

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## SVM World Equity Fund: B Class Shares, a sub-fund of SVM Funds ICVC

(ISIN: GB00B0KXSK43)

SVM Asset Management Limited is the Authorised Corporate Director of the Fund.

### Objectives and Investment Policy

#### Investment Objective

The objective of this Fund is to achieve capital growth over the long term (5 years or more) and it aims to outperform the MSCI ACWI IMI. Performance is measured on a monthly basis over rolling 5 year periods after all fees and costs are deducted.

#### Investment Policy

The Fund will invest at least 80% in global equities and other equity related instruments such as Exchange Traded Funds.

The Fund may enter into derivative contracts for efficient portfolio management purposes. The use of derivatives is intended to be limited.

The Fund may be invested in any industry sector.

From time to time, when particular opportunities are identified, or the ACD considers it appropriate, the Fund may invest in transferable securities which are otherwise permitted for the Fund.

#### Investment Strategy

The Fund is actively managed within its objectives and is not constrained by the benchmark.

The Fund will identify investment opportunities in companies globally whose future growth is not reflected in current market expectations.

#### Target Benchmark

The MSCI ACWI IMI has been selected as the target benchmark for the fund; its constituents make it an appropriate benchmark given the investment policy for the Fund.

#### Other Information

- Shares in the Fund can be bought and sold on demand on each business day.
- Only accumulation shares are in issue, any income arising from the Fund is reinvested.
- Portfolio transaction costs will have an impact on performance of the Fund.

#### Recommendation

The fund may not be appropriate for investors who plan to withdraw their money within five years.

### Risk and Reward profile

The Synthetic Risk & Reward Indicator ('SRRI') may be a guide to the level of risk of the Fund compared with other funds. The SRRI is calculated based on the historical volatility of the fund over the last 5 years and it may not be a reliable indication of the future risk and reward profile of the fund. The Fund's volatility is impacted by various factors including exposure to global stock markets.

- The Fund has been classed as **6** because it has experienced high volatility historically.
- The SRRI category shown is not guaranteed and may change over time.
- The lowest category (1) does not mean risk free and extreme adverse market circumstances can mean you suffer losses in all cases.

#### The following risks are relevant for this Fund:

- There is no guarantee that the Fund will achieve its objective. The price of shares in the Fund can go down as well as up and is not guaranteed.
- Stock market volatility may impact the Fund's ability to trade in, or obtain accurate valuations for, securities held in the Fund's portfolio. There can be no assurance that any appreciation in value of investments will occur.
- The effect of currency movements can be significant where investments are denominated in currencies other than Sterling and may adversely affect the value of your investment.
- The Fund may enter into derivative contracts for efficient portfolio management (EPM) purposes. There is no guarantee that the Fund will achieve the objective for which it entered into a transaction in relation to EPM, this may result in losses for Shareholders. Full details on EPM can be found in Appendix B of the Prospectus.
- The Fund is exposed to credit and settlement risk through its dealings with Counter Parties. If a Counter Party business fails, the Fund may incur losses.

More detail on the risk factors that affect this Fund are set out in Section 9 of the Prospectus.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

**Entry charge:** none

**Exit charge:** none

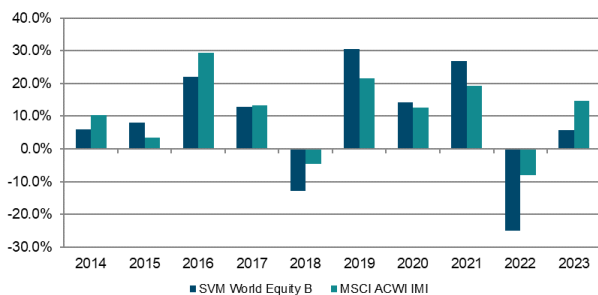

The entry charge shown is the maximum figure. In some cases you might pay less. You can find out how much of an entry charge you have to pay from your financial adviser or distributor.

### Ongoing charges: 1.23%

These are the charges taken from the Fund based on annualised expenses for the period ending 30 June 2023. This figure may vary from year to year and excludes performance fees and transaction costs.

**For more information about these charges and how they are calculated, please see Section 4 of the Fund's Prospectus, which is available from the address noted below.**

## Past Performance

This Fund was launched on 1 December 2010.

- Past performance is not a guide to future performance.
- The performance shown in this chart is net of tax and charges and excludes any initial charge that may be deducted on purchase of the investment.
- Performance is calculated in Pounds Sterling.
