## FORWARD-LOOKING STATEMENTS

This Form 10-Q includes “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Statements including words such as “believe”, “expect”, “anticipate”, “plan”, “desire”, “project”, “estimate”, “intend”, “will”, “should”, “could”, “would”, “may”, “strategy”, “potential”, “opportunity”, “outlook”, “scenario”, “guidance”, and similar expressions are forward-looking statements. Forward-looking statements involve, among other things, expectations, projections, and assumptions about future financial and operating results, objectives (including objectives related to environmental, social, and governance matters), business outlook, priorities, sales growth, shareholder value, capital expenditures, cash flows, the housing market, the home improvement industry, demand for products and services, share repurchases, Lowe’s strategic initiatives, including those relating to acquisitions and dispositions and the impact of such transactions on our strategic and operational plans and financial results. Such statements involve risks and uncertainties and we can give no assurance that they will prove to be correct. Actual results may differ materially from those expressed or implied in such statements.

A wide variety of potential risks, uncertainties, and other factors could materially affect our ability to achieve the results either expressed or implied by these forward-looking statements including, but not limited to, changes in general economic conditions, such as volatility and/or lack of liquidity from time to time in U.S. and world financial markets and the consequent reduced availability and/or higher cost of borrowing to Lowe’s and its customers, slower rates of growth in real disposable personal income that could affect the rate of growth in consumer spending, inflation and its impacts on discretionary spending and on our costs, shortages, and other disruptions in the labor supply, interest rate and currency fluctuations, home price appreciation or decreasing housing turnover, age of housing stock, the availability of consumer credit and of mortgage financing, trade policy changes or additional tariffs, outbreaks of pandemics, fluctuations in fuel and energy costs, inflation or deflation of commodity prices, natural disasters, armed conflicts, acts of both domestic and international terrorism, and other factors that can negatively affect our customers.

Investors and others should carefully consider the foregoing factors and other uncertainties, risks and potential events including, but not limited to, those described in “Item 1A - Risk Factors” and “Item 7 - Management’s Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Policies and Estimates” in our most recent Annual Report on Form 10-K and as may be updated from time to time in our quarterly reports on Form 10-Q or other subsequent filings with the SEC. All such forward-looking statements speak only as of the date they are made, and we do not undertake any obligation to update these statements other than as required by law.

### Note 4: Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three-level hierarchy, which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the hierarchy are defined as follows:

- Level 1 - inputs to the valuation techniques that are quoted prices in active markets for identical assets or liabilities
- Level 2 - inputs to the valuation techniques that are other than quoted prices but are observable for the assets or liabilities, either directly or indirectly
- Level 3 - inputs to the valuation techniques that are unobservable for the assets or liabilities

#### Assets and Liabilities that are Measured at Fair Value on a Recurring Basis

The following table presents the Company's financial assets and liabilities measured at fair value on a recurring basis as of August 4, 2023, July 29, 2022, and February 3, 2023:

(In millions)	Classification	Measurement Level	Fair Value Measurements at		
			August 4, 2023	July 29, 2022	February 3, 2023

Fixed-to-floating interest rate swaps	Other liabilities	Level 2	92	56	88
<b>Other financial instruments:</b>					
Contingent consideration	Long-term investments	Level 3	\$ —	\$ —	\$ 21

There were no transfers between Levels 1, 2, or 3 during any of the periods presented.

When available, quoted prices were used to determine fair value. When quoted prices in active markets were available, financial assets were classified within Level 1 of the fair value hierarchy. When quoted prices in active markets were not available, fair values for financial assets and liabilities classified within Level 2 were determined using pricing models, and the

inputs to those pricing models were based on observable market inputs. The inputs to the pricing models were typically benchmark yields, reported trades, broker-dealer quotes, issuer spreads and benchmark securities, among others.

The performance-based contingent consideration is related to the fiscal 2022 sale of the Canadian retail business and is classified as a Level 3 long-term investment. The Company determined the initial fair value of contingent consideration as of February 3, 2023, based on an income approach using an option pricing model, calculated using significant unobservable inputs such as total equity value, volatility, and expected term. Subsequent measurements of fair value of the contingent consideration are based on an income approach, which requires certain assumptions considering operating performance of the business and a risk-adjusted discount rate. Changes in the estimated fair value of the contingent consideration are recognized as gain or loss included within selling, general and administrative expense in the consolidated statements of earnings.

The rollforward of the fair value of contingent consideration for the three and six months ended August 4, 2023, is as follows:

(In millions)	Three Months Ended August 4, 2023		Six Months Ended August 4, 2023	
<b>Beginning balance</b>	\$	—	\$	21
Change in fair value		—		102
Proceeds received		—		(123)
<b>Ending balance</b>	\$	—	\$	—

#### *Assets and Liabilities that are Measured at Fair Value on a Nonrecurring Basis*

During the three and six months ended August 4, 2023, and July 29, 2022, the Company had no material measurements of assets and liabilities at fair value on a nonrecurring basis subsequent to their initial recognition.

#### *Other Fair Value Disclosures*

The Company's financial assets and liabilities not measured at fair value on a recurring basis include cash and cash equivalents, accounts receivable, short-term borrowings, accounts payable, and long-term debt and are reflected in the financial statements at cost. With the exception of long-term debt, cost approximates fair value for these items due to their short-term nature. As further described in [Note 7](#), certain long-term debt is associated with a fair value hedge and the changes in fair value of the hedged debt is included in the carrying value of long-term debt on the consolidated balance sheets. The fair values of the Company's unsecured notes were estimated using quoted market prices. The fair values of the Company's mortgage notes were estimated using discounted cash flow analyses, based on the future cash outflows associated with these arrangements and discounted using the applicable incremental borrowing rate.

Carrying amounts and the related estimated fair value of the Company's long-term debt, excluding finance lease obligations, are as follows:

(In millions)	August 4, 2023		July 29, 2022		February 3, 2023	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Unsecured notes (Level 1)	\$ 35,881	\$ 31,898	\$ 28,237	\$ 26,586	\$ 32,897	\$ 30,190
Mortgage notes (Level 2)	2	2	4	5	2	2
<b>Long-term debt (excluding finance lease obligations)</b>	<b>\$ 35,883</b>	<b>\$ 31,900</b>	<b>\$ 28,241</b>	<b>\$ 26,591</b>	<b>\$ 32,899</b>	<b>\$ 30,192</b>

#### **Note 5: Accounts Payable**

The Company has agreements with third parties to provide supplier finance programs which facilitate participating suppliers' ability to finance payment obligations from the Company with designated third-party financial institutions. Participating suppliers may, at their sole discretion, make offers to finance one or more payment obligations of the Company prior to their scheduled due dates at a discounted price to participating financial institutions. The Company's outstanding payment obligations that suppliers financed to participating financial institutions, which are included in accounts payable on the

consolidated balance sheets, are as follows:

(In millions)	August 4, 2023		July 29, 2022		February 3, 2023	
Financed payment obligations	\$	1,475	\$	2,320	\$	2,257

## Note 6: Debt

### Commercial Paper Program

The Company's commercial paper program is supported by the \$2.0 billion five-year unsecured revolving credit agreement entered into in March 2020, and as amended (2020 Credit Agreement), and the \$2.0 billion five-year unsecured third amended and restated credit agreement entered into in December 2021, and as amended (Third Amended and Restated Credit Agreement). The amounts available to be drawn under the 2020 Credit Agreement and the Third Amended and Restated Credit Agreement are reduced by the amount of borrowings under the commercial paper program. As of August 4, 2023, and July 29, 2022, there were no outstanding borrowings under the Company's commercial paper program, the 2020 Credit Agreement, or the Third Amended and Restated Credit Agreement. As of February 3, 2023, there were \$499 million of outstanding borrowings under the Company's commercial paper program with a weighted average interest rate of 4.78%. There were no outstanding borrowings under the Company's 2020 Credit Agreement or the Third Amended and Restated Credit Agreement as of February 3, 2023. Total combined availability under the 2020 Credit Agreement and the Third Amended and Restated Credit Agreement was \$4.0 billion as of August 4, 2023.

### Long-Term Debt

On March 30, 2023, the Company issued \$3.0 billion of unsecured fixed rate notes (March 2023 Notes) as follows:

Principal Amount (in millions)	Maturity Date	Interest Rate	Discount (in millions)
\$ 1,000	April 2026	4.800%	\$ 3
\$ 1,000	July 2033	5.150%	\$ 4
\$ 500	July 2053	5.750%	\$ 5
\$ 500	April 2063	5.850%	\$ 5

Interest on the March 2023 Notes with April maturity dates is payable semiannually in arrears in April and October of each year until maturity. Interest on the March 2023 Notes with July maturity dates is payable semiannually in arrears in January and July of each year until maturity.

The indenture governing the March 2023 Notes contains a provision that allows the Company to redeem these notes at any time, in whole or in part, at specified redemption prices, plus accrued and unpaid interest, if any, up to, but excluding, the date of redemption. The indenture also contains a provision that allows the holders of the notes to require the Company to repurchase all or any part of their notes if a change of control triggering event occurs. If elected under the change of control provisions, the repurchase of the notes will occur at a purchase price of 101% of the principal amount, plus accrued and unpaid interest, if any, on such notes up to, but excluding, the date of purchase. The indentures governing the March 2023 Notes does not limit the aggregate principal amount of debt securities that the Company may issue and does not require the Company to maintain specified financial ratios or levels of net worth or liquidity.

## Note 7: Derivative Instruments

The Company utilizes forward interest rate swap agreements to hedge its exposure to changes in benchmark interest rates on forecasted debt issuances. The Company also utilizes fixed-to-floating interest rate swap agreements as fair value hedges on certain debt. The notional amounts for the Company's material derivative instruments are as follows:

(In millions)	August 4, 2023		July 29, 2022		February 3, 2023	
<b>Cash flow hedges:</b>						
Forward interest rate swap agreement notional amounts	\$	—	\$	2,065	\$	1,290
<b>Fair value hedges:</b>						
Fixed-to-floating interest rate swap agreement notional amounts	\$	850	\$	850	\$	850

See [Note 4](#) for the gross fair values of the Company's outstanding derivative financial instruments and corresponding fair value classifications. The cash flows related to settlement of the Company's hedging derivative financial instruments are classified in the consolidated statements of cash flows based on the nature of the underlying hedged items.

#### Cash Flow Hedges

The Company accounts for the forward interest rate swap contracts as cash flow hedges, thus the effective portion of gains and losses resulting from changes in fair value are recognized in other comprehensive income/(loss), net of tax effects, in the consolidated statements of comprehensive income and is amortized to interest expense over the term of the respective debt. In connection with the issuance of our March 2023 Notes, we settled forward interest rate swap contracts with a combined notional amount of \$2.0 billion and received a payment of \$247 million. The (loss)/gain from forward interest rate swap agreements, both settled and outstanding, designated as cash flow hedges recorded in other comprehensive income/(loss) and net earnings for the three and six months ended August 4, 2023, and July 29, 2022, including its line item in the financial statements, is as follows:

(In millions)	Three Months Ended		Six Months Ended	
	August 4, 2023	July 29, 2022	August 4, 2023	July 29, 2022
<b>Other comprehensive income/(loss):</b>				
Cash flow hedges – net of tax benefit/(expense) of \$1 million, \$12 million, \$3 million, and (\$61) million, respectively	\$ (3)	\$ (34)	\$ (6)	\$ 184
<b>Net earnings:</b>				
Interest – net	\$ 4	\$ —	\$ 7	\$ (1)

#### Fair Value Hedges

The Company accounts for the fixed-to-floating interest rate swap agreements as fair value hedges using the shortcut method of accounting under which the hedges are assumed to be perfectly effective. Thus, the change in fair value of the derivative instruments offsets the change in fair value on the hedged debt, and there is no net impact in the consolidated statements of earnings from the fair value of the derivatives.

#### Note 8: Shareholders' Deficit

The Company has a share repurchase program that is executed through purchases made from time to time either in the open market, which may be made under pre-set trading plans meeting the requirements of Rule 10b5-1(c) of the Securities Exchange Act of 1934, or through private off-market transactions. Shares purchased under the repurchase program are returned to authorized and unissued status. Any excess of cost over par value is charged to additional paid-in capital to the extent that a balance is present. Once additional paid-in capital is fully depleted, remaining excess of cost over par value is charged to accumulated deficit. As of August 4, 2023, the Company had \$16.6 billion remaining in its share repurchase program.

During the six months ended August 4, 2023, the Company entered into Accelerated Share Repurchase (ASR) agreements with third-party financial institutions to repurchase a total of 8.4 million shares of the Company's common stock for \$1.8 billion. The terms of the ASR agreements entered into during the six months ended August 4, 2023, are as follows (in millions):

Agreement Execution Date	Agreement Settlement Date	ASR Agreement Amount	Initial Shares Delivered at Inception	Additional Shares Delivered at Settlement	Total Shares Delivered
Q1 2023	Q1 2023	\$ 750	3.1	0.7	3.8
Q2 2023	Q2 2023	1,000	3.9	0.7	4.6

In addition, the Company repurchased shares of its common stock through the open market as follows:

(In millions)	Three Months Ended August 4, 2023		Six Months Ended August 4, 2023	
	Shares	Cost	Shares	Cost
Open market share repurchases	5.5	\$ 1,182	11.6	\$ 2,450

The Company also withholds shares from employees to satisfy either the exercise price of stock options exercised or the statutory withholding tax liability resulting from the vesting of share-based awards.

Total shares repurchased for the three and six months ended August 4, 2023, and July 29, 2022, were as follows:

<sup>1</sup> Beginning January 1, 2023, share repurchases in excess of issuances are subject to a 1% excise tax, which is included as part of the cost basis of the shares acquired.

### Note 9: Earnings Per Share

To the Board of Directors and Shareholders of Lowe's Companies, Inc.

Results of Review of Interim Financial Information

We have reviewed the accompanying consolidated balance sheets of Lowe's Companies, Inc. and subsidiaries (the "Company") as of August 4, 2023, and July 29, 2022, the related consolidated statements of earnings, comprehensive income, and shareholders' deficit for the fiscal three-month and six-month periods ended August 4, 2023, and July 29, 2022, and cash flows for the fiscal six-month periods ended August 4, 2023, and July 29, 2022, and the related notes (collectively referred to as the "interim financial information"). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial information for it to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheet of the Company as of February 3, 2023, and the related consolidated statements of earnings, comprehensive income, shareholders' deficit, and cash flows for the fiscal year then ended (not presented herein); and in our report dated March 27, 2023, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of February 3, 2023, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Basis for Review Results

We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our review in accordance with standards of the PCAOB. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

This discussion and analysis summarizes the significant factors affecting our consolidated operating results, liquidity and capital resources during the three and six months ended August 4, 2023, and July 29, 2022. This discussion and analysis should be read in conjunction with the consolidated financial statements and notes to the consolidated financial statements that are included in our Annual Report on Form 10-K for the fiscal year ended February 3, 2023 (the Annual Report), as well as the consolidated financial statements (unaudited) and notes to the consolidated financial statements (unaudited) contained in this report. Unless otherwise specified, all comparisons made are to the corresponding period of fiscal 2022. In fiscal 2023, there is a one week shift as a result of the 53rd week in fiscal 2022. For the purposes of the following discussion, comparable sales, comparable customer transactions, and comparable average ticket are based upon the comparable 13-week and 26-week periods from fiscal 2022. This discussion and analysis is presented in four sections:

- [Executive Overview](#)
- [Operations](#)
- [Financial Condition, Liquidity and Capital Resources](#)
- [Critical Accounting Policies and Estimates](#)

**EXECUTIVE OVERVIEW**

Net sales in the second quarter of fiscal 2023 declined 9.2% to \$25.0 billion compared to net sales of \$27.5 billion in the second quarter of fiscal 2022. Prior year sales included \$1.7 billion generated by our Canadian retail business, which was sold in the fourth quarter of fiscal 2022. Comparable sales for the second quarter of fiscal 2023 decreased 1.6%, consisting of a 1.9% decrease in comparable customer transactions, partially offset by a comparable average ticket increase of 0.3%. Net earnings in the second quarter of fiscal 2023 were \$2.7 billion, which represents a decrease of 10.7% compared to the second quarter of fiscal 2022. Diluted earnings per common share were \$4.56 in the second quarter of fiscal 2023 compared to \$4.67 in the second quarter of fiscal 2022.

For the first six months of fiscal 2023, cash flows from operating activities were approximately \$6.0 billion, with \$765 million used for capital expenditures. Continuing to deliver on our commitment to return excess cash to shareholders, we repurchased \$2.2 billion of common stock and paid \$624 million in dividends during the three months ended August 4, 2023.

Second quarter fiscal 2023 comparable sales declined 1.6%, driven by lumber commodity deflation and continued macroeconomic pressure affecting Do-It-Yourself (DIY) consumer discretionary spending. Despite lumber deflation, we experienced positive comparable sales growth with our Pro customers, which reflects the success of our expanded national and private brands, MVPs Pro Rewards and Partnership Program<sup>™</sup>, and enhanced online capabilities.

We drove positive online comparable sales in the second quarter as we continue to improve our omnichannel experience. Our associates leverage our omnichannel investments, including mobile devices and order picking carts with mobile printers, to reduce picking time for online orders. For those customers seeking expedited delivery, we launched a new same-day delivery option nationwide for eligible orders placed on Lowes.com and our mobile app. This capability enables product to be delivered directly to Pro job sites and consumer homes within hours of ordering.

Also during the quarter, we expanded our rural framework to approximately 300 stores, including scaling our store-within-a-store concept with Petco<sup>®</sup>. Our work to optimize our rural stores is part of our broader localization strategy to drive market share gains and increase inventory productivity and operating margin.

The growth initiatives embedded in our Total Home strategy should enable us to grow market share, while navigating near-term market uncertainty. We also remain focused on improving productivity through our Perpetual Productivity Improvement (PPI) initiatives, which give us the agility to adapt and manage expenses through periods of unpredictable demand. We believe the combination of these growth and productivity initiatives in conjunction with our disciplined capital allocation strategy positions us to deliver meaningful long-term shareholder value.

## OPERATIONS

The following table sets forth the percentage relationship to net sales of each line item of the consolidated statements of earnings (unaudited), as well as the percentage change in dollar amounts from the prior period. The following table sets forth key metrics utilized by management in assessing business performance. This table should be read in conjunction with the following discussion and analysis and the consolidated financial statements (unaudited), including the related notes to the consolidated financial statements (unaudited).

During the three months ended August 4, 2023, the Company adjusted its comparable sales metric to exclude days affected by national outages with its third-party credit and debit processor in the prior year. By excluding the days impacted by the outages, and the corresponding days in the comparable periods, comparable sales decreased by approximately 10 basis points and five basis points for the three and six months ended August 4, 2023, respectively, and increased by approximately 30 basis points and 10 basis points for the three and six months ended July 29, 2022, respectively.

<sup>1</sup> A comparable location is defined as a retail location that has been open longer than 13 months. A location that is identified for relocation is no longer considered comparable in the month of its relocation. The relocated location must then remain open longer than 13 months to be considered comparable. A location we decide to close is no longer considered comparable as of the beginning of the month in which we announce its closing. Operating locations which are sold are included in comparable sales until the date of sale. Comparable sales are presented on a transacted basis when tender is accepted from a customer. Comparable sales include online sales, which impacted second quarter fiscal 2023 and fiscal 2022 comparable sales by approximately 70 basis points and 55 basis points, respectively, and year-to-date fiscal 2023 and fiscal 2022 comparable sales by approximately 65 basis points and 25 basis points, respectively. The comparable store sales calculation included in the preceding table was calculated using comparable 13-week and 26-week periods.

<sup>2</sup> Average ticket is defined as net sales divided by the total number of customer transactions.

<sup>3</sup> Average store size selling square feet is defined as sales floor square feet divided by the number of stores open at the end of the period. The average Lowe's-branded home improvement store has approximately 112,000 square feet of retail selling space.

<sup>4</sup> Return on invested capital is calculated using a non-GAAP financial measure. Net earnings to average debt and shareholders' deficit is the most comparable GAAP ratio. As of August 4, 2023, return on invested capital was negatively impacted 750 basis points as a result of the sale of the Canadian retail business. See below for additional information and reconciliations of non-GAAP measures.

## Non-GAAP Financial Measures

### Return on Invested Capital

Return on Invested Capital (ROIC) is calculated using a non-GAAP financial measure. Management believes ROIC is a meaningful metric for analysts and investors as a measure of how effectively the Company is using capital to generate financial returns. Although ROIC is a common financial metric, numerous methods exist for calculating ROIC. Accordingly, the method used by our management may differ from the methods used by other companies. We encourage you to understand the methods used by another company to calculate ROIC before comparing its ROIC to ours.

We define ROIC as the rolling 12 months' lease adjusted net operating profit after tax (Lease adjusted NOPAT) divided by the average of current year and prior year ending debt and shareholders' deficit. Lease adjusted NOPAT is a non-GAAP financial measure, and net earnings is considered to be the most comparable GAAP financial measure. The calculation of ROIC, together with a reconciliation of net earnings to Lease adjusted NOPAT, is as follows:

<b>Return on invested capital <sup>3</sup></b>	<b>27.8 %</b>	<b>34.5 %</b>

<sup>1</sup> *Income tax adjustment is defined as lease adjusted net operating profit multiplied by the effective tax rate, which was 28.9% and 24.8% for the periods ended August 4, 2023, and July 29, 2022, respectively.*

<sup>2</sup> *Average debt and shareholders' deficit is defined as average current year and prior year ending debt, including current maturities, short-term borrowings, and operating lease liabilities, plus the average current year and prior year ending total shareholders' deficit.*

<sup>3</sup> *For the period ended August 4, 2023, return on invested capital was negatively impacted 750 basis points as a result of the sale of the Canadian retail business.*

## Results of Operations

**Net Sales** – Net sales in the second quarter of 2023 decreased 9.2% to \$25.0 billion. The decrease in total sales was primarily driven by the sale of the Canadian retail business in fiscal 2022, which generated \$1.7 billion of net sales in the second quarter of 2022. Comparable sales declined 1.6% over the same period, consisting of a 1.9% decline in comparable customer transactions, partially offset by a 0.3% increase in comparable average ticket. Total sales also declined approximately \$335 million due to the timing shift in our fiscal calendar, in which the second quarter of fiscal 2023 (a 52-week year) included one less week of spring and one more week of summer than fiscal 2022 (a 53-week year).

During the second quarter of 2023, we experienced comparable sales increases in six of 14 product categories, led by Building Materials, Lawn & Garden, and Seasonal & Outdoor Living. Strength in Building Materials reflects continued growth with our Pro customers. Lawn & Garden and Seasonal & Outdoor Living benefited from delayed seasonal sales from the first quarter due to the late start to spring weather. Although our lowest comparable sales were in Lumber due to significant commodity deflation, the highest unit sales increases were also in this category, demonstrating strong Pro customer demand.

Net sales decreased 7.5% to \$47.3 billion for the first six months of 2023 compared to 2022. The decrease in total sales was primarily driven by the sale of the Canadian retail business in fiscal 2022, which generated \$2.9 billion of net sales in the first six months of 2022. Comparable sales also declined 2.9% over the same period, driven by a 2.9% decline in comparable customer transactions, while comparable average ticket was flat.

**Gross Margin** – For the second quarter of 2023, gross margin as a percentage of sales increased 42 basis points. The gross margin increase for the quarter is driven by lower transportation costs, favorable product mix, and productivity initiatives, partially offset by higher costs associated with the expansion of our supply chain network.

Gross margin as a percentage of sales increased seven basis points in the first six months of 2023 compared to 2022 primarily due to the same factors that impacted gross margin for the second quarter.

*SG&A* – For the second quarter of 2023, SG&A expense deleveraged 16 basis points as a percentage of sales compared to the second quarter of 2022 primarily due to fixed cost pressure compared to lower sales, which was partially offset by the benefit of a legal settlement.

SG&A expense as a percentage of sales leveraged 39 basis points as a percentage of sales for the first six months of 2023 compared to 2022 primarily due to legal settlements and the gain on contingent consideration associated with the fiscal 2022 sale of the Canadian retail business, partially offset by fixed cost pressure compared to lower sales.

*Depreciation and Amortization* – Depreciation and amortization deleveraged eight basis points as a percentage of sales for the second quarter of 2023 compared to 2022.

Depreciation and amortization deleveraged three basis points as a percentage of sales for the first six months of 2023 compared to 2022.

*Interest – Net* – Net interest expense for the second quarter of 2023 deleveraged 40 basis points primarily due to interest expense related to the issuance of unsecured notes over the past year, partially offset by interest income on our cash equivalents and short-term investments.

Net interest expense for the first six months of 2023 deleveraged 46 basis points primarily due to the same factors that impacted interest expense for the second quarter.

*Income Tax Provision* – Our effective income tax rates were 24.6% and 24.5% for the three months ended August 4, 2023 and July 29, 2022, respectively, and 23.9% and 24.2% for the six months ended August 4, 2023 and July 29, 2022, respectively.

## FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

### Sources of Liquidity

Cash flows from operations, combined with our continued access to capital markets on both a short-term and long-term basis, as needed, remain adequate to fund our operations, make strategic investments to support long-term growth, and return excess cash to shareholders in the form of dividends and share repurchases. We believe these sources of liquidity will continue to support our business for the next twelve months. As of August 4, 2023, we held \$3.5 billion of cash and cash equivalents, as well as \$4.0 billion in undrawn capacity on our revolving credit facilities.

### Cash Flows Provided by Operating Activities

(In millions)	Six Months Ended	
	August 4, 2023	July 29, 2022
Net cash provided by operating activities	\$ 5,968	\$ 6,012

Cash flows from operating activities continued to provide the primary source of our liquidity. The decrease in net cash provided by operating activities for the six months ended August 4, 2023, compared to the six months ended July 29, 2022, was driven primarily by timing of income tax payments and a decline in net earnings, partially offset by changes in working capital. Other operating liabilities decreased operating cash flows by \$1.4 billion during the first six months of fiscal 2023. This decrease is primarily driven by the payment of our third and fourth quarter fiscal 2022 estimated federal tax payments that were deferred until the first quarter of fiscal 2023 under the income tax relief announced by the Internal Revenue Service for businesses located in states impacted by Hurricane Ian. Inventory increased operating cash flows by approximately \$1.1 billion. Inventory declined in the current year as we continue to manage inventory replenishment in line with sales trends.

	August 4, 2023	July 29, 2022
Net cash used in investing activities	\$ (715)	\$ (709)

### Capital expenditures

Our capital expenditures generally consist of investments in our strategic initiatives to enhance our ability to serve customers, improve existing stores, and support expansion plans. The following table provides our capital expenditures for the six months ended August 4, 2023, and July 29, 2022:

(In millions)	Six Months Ended

<sup>3</sup> Represents expenditures primarily related to land purchases, buildings, and personal property for new store and corporate facilities projects.

For fiscal 2023, our guidance for capital expenditures is up to \$2.0 billion.

### Cash Flows Used in Financing Activities

(In millions)	Six Months Ended	
	August 4, 2023	July 29, 2022
Net cash used in financing activities	\$ (3,107)	\$ (4,954)

Net cash used in financing activities primarily consists of transactions related to our long-term debt, share repurchases, and cash dividend payments.

### Total Debt

During the six months ended August 4, 2023, we issued \$3.0 billion of unsecured notes, the proceeds of which were designated for general corporate purposes.

Our commercial paper program is supported by the 2020 Credit Agreement and the Third Amended and Restated Credit Agreement. The amounts available to be drawn under the 2020 Credit Agreement and the Third Amended and Restated Credit Agreement are reduced by the amount of borrowings under our commercial paper program. There were no outstanding borrowings under our commercial paper program, 2020 Credit Agreement, or the Third Amended and Restated Credit Agreement as of August 4, 2023. Total combined availability under the 2020 Credit Agreement and the Third Amended and Restated Credit Agreement as of August 4, 2023 was \$4.0 billion.

The 2020 Credit Agreement and the Third Amended and Restated Credit Agreement contain customary representations, warranties, and covenants. We were in compliance with those covenants at August 4, 2023.

The following table includes additional information related to our debt for the six months ended August 4, 2023, and July 29, 2022:

(In millions)	Six Months Ended	
	August 4, 2023	July 29, 2022
Net proceeds from issuance of debt	\$ 2,983	\$ 4,964
Repayment of debt	(45)	(799)
Net change in commercial paper	(499)	—
Maximum commercial paper outstanding at any period	2,195	1,361

### Share Repurchases

We have an ongoing share repurchase program, authorized by the Company's Board of Directors, that is executed through purchases made from time to time either in the open market or through private off-market transactions. We also withhold shares from employees to satisfy tax withholding liabilities. Shares repurchased are retired and returned to authorized and unissued status. The following table provides, on a settlement date basis, the total number of shares repurchased, average price paid per share, and the total cash used to repurchase shares for the six months ended August 4, 2023, and July 29, 2022:

(In millions, except per share data)	Six Months Ended	
	August 4, 2023	July 29, 2022
Total amount paid for share repurchases	\$ 4,356	\$ 8,128
Total number of shares repurchased	21.0	40.7
Average price paid per share	\$ 207.60	\$ 199.61

As of August 4, 2023, we had \$16.6 billion remaining available under our share repurchase program with no expiration date.

### Dividends

Dividends are paid in the quarter immediately following the quarter in which they are declared. Dividends paid per share increased from \$1.60 per share for the six months ended July 29, 2022, to \$2.10 per share for the six months ended August 4, 2023.

### Capital Resources

We expect to continue to have access to the capital markets on both a short-term and long-term basis when needed for liquidity purposes by issuing commercial paper or new long-term debt. The availability and the borrowing costs of these funds could be adversely affected, however, by a downgrade of our debt ratings or a deterioration of certain financial ratios. The table below reflects our debt ratings by Standard & Poor's (S&P) and Moody's as of August 30, 2023, which we are disclosing to enhance understanding of our sources of liquidity and the effect of our ratings on our cost of funds. Our debt ratings have enabled, and should continue to enable, us to refinance our debt as it becomes due at favorable rates in capital markets. Our commercial paper and senior debt ratings may be subject to revision or withdrawal at any time by the assigning rating organization, and each rating should be evaluated independently of any other rating.

Debt Ratings	S&P	Moody's
Commercial Paper	A-2	P-2
Senior Debt	BBB+	Baa1
<b>Senior Debt Outlook</b>	<b>Stable</b>	<b>Stable</b>

There are no provisions in any agreements that would require early cash settlement of existing debt or leases as a result of a downgrade in our debt rating or a decrease in our stock price.

### CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our significant accounting policies are described in Note 1 to the consolidated financial statements presented in the Annual Report. Our critical accounting policies and estimates are described in "Item 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Annual Report. Our significant and critical accounting policies and estimates have not changed significantly since the filing of the Annual Report.

### Item 3. - Quantitative and Qualitative Disclosures about Market Risk

The Company is exposed to certain market risks, including changes in interest rates and commodity prices. The Company's market risks have not changed materially from those disclosed in the Annual Report for the fiscal year ended February 3, 2023.

#### **Item 4. - Controls and Procedures**

The Company's management, with the participation of the Chief Executive Officer and the Chief Financial Officer, has evaluated the effectiveness of the Company's "disclosure controls and procedures," (as such term is defined in Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act)). Based upon their evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that, as of August 4, 2023, the Company's disclosure controls and procedures were effective for the purpose of ensuring that the information required to be disclosed in the reports that the Company files or submits under the Exchange Act with the SEC (1) is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (2) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

The Company is undergoing a multi-year technology transformation which includes updating and modernizing our merchandise selling system, as well as certain accounting and finance systems. These updates are expected to continue for the next few years, and management will continue to evaluate the design and implementation of the Company's internal controls over financial reporting as the transformation continues. No change in the Company's internal control over financial reporting occurred during the quarter ended August 4, 2023, that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

**Part II – OTHER INFORMATION****Item 1. - Legal Proceedings**

In addition to the matter referenced in our annual report on Form 10-K for the fiscal year ended February 3, 2023, the Company is from time to time a party to various lawsuits, claims and other legal proceedings that arise in the ordinary course of business. With respect to such lawsuits, claims and proceedings, the Company records reserves when it is probable a liability has been incurred and the amount of loss can be reasonably estimated. The Company does not believe that any of these proceedings, individually or in the aggregate, would be expected to have a material adverse effect on its results of operations, financial position or cash flows. The Company maintains liability insurance for certain risks that are subject to certain self-insurance limits.

**Item 1A. - Risk Factors**

There have been no material changes in the Company’s risk factors from those disclosed in Part I, “Item 1A. Risk Factors” in our Annual Report filed with the SEC on March 27, 2023.

**Item 2. - Unregistered Sales of Equity Securities and Use of Proceeds****Issuer Purchases of Equity Securities**

<sup>2</sup> On December 7, 2022, the Company announced that its Board of Directors authorized an additional \$15.0 billion of share repurchases, in addition to the \$13.0 billion of share repurchases authorized by the Board of Directors in December 2021, with no expiration.

<sup>3</sup> Beginning January 1, 2023, the Company’s share repurchases in excess of issuances are subject to a 1% excise tax enacted by the Inflation Reduction Act. ## TERMS AND CONDITIONS

1. **Grant of Units.** Lowe's Companies, Inc. (the "**Company**") hereby grants to the Grantee named on Page 1 hereof ("**Grantee**"), subject to the restrictions and the other terms and conditions set forth in the Lowe's Companies, Inc. 2006 Long Term Incentive Plan, as amended and restated (the "**Plan**") and in this award agreement (this "**Agreement**"), deferred stock units (the "**Units**") representing the right to receive the number of shares indicated on Page 1 hereof of the Company's Common Stock (the "**Shares**"). Capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Plan.
  2. **Vesting of Units.** As of the Date of Grant, the Units shall be "**Unvested Units**" and fully forfeitable. Unvested Units shall fully vest and cease to be forfeitable, and become "**Vested Units**," as of the earliest to occur of the following:
    - a. The Date of Vesting as specified on Page 1 hereof;
    - b. The date Grantee's service to the Board of Directors of the Company is terminated by reason of Grantee's death or Disability; or
    - c. The date Grantee retires or otherwise terminates service on the Board of Directors if approved by the Committee in its sole discretion (with Grantee, if a member of such Committee, abstaining from such determination).

If Grantee's service to the Board of Directors of the Company terminates for any reason prior to the Unvested Units becoming Vested Units in accordance with this Section 2, Grantee shall forfeit all of Grantee's right, title and interest in and to the Unvested Units as of the date of Grantee's termination of service, and no Shares shall be issuable with respect to such Unvested Units.
  3. **Deferral Account; Dividend Units.** Vested Units shall be credited to a bookkeeping account in the name of the Grantee on the books and records of the Company (the "**Deferral Account**"). Within thirty (30) days after the payment date of any cash dividend with respect to shares of Common Stock of the Company, the Grantee's Deferral Account in addition shall be credited with the number of Units determined by dividing (a) the product of the total number of Unvested Units held by the Grantee plus the number of Units credited to the Grantee's Deferral Account as of the record date for such dividend multiplied by the per share amount of the dividend, by (b) the Fair Market Value of a share of Common Stock on such record date (the "**Dividend Units**"). Dividend Units shall be immediately one hundred percent (100%) vested in the Grantee when credited to the Grantee's Deferral Account.
  4. **Receipt of Shares.** The Company will issue all of the Shares represented by Vested Units plus any additional shares of Common Stock of the Company represented by Dividend Units credited to the Grantee's Deferral Account to the Grantee, or in the event of the Grantee's death to the Grantee's estate, as soon as practicable following the Grantee's termination of service as a member of the Board of Directors of the Company. The form of payment shall be one share of the Company's Common Stock for each Unit credited to the Grantee's Deferral Account and cash for any fractional Unit.
  5. **Limitation of Rights.** The Units and Dividend Units do not confer to Grantee any rights of a shareholder of the Company unless and until shares of Common Stock of the Company are in fact issued to the Grantee pursuant to Section 4.
  6. **Restrictions on Transfer and Pledge.** No right or interest of the Grantee in the Units and Dividend Units may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an affiliate, or shall be subject to any lien, obligation, or liability of Grantee to any other party other than the Company or an affiliate.
  7. **Plan Controls.** The terms contained in the Plan (including without limitation provisions regarding changes in capital structure of the Company) are incorporated into and made a part of this Agreement and this Agreement shall be governed by and construed in accordance with the Plan. In the event of any actual or alleged conflict between the provisions of the Plan and the provisions of this Agreement, the provisions of the Plan shall be controlling and determinative.
  8. **Successors.** This Agreement shall be binding upon any successor of the Company, in accordance with the terms of this Agreement and the Plan.
  9. **Severability.** If any one or more of the provisions contained in this Agreement are invalid, illegal or unenforceable, the other provisions of this Agreement will be construed and enforced as if the invalid, illegal or unenforceable provision had never been included.
-

10. Notice. Notices and communications under this Agreement must be in writing and either personally delivered or sent by registered or certified United States mail, return receipt requested, postage prepaid. Notices to the Company must be addressed to:

11. Beneficiary Designation. Grantee may designate a beneficiary or beneficiaries to exercise this award and receive Shares issued pursuant to this award on or after the Participant's death. Such designation shall be in the form provided by or approved and accepted by the Plan administrator. Such designation shall be effective only if and when it is properly completed and delivered by Grantee during the Grantee's lifetime in paper form to the Plan administrator. In the absence of any such valid and effective designation, benefits remaining unpaid at the Grantee's death shall be paid to the Grantee's estate.
