

Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Allianz Global Investors Fund - Allianz Global Artificial Intelligence Share Class PT (GBP)

Managed by Allianz Global Investors GmbH, part of
Allianz Global Investors

ISIN: LU1597246385
WKN: A2DPXQ

Objectives and Investment Policy

Long-term capital growth by investing in the global Equity Markets with a focus on the evolution of artificial intelligence in accordance with the Sustainability Key Performance Indicator Strategy (Relative) ("KPI Strategy (Relative)"). In this context, the aim is to outperform the Sub-Fund's Sustainability KPI compared to Sub-Fund's Benchmark to achieve the investment objective.

We manage this Sub-Fund in reference to a Benchmark. Sub-Fund's Benchmark plays a role for the Sub-Fund's performance objectives and measures. We follow an active management approach with the aim to outperform the Benchmark. Although our deviation from the investment universe, weightings and risk characteristics of the Benchmark is likely to be significant in our own discretion, the majority of the Sub-Fund's investments (excluding derivatives) may consist of components of the Benchmark.

The Sub-Fund follows the KPI Strategy (Relative) and promotes responsible investments by applying a sustainability key performance indicator ("Sustainability KPI") to provide transparency on the measurable sustainability outcome pursued by the Sub-Fund's Investment Manager for the shareholders. Minimum exclusion criteria for direct investments are applied. Min. 70% of Sub-Fund assets are invested in Equities as described in the investment objective. Max. 30% of Sub-Fund assets may be invested in Equities other than described in the investment objective. Sub-Fund assets may be - even completely - invested in Emerging Markets. Max. 25% of Sub Fund assets may be held directly in time deposits and/or (up to 20% of Sub-Fund assets) in deposits at sight and/or invested in Money Market Instruments and/or (up to 10% of Sub-Fund assets) in money market funds

for liquidity management. Max. 10% of Sub-Fund assets may be invested in UCITS and/or UCI. All bonds and money market instruments must have at the time of acquisition a rating of at least B- or a comparable rating from a recognised rating agency. Sub-Fund classifies as "equity-fund" according to German Investment Tax Act (GITA). Min. 80% of Sub-Fund's portfolio shall be evaluated by the "Weighted Average GHG Intensity (Sales)" (the "Sustainability KPI"). Portfolio in this respect does not comprise derivatives and instruments that are non-evaluated by nature (e.g., cash and Deposits). KPI Strategy (Relative)'s aim shall be achieved by a minimum outperformance of 20% of Sub-Fund's Sustainability KPI compared to the Weighted Average GHG Intensity (Sales) of Sub-Fund's Benchmark. Min. 10% of Sub-Fund assets will be invested in Sustainable Investments. Minimum percentage of investments that are aligned with the EU Taxonomy is 0.01%.

Benchmark: 50% MSCI AC World (ACWI) Total Return Net + 50% MSCI World Information Technology Total Return Net (in GBP).

You may redeem shares of the Fund usually on each business day.

We reinvest income generated into the Fund.

Recommended Holding Period: 5 Years

SFDR Category – Article 8 (a financial product which promotes, amongst other characteristics, environmental or social characteristics, provided that the companies in which the investments are made follow good governance practices)

Risk and Reward Profile

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the Fund.

The categorisation of the Fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the Fund in this category?

Funds of category 7 have shown in the past a very high volatility. The volatility describes how much the value of the Fund went up and down in the past. The units of a Fund of category 7 might be subject to very high price fluctuations based on historical volatilities.

Charges

These charges are used to pay the costs of running the Fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges deducted before or after you invest

| | |
|--------------|-------|
| Entry Charge | 2.00% |
| Exit Charge | 0.00% |

This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.

Charges taken from the Fund over a year

| | |
|-----------------|-------|
| Ongoing Charges | 1.13% |
|-----------------|-------|

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges shown are based on the Fund's last financial year ending 30.09.2023. It may vary from year to year. It does not include transaction costs incurred when we buy or sell assets for the Fund.

You will find more details about the calculation of the charges by checking the respective part of the Prospectus.

Past Performance

- Percentage growth of the Fund
- Benchmark: 50% MSCI AC World (ACWI) Total Return Net + 50% MSCI World Information Technology Total Return Net (in GBP)

Past performance is not a reliable guide to future performance.

The actual grade of deviation from the Benchmark defines the extent to which the Fund's performance may outperform or underperform the Benchmark's performance.

The past performance shown here takes account of all charges

and costs with the exception of the entry, switching and exit charge.

The Fund was launched in 2017. This share class was launched in 26.04.2017.

The performance of the Fund is calculated in GBP.
