## ADVFN PLC ("ADVFN" or the "Group") Unaudited Interim Results for the Six Months Ended 31 December 2023

ADVFN today announces its unaudited interim results for the six months ended 31 December 2023 (the "Period").

#### Chief Executive's Statement

As we release our interim report, the Board reaffirms its commitment to implementing its long-term plans to improve financial results.

The first stages of this are in place. I wish to highlight our recent partnership with Prodesfin S.R.L, who own and operate the financial website <u>Financiallounge.com</u> in Italy and also the changes and redesign of our product offering some of which are evident on our <u>www.advfn.com site</u>. We're on track to conclude these enhancements by the end of Q2 2024.

We have continued to reduce costs and the cash burn rate and we've maintained a healthy cash balance of £4.7 million at the Period end , aligning with the financial objectives outlined in previous reports. This has led to reduced losses over the comparable period to last year of (£531k; 2023 £622k) despite a decrease in revenues. The decrease in revenues was primarily attributable to continued adverse market conditions and the discontinuance of company units which no longer supported our business goals.

We remain focused on continuing this improved trend in the upcoming H1 and H2 of 2024.

Amit Tauman CEO xx xxxx 2024

Where a loss has been recorded for the year the diluted loss per share does not differ from the basic loss per share.

Where a profit has been recorded but the average share price for the year remains under the exercise price the existence of options is not normally dilutive. However, whilst the average exercise price of all outstanding options is above the average share price there are a number of options which are not. Under these circumstances those options where the exercise price is below the average share price are treated as dilutive.

During the year to 30 June 2023, the company made a rights issue. The prior year earnings to 31 December 2022 have been restated to allow for the effects of this rights issue.
