

CT Sustainable Universal MAP Growth Fund

Share Class C Acc

30-Jun-24

Fund manager
Simon Holmes

Fund objective and policy

The Fund seeks to provide growth, combining capital and income, over the long term (at least 5 years) consistent with a growth risk profile over the same time period. The Fund aims to achieve its objective by gaining exposure to a range of global asset classes whose products and services make a positive and material impact on the environment and/or society. Through this the Manager seeks to invest in companies that support a sustainable future; to avoid investments in companies with unsustainable business practices; and to improve investee companies' ESG practices through constructive engagement and voting. Typically, the Fund will maintain exposure to equities of between 40% - 80%. The Fund is actively managed and not managed with reference to a benchmark. It is not constrained by any particular asset allocation regarding geography, industry, or sector.

Risk warning

The value of your investments and any income from them can go down as well as up and you may not get back the original amount invested. Screening out sectors or companies may result in less diversification and hence more volatility in investment values. An investment concerns the acquisition of units or shares in a fund, and not underlying assets such as buildings or shares of a company, as these are only the underlying assets owned by the fund. The decision to invest in the promoted fund should also take into account all the characteristics or objectives of the promoted fund as described in the prospectus. Full list of relevant risks can be found in the KIID/KID and prospectus.

Glossary**Active Engagement Report**

We define engagement as dialogue between investors and companies with a focus on encouraging companies to address strategic issues including environmental, social and governance factors. The objective of such dialogue with companies is to reduce risk and support long-term performance. The table sets out, for the fund, the number of companies we have engaged with; the number of countries covered and the individual engagement themes.
