Morningstar and its content providers assume no responsibility for any losses or damage that result from any use of the information provided. Past performance is not a guarantee of future results. To determine the Morningstar Rating, funds of a comparable group in issue for at least three years are considered. The long-term performance serves as a basis, taking into account fees and risk. As a result, the funds are awarded stars, which are calculated monthly: Top 10%: 5 stars; next 22.5%: 4 stars; middle 35%: 3 stars; next 22.5%: 2 stars; flop 10%: 1 star. A ranking, rating or award is not an indicator of future performance and is subject to change over time.
- 2) Calculated at the net asset value, excl. front-end load, distributions reinvested. Calculation according to method as defined by BVI, the German Fund Companies Association. **Any front-end loads reduce the capital employed and the performance.** All performance data of Allianz China A-Shares Equity - C (Acc) - GBP prior to the launch date, 16/07/2020, refer to another investment fund, Allianz China A-Shares, an open-ended SICAV organised under the laws of Luxembourg and managed by Allianz Global Investors GmbH - Frankfurt, namely Allianz China A-Shares - IT - USD (ISIN LU1997245250) launched on 23/10/2019. All performance data of Allianz China A-Shares - IT - USD prior to the launch date, 23/10/2019, refer to another investment fund, Allianz China A-Shares, an open-ended SICAV organised under the laws of Luxembourg and managed by Allianz Global Investors GmbH - Frankfurt, namely Allianz China A-Shares - IT - USD (ISIN LU0411151904) launched on 30/04/2009. All share classes/investment funds mentioned above are based on the same investment objectives and strategies as well as risk profiles and fee structures. Past performance does not predict future returns
- 3) The all-in fee includes the expenses previously called management, administration and distribution fees. Any payment of a trail fee by the management company to a distribution partner will be effected from the all-in fee.
- 4) The stated ongoing charges reflect the total expense ratio (TER) of the Fund. In the event of a new issue, a short financial year or a fee adjustment, the Fund's ongoing charges will be estimated. Ongoing charges may vary from year to year and do not include transaction costs for the purchase or sale of assets for the Fund. In addition, no costs resulting from any performance-related remuneration are included in ongoing charges.
- 5) The Sharpe ratio states the relationship between the return generated by the fund and the investment risk. The fund's excess return versus the risk-free market rate is compared to volatility. Negative values are not meaningful.
- 6) Volatility measures the fluctuation range of the fund's performance over a specified period of time.
- 7) This is for guidance only and not indicative of future allocation.

Disclaimer

Investing involves risk. The value of an investment and the income from it may fall as well as rise and investors might not get back the full amount invested.
