the share cancellations.

The notes on pages 1040 to 1054 form an integral part of these financial statements.
