## Chairman's Statement

for the year ended 31 March 2023

Adams incurred a net loss of £2.37 million for the year to 31 March 2023 (FY2023) compared to a loss of £1.73 million in the previous year ended 31 March 2022 (FY2022).

This FY2023 loss comprises a net investment loss of £2.19 million, together with overhead costs of £0.18 million. The previous FY2022 loss comprised a net investment loss of £1.57 million, together with administrative costs of £0.16 million.

During FY2023, the Company spent £1.22 million on three equity investments, two of which were new investments comprising Tremor International Ltd and WANdisco Plc and the other being a follow-on investment in Seeing Machines Limited. Disposal proceeds during the period amounted to £0.56 million on a partial realisation of the Niox Group Plc investment holding. In addition, the Company's small £0.10 million investment in 4D Pharma Plc had to be written off when it went into administration on 24 June 2022.

The carrying value of the Company's equity investments at 31 March 2023 was £5.10 million represented by nine quoted investment holdings and three private investments (31 March 2022: £6.62 million represented by nine quoted investment holdings and two private investments). In addition, Adams holds a derivative investment asset in the form of warrants in C4X Holdings Plc which have an exercise price that is significantly above the market price of the underlying shares and the warrants are therefore considered to have a nil fair value.

The investment in WANdisco was made in December 2022 following that company's reporting of very significant new orders received during the previous 2 months. Subsequently on 9 March 2023, WANdisco announced it had requested a suspension of its shares from trading on AIM while a legal investigation is carried out on irregularities discovered on purchase orders and related revenue bookings, which gave rise to a material misstatement of its financial position. The WANdisco shares remained suspended at 31 March 2023 and are not due to recommence trading on AIM until around 25 July 2023 when a recently announced share offer equity fundraise to raise gross proceeds of US\$ 30 million at a price of 50 pence per share is due to complete. The offer shares will represent approximately 70.7% of WANdisco's existing issued share capital. This investment holding is, therefore, being carried by Adams at a 50 pence per share value at the 31 March 2023 year end, being the best indication of fair value at that date.

The Company held cash balances of £0.05 million as at 31 March 2023, compared to cash balances of £0.87 million at the previous 31 March 2022 year end.

Net assets reduced to £5.11 million (equivalent to 3.50p per share) at the 31 March 2023 balance sheet date, compared with £7.48 million (equivalent to 5.13p per share) at 31 March 2022. The £2.37 million decrease in net assets reflects the loss reported for the year.

### Business model and investing policy

Adams is an investing company with an investing policy under which the Board is seeking to acquire interests in special situation investment opportunities that have an element of distress, dislocation, dysfunction or other special situation attributes and that the Board perceives to be undervalued. The principal focus is in the small to middle-market capitalisation sectors in the UK or Europe, but the Directors will also consider possible special situation opportunities anywhere in the world if they believe there is an opportunity to generate added value for shareholders.

### Investment Portfolio

The principal listed investments held by the Company at 31 March 2023 comprised Niox Group Plc ("Niox" formerly known as Circassia Group Plc), C4X Discovery Holdings Plc ("C4XD"), Seeing Machines Limited ("Seeing Machines") and Access Intelligence Plc ("Access Intelligence") and Adams also holds Oxehealth Limited ("Oxehealth") and Telit Cinteron Ltd ("Telit") as principal unquoted investments.

**Niox** is an AIM listed global medical device company focused on point of care asthma diagnosis and management. Following a major restructuring and the transfer of the Tudorza and Duaklir products back to AstraZeneca in March 2021, Niox has now been transformed into a debt-free business with a strong NIOX® asthma management products based continuing operations business. The group is progressing its transition to a distributor-led business model with new arrangements in the USA and China expected to drive scalable growth as it continues to implement access to a large and underserved population of patients suffering from asthma. For the year ended 31 December 2022, sales increased 15% to £31.3 million and generated an EBITDA profit of £7.3 million. The profit after tax for the period amounted to £16.1 million inclusive of an £8.1 million settlement consideration recognised on milestone payments due from Beyond

Air Inc., following FDA approval for its LungFit PH device, together with a profit of £2.1 million on discontinued operations. The company had net cash balances of £19.4 million at 31 December 2022. The shareholding of Adams at 31 March 2023 was, and continues to be, 0.37 per cent of the Niox shares in issue.

**C4XD** is a pioneering drug discovery company combining its enhanced DNA-based target identification and candidate molecule design capabilities to efficiently deliver world-leading medicines which are developed by licensing partners. C4XD has a number of existing partnership deals including a milestone and royalties agreement with Indivior UK Limited for its oral Orexin-1 receptor antagonist for the treatment of opioid addiction disorders worth up to \$284 million and a second milestones and royalties out-licensing agreement with Sanofi for its IL-17A inhibitor programme worth up to €414 million plus potential for single-digit royalties. In November 2022, C4XD signed an exclusive licensing agreement with AstraZeneca for its NRF2 activator programme addressing the treatment of inflammatory and respiratory diseases. The agreement is worth up to \$402 million including pre-clinical milestone payments of up to \$16 million ahead of the first clinical trial, with \$2 million upfront. In addition, the company has continued to drive other key programmes towards partnering with a near term focus on inflammatory and oncology diseases. C4XD reported a loss after tax of £3.9 million in the six months ending 31 January 2023 inclusive of R&D investment of £5.2 million and with revenues of £1.7 million. Cash balances at 31 January 2023 amounted to £9.6 million. The shareholding of Adams in C4XD at 31 March 2023 was, and continues to be, 1.98 per cent of the C4XD shares in issue.

**Seeing Machines** is an AIM listed industry leader in advanced computer vision technologies. The company designs Artificial Intelligence / AI powered operator monitoring systems using camera-based optics and embedded processing to improve transport safety in automotive, commercial fleet, aviation, rail and off-road markets. The technology incorporates warnings when human state attention impairment is identified, in order to re-engage the operator or driver. Seeing Machines continues to invest in R&D and grow as an automotive leader in such technology having now won contracts with a total of ten automotive Tier 1 global customers covering 15 automotive driver monitoring safety ("DMS") programmes. In October 2022, the company entered into an exclusive collaboration with Magna International, to pursue driver and occupant monitoring system business targeting the vehicle's interior rear-view mirror and under which Magna also provided additional investment through a Convertible Note of up to US\$47.5m which matures in October 2026 and has a conversion rate per ordinary share of 11 pence. At 31 December 2022, there were 710,049 vehicles on the road featuring Seeing Machines' DMS technology, an increase of 188% over the 12 month period. In the half year to 31 December 2022, Seeing Machines reported underlying revenue growth of 54% per cent, to give revenues of \$24.4 million and a loss for the period of \$5.4 million. Seeing Machines' cash balances at 31 December 2022 amounted to \$52.2 million inclusive of \$28.8 million received on partial draw down of the Magna Convertible Loan Note. The shareholding of Adams in Seeing Machines as at 31 March 2023 was, and continues to be, 0.19 per cent of the Seeing Machines shares in issue.

**Access Intelligence** is an AIM listed London based technology innovator delivering Artificial Intelligence / AI Software-as-a-Service solutions for the global marketing and communications industries. The company combines AI technologies with human expertise to analyse data and provide strategic insights as a single, real-time view of what is important. It is supported by partnerships with the world's largest data providers and social media platforms including Twitter, Reddit and Twitch. For the year ended 30 November 2022, Access Intelligence reported revenues of £65.7 million and delivered a positive EBITDA of £2.3 million before exceptional costs associated with the integration of Isentia Group which had been acquired in September 2021. The loss for the year amounted to £4.2 million after exceptional costs and inclusive of additional investment in sales and marketing to drive global expansion. Cash balances at 30 November 2022 amounted to £4.9 million. During the period, the group delivered continued growth in the EMEA and North America region and won a substantial number of blue-chip clients across every region, including significant win backs in the APAC region. The shareholding of Adams in Access Intelligence as at 31 March 2023 was, and continues to be, 0.52 per cent of the Access Intelligence voting shares in issue.

**Oxehealth** is a private company and an industry leader in vision-based patient monitoring and management systems. The company uses proprietary signal processing and computer vision to process normal digital video camera data to measure the vital signs and activity of patients in a number of different markets, primarily in Mental Health, Acute Hospital settings, Primary Care settings, Care Home, and Custodial facilities in both the UK and also in Sweden and more recently the USA. This is achieved through the deployment of its Oxevision platform which enables clinicians to take non-contact cardiorespiratory measurements of a patient's pulse and breathing rate, and which generate alerts to potentially risky activity and reports on a patient's vital signs and behaviour. This can all be done without the clinician entering the patient's room, including by use of mobile handsets on the ward. Adams has participated in the Oxehealth

## Chairman's Statement (continued)

for the year ended 31 March 2023

new share issue funding rounds undertaken in the previous few years but did not participate in the last one undertaken in the March quarter of 2023 and as a result has seen some dilution of its shareholding in this investment. At 31 March 2023, the investment holding by Adams in Oxehealth represents 2.22 per cent of Oxehealth's issued share capital at that date.

**Telit** is a private company and a global leader in Internet of Things (IoT) enablement. Telit has over twenty years of experience designing, building, and executing complex digital business. The company has an extensive portfolio of wireless connectivity modules, software platforms and global IoT connectivity services, empowering hundreds of millions of connected 'things' to date, and trusted by thousands of direct and indirect customers, globally. On 1 January 2023, the company completed a transaction with the global defence, aerospace and security group, Thales, under which it acquired the cellular IoT products business of Thales and thereby expanded Telit's presence in the growing industrial IoT segments and end markets, including payment systems, energy, e-health, and security. It will also enhance the company's capabilities in the rapidly growing cybersecure IoT solutions market. At 31 March 2023, the investment holding by Adams in Telit represents 0.35 per cent of Telit's issued share capital at that date.

In addition to the above investments, at 31 March 2023 Adams held five other quoted holdings, together with one other private company holding. The five quoted holdings comprise **Griffin Mining Limited**, which is an AIM listed mining and investment company that has been the leader in foreign investment in mining in China having been engaged in developing the Caijiaying zinc and gold project since 1997; **Tremor International Ltd**, which is an AIM listed advertising-technology company focused on digital advertising including video, mobile, native, display technology, and connected TV; **WANDisco Plc**, which is a data activation company that enables organisations to move large datasets to the cloud at massive scale in order to activate all their data for AI, machine learning and analytics on modern cloud data platforms; **Euromax Resources Ltd**, which is a Canadian development company listed on the Toronto Stock Exchange and focused on building and operating the Ilovica-Shtuka copper and gold project in Macedonia; and **Afentra Plc**, which is an AIM listed upstream oil and gas company focused on acquiring mature production and development assets in Africa. The private company holding comprises **Source Bioscience International Ltd**, which is an international provider of state-of-the art laboratory services, clinical diagnostics and analytical testing services.

### Outlook

The global economy is still being impacted by the adverse effects of Russia's invasion of Ukraine and rising inflation, coupled with governments heavily indebted by the financial support measures provided during the period of Covid restrictions. As a result, financial conditions and monetary policy are likely to continue to tighten and with growth expected to remain weak by historical standards.

Your Board will, therefore, continue to maintain a rigorous and highly selective investment approach, coupled with strict cost control with a view to delivering additional value for shareholders going forward. We remain confident in the underlying fundamentals, technologies and long-term potential for growth at the companies within our investment portfolio.

Michael Bretherton

**Chairman**

14 July 2023

# Strategic Report

for the year ended 31 March 2023

The Directors present their Strategic Report with the Financial Statements for Adams Plc ('Adams' or 'the Company') for the year ended 31 March 2023.

## Principal activity and business model

Adams is an investing holding and management company whose principal activity is the investment in businesses which present opportunities for value creation.

The investment policy of the Company seeks to invest in special situation investment opportunities that have an element of distress, dislocation, dysfunction or other special situation attributes to them and which the Board perceive to be undervalued. The principal focus is expected to be in the small to medium market capitalisation sectors in mainly the UK or Europe, but the Directors will also consider opportunities elsewhere if they believe there is an opportunity to generate added value for shareholders.

A copy of the Company's investment policy can be found in full on the corporate website at [www.adamsplc.co.uk](http://www.adamsplc.co.uk) and also in the Directors Report on pages 10 and 11.

## Review of the business

A review of the Company's performance and future prospects is included in the Chairman's statement on pages 2 to 4.

## Key performance indicators

Key Company performance indicators are set out below:

	31 March 2023	31 March 2022
Net assets (£'000)	5,110	7,480
Net asset value per share (pence)	3.50	5.13
Profit/(loss) after tax (£'000)	(2,370)	(1,731)
Cash and short-term deposits with banks (£'000)	47	871

## Statement of income

The Company reported a loss after tax for the year ended 31 March 2023 of £2.37 million compared to a loss of £1.73 million in the previous year. The loss for the current financial year was primarily a result of unrealised revaluation losses incurred on the investment portfolio.

The Company continued to operate a low-cost base with administrative costs of £0.18 million incurred, in line with the £0.16 million for the previous year.

## Statement of financial position

Net assets decreased to £5.11 million at the 31 March 2023 balance sheet date, compared with £7.48 million as at 31 March 2022. The £2.37 million decrease in net assets reflects the loss for the year.

The carrying value of investments at 31 March 2023 was £5.10 million (represented by 12 investment holdings) versus a value of £6.62 million at 31 March 2022 (represented by 11 investment holdings).

Cash and cash equivalent balances were £0.05 million at 31 March 2023 compared to cash and cash equivalent balances of £0.87 million at the prior 31 March 2022 year end.

## Cash flow

The Company's cash balances decreased by £0.82 million during the year. The decrease reflects cash outflows of £1.22 million spent on the purchase of additional investments, together with £0.16 million of net overhead cost and working capital movement outflows, partly offset by investment disposal proceeds received of £0.56 million.

## Strategic Report (continued)

for the year ended 31 March 2023

### Directors

The Company has three employees, all of whom are Directors of the Company. The profile of the Directors and their remuneration is detailed in the Directors' Report on pages 8 and 9.

### Risk review

The Company's exposure to various risks and risk management objectives are detailed in Note 3.

The primary risks arising from the Company's operations are considered to be market risk, credit risk and liquidity risk. The Directors review and agree policies for managing risk at least annually.

### Market risk

Price risk

The Company is exposed to market price risk in respect of its portfolio investments. The Company mitigates this risk by having established investment appraisal processes and asset monitoring procedures which are subject to overall review by the Board.

### Interest rate risk

The Company currently has no utilised external financing facility; therefore its interest rate risk is limited to the level of interest received on its cash surpluses. Interest rate risk on cash, cash equivalents and short-term deposits is partially mitigated by using an element of fixed-rate accounts and short-term deposits.

### Credit risk

The Company's principal financial assets are its portfolio investments, its bank balances and cash held on deposit with institutions. The Company seeks to reduce credit risk by only placing assets with institutions that have appropriate credit ratings. The credit risk associated with portfolio and trading investments is considered to be acceptable.

### Liquidity risk

The Company seeks to manage liquidity by ensuring sufficient funds are available to meet foreseeable needs and to invest cash assets safely and profitably. At 31 March 2023, the Company had cash, cash equivalents and short-term deposit balances of £0.05 million (31 March 2022: £0.87 million), together with liquid quoted investments of £3.57 million (31 March 2022: £4.69 million).

In order to minimise risk to the Company's capital, funds are invested across a number of financial institutions with strong credit ratings. Cash forecasts are updated regularly to ensure that there is sufficient cash available for foreseeable requirements. The Directors are satisfied that given current cash balances, the liquidity of the investments held and the low running cost base of the Company the going concern assumption remains valid.

### External risks

The global political and economic landscapes continue to be considered the key external risks faced, with the ability of both to adversely impact the performance of the Company. The key factors comprise the full economic fallout from the two-year Covid-19 pandemic, the current Russia-Ukraine conflict, a potential shift towards a decrease in global liberalised trade, uncertainty with respect to the continuing terms of existing economic trade areas and the transition to an environment of increasing interest rates and rising inflation.

Such factors continue to impact the markets in which the Company operates, in terms of investment valuations and investor sentiment and pose risks to the operations, performance and growth of the investment portfolio companies.

### **Future development**

The Board continues to seek investment opportunities which will generate value for shareholders in the medium to long term. In this aim the Board will maintain its rigorous and selective investment approach and seek to achieve capital growth through exploiting opportunities as they emerge.

Approved on behalf of the Board

### **Nicholas Woolard**

Non-executive director

14 July 2023

## Directors' Report

for the year ended 31 March 2023

The Directors present the report and financial statements of Adams Plc for the year ended 31 March 2023.

### Principal activities

Adams Plc is an AIM listed investment company and was incorporated in the Isle of Man as a public company limited by shares under the Laws of the Isle of Man with registered number 004145V.

### Results and dividends

The results for the year are set out on page 17. There were no dividends proposed or paid in the current or prior financial years.

### Share capital and funding

Full details of the Company's share capital and movements thereof are given in Note 14 to the financial statements.

### Secretary

The Secretary of the Company holding office for the year ended 31 March 2023 was Philip Scales.

### Directors

The following Directors have held office throughout the year ended 31 March 2023 and up until the date of this report:

M A Bretherton  
N Woolard  
A R J Mitchell

### Profile of the Directors

#### Michael Bretherton BA, ACA (Chairman)

Michael was appointed as a non-executive Director in May 2015 and subsequently took on the role of Chairman in September 2015. He is also Chief Executive Officer of Sarossa Plc, chairman of Hardy Plc and is a non-executive director of E-therapeutics plc, Blake Holdings Limited and ORA Limited. In addition, Michael has been a director of six other AIM quoted companies during the last twelve years, including DeepMatter Group Plc, Nanoco Group Plc and Ceres Power Holdings Plc. He has a degree in Economics from Leeds University and is a member of the Institute of Chartered Accountants in England and Wales. His early career included working as an accountant and manager with PriceWaterhouse for 7 years in London and the Middle East.

#### Nicholas Woolard ACIB, MCSI (Non-executive director)

Nicholas Woolard joined as a non-executive Director in March 2013. He is a finance industry professional with broad offshore experience focused latterly on compliance, having been a Group Compliance Officer for four years in CSP/TSP, fund administration, fund management and stockbroking businesses before being appointed to various non-executive positions. Currently Mr Woolard is the practice and compliance manager of one of the largest Isle of Man law firms.

#### Andrew Mitchell BM, MD, FRCP, FACC, FESC (Non-executive director)

Dr Andrew Mitchell was appointed as a non-executive Director in August 2015 and is a Consultant Cardiologist at Jersey General Hospital and Honorary Consultant at Oxford University Hospitals. Dr Mitchell has published over 160 clinical papers, book chapters and abstracts on areas of clinical cardiology focussing on novel digital health and life science technologies. In addition to his clinical and research work, Dr Mitchell is the founding director of an innovative heart screening company and he also acts as an advisor to digital health start-up companies.

### Directors' remuneration

Details of the Directors' fees are shown below.

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
M.A. Bretherton	15	15
N J Woolard	18	18
A R J Mitchell	15	15
	48	48

All of the directors are engaged under letters of appointment which may be terminated with no less than three months' notice.

### Directors' interests

As at the year end, the Directors held the following interests in the Company:

	Ordinary shares held 31 March 2023	Ordinary shares held 31 March 2022
M.A. Bretherton	1,385,000	1,385,000
N J Woolard	–	–
A R J Mitchell	308,000	308,000

### Creditor payment policy

The Company's policy is to pay creditors within the agreed terms which are generally no more than 30 days.

### Financial instruments

The Company has not entered into any financial instruments to hedge against interest rate or exchange rate risk.

### Auditors

Our auditors, Jeffreys Henry LLP (a member of the Gravita Group) have indicated that it will not seek re-appointment as the company's auditor at the forthcoming Annual General Meeting as, following a business reorganisation, the group will provide audit services to clients from another company in the group, Gravita Audit Limited. A resolution to appoint Gravita Audit Limited as the company's auditor will be proposed at the Annual General Meeting.

### Going concern

At 31 March 2023, the Company had £0.05 million (2022: £0.87 million) of cash, cash equivalents and short-term deposits available to it, together with liquid quoted investments of £3.57 million (31 March 2022: £4.69 million). The Directors have considered their obligation in relation to the assessment of the going concern of the Company and have reviewed the current budget cash forecasts and assumptions as well as the main risk factors facing the Company.

After due enquiry, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

### Post balance sheet events

On 3 July 2023 WANdisco Plc, in which Adams has a small investment holding, announced the successful completion of a US\$30 million equity fundraise using an accelerated bookbuild process of 50 pence per share and which is expected to complete on around 25 July 2023.

## Directors' Report (continued)

for the year ended 31 March 2023

### Indemnity of officers

The Company has Directors' and Officers' Insurance to cover against legal action brought against its Directors or officers.

### Substantial Shareholdings

By virtue of his shareholding, Richard Griffiths exercises control over the Company. The Directors are aware of the following persons, who had an interest in 3% or more of the issued ordinary share capital of the Company as at 10 July 2023:

Richard Griffiths 89.09 per cent

David Richardson 5.30 per cent

### Annual General Meeting

There is, enclosed within this document, a Notice convening an Annual General Meeting "AGM" of the Company, to be held at the Companies Registered office at 55 Athol Street, Douglas, Isle of Man, IM1 1LA at 11.30 a.m. on 18 August 2023.

The business of the AGM is set out in the Notice, and includes the usual business of the Company and also additional special business covering the following areas:

- The authority for the Directors to allot Ordinary Shares.
- The disapplication of pre-emption rights.
- The authority for the Directors to purchase for the Company its own Ordinary Shares in the open market, subject to certain conditions and limited to a maximum of 15.00 per cent of the issued share capital of the Company.

### Investing Policy

The current Investing Policy is:

The Board will seek to acquire a direct and/or indirect interests in special situation investment opportunities that have an element of distress, dislocation, dysfunction or other special situation attributes and that they perceive to be undervalued. The principal focus will be in the small to middle-market capitalisation sectors in the UK or Europe but the Directors will also consider possible special situation opportunities anywhere in the world if they believe there is an opportunity to generate added value for Shareholders.

The Directors intend to identify investment opportunities offering the potential to deliver a favourable return to Shareholders over the medium to long term, primarily in the form of a capital gain. A particular consideration will be to identify businesses which, in the opinion of the Directors, are under-valued due to any of a number of special situations that adversely impact the business's short-term prospects and/or underlying value but which business interests the Directors believe have a solid fundamental core or sound development potential to present opportunities for value creation.

The Company's interest in a potential investment may range from a minority position to 100 per cent. ownership and the interest may be either quoted or unquoted. Investments may be made in shares, or by the acquisition of assets (including intellectual property) of a relevant business, or by entering into partnerships, joint ventures, equity derivatives, contracts for differences or other equity or debt related securities that the Board deem appropriate.

There will be no limit on the number of projects into which the Company may invest, and the Company's financial resources may be invested in a number of propositions or in just one investment, which may be deemed to be a reverse takeover pursuant to Rule 14 of the AIM Rules.

While the Directors intend to take into account the level of existing funds available for investment when assessing the amount of any investment, it is not proposed that there be any maximum investment limit.

The Company may be both an active and a passive investor depending on the nature of the individual investments. Although the Company intends to be a medium to long term investor, there will be no minimum or maximum limit on the length of time that any investment may be held and short-term investments may be made.

The Company will not have a separate investment manager.

The Company may require additional funding as investments are made and new opportunities arise. The Directors may offer new Ordinary Shares by way of consideration, as well as cash, thereby helping to preserve the Company's cash resources. The Company may, in appropriate circumstances, issue debt securities or otherwise borrow money to complete an investment.

Given the nature of the Company's Investing Policy, the Company does not intend to make regular periodic disclosures or calculations of net asset value other than at the time of publication of its half year and annual results.

The Board's principal focus will be on achieving capital growth for Shareholders.

### **Corporate governance**

As required by AIM Rule 26, the Company has adopted an officially recognised corporate governance in the form of the Quoted Companies Alliance Code. The Company continues to focus on the principles of effective corporate governance.

The Company's corporate governance statement in relation to the QCA Code can be viewed on the Company's investor webpage at <https://www.adamsplc.co.uk/content/investors/corporate-governance>

### **Statement of Directors' responsibilities**

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

The Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted for use in the United Kingdom. The financial statements are required to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether the Company financial statements have been prepared in accordance with IFRS as adopted by the United Kingdom subject to any material departures disclosed and explained in the Financial Statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation governing the preparation and dissemination of financial statements may differ from one jurisdiction to another.

### **Statement of disclosure to auditors**

- So far as the Directors are aware, there is no relevant audit information of which the Company's auditors are unaware; and
- each Director has taken all the steps that he ought to have taken as Director in order to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

On behalf of the board

Andrew Mitchell

**Non-executive Director**

14 July 2023

# Independent Auditors' Report

to the members of Adams Plc

## Opinion

We have audited the financial statements of Adams Plc for the year ended 31 March 2023 which comprise the statement of comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK adopted International Financial Reporting Standards (IFRSs).

In our opinion:

- the financial statements give a true and fair view of the state of the company's affairs as at 31 March 2023 and of the loss for the year then ended;
- the financial statements have been properly prepared in accordance with UK adopted IFRSs.

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the entity's ability to continue to adopt the going concern basis of accounting included, as part of our risk assessment, review of the nature of the business of the company, its business model and related risks including where relevant the impact of the current Russia-Ukraine conflict, the requirements of the applicable financial reporting framework and the system of internal control. We evaluated the directors' assessment of the Company's ability to continue as a going concern, including challenging the underlying data and key assumptions used to make the assessment, and evaluated the directors' plans for future actions in relation to their going concern assessment.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## Our approach to the audit

### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

Key audit matter	How our audit addressed the key audit matter
<b>Carrying value of investments</b>	
<p>A significant balance on the statement of financial position is investments of £5,095,000 (2022: £6,622,000) at 31 March 2023 as detailed in Note 10.</p> <p>During the year there were net additions of £1,216,000 (2022: £3,946,000) and disposals of £540,000 (2022: £858,000) and unrealised loss on the revaluation of investments of £2,203,000 (2022: £1,571,000).</p> <p>There is a risk that the fair value of investments has not been appropriately estimated. We therefore identified the valuation of investments held for trading as a significant risk, which was one of the most significant assessed risks of material misstatement.</p>	<p>Challenged the methodologies used by management in conducting the investments valuation and challenging management to consider other valuation models in line with industry practice. We utilised the International Private Equity and Venture Capital Valuation (IPEV) guidelines to determine the reasonableness of methods used by management. Valuations derived using the IPEV guidelines are compliant with IFRS;</p> <p>Tested the mathematical accuracy of the valuation calculations as well as the calculations for acquisitions and disposals;</p> <p>Considering the assumptions used in valuations and the methodologies used to gain comfort over the ultimate fair value recognised by management. We did this by comparing the valuations not only to the 3rd party investment schedule but also for quoted investments to market prices. For material unquoted investments we considered other evidence available to obtain comfort over the valuations;</p> <p>Evaluated the sufficiency of the disclosures for critical accounting estimates and judgements related to the valuation of the investments.</p>
<b>Going concern assumption</b>	
<p>The company is dependent upon its ability to generate sufficient cash flows to meet continued operational costs and hence continue trading. This income is derived from dividend and interest income and gains/disposals of investments.</p> <p>The going concern assumptions is dependent on future growth of the current business. No future capital raises were being considered to maintain the business.</p>	<p>Evaluated the suitability of management's model for the forecast.</p> <p>The forecast includes assumptions related to future cash flows and associated risks.</p> <p>Our audit work has focused on evaluating and challenging the reasonableness of these assumptions and their impact on the forecast period.</p>

### Our application of materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

Based on our professional judgment, we determined a materiality of £77,000 (2022: £75,000) for the financial statements as a whole. A benchmark of 1.5% of Gross Assets of the company was used to calculate the materiality for the company. We believe that Gross Assets is the primary measure used by the shareholders in assessing the performance of the company, and is a generally accepted auditing benchmark.

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above £3,850 (2022: £3,750) as well as misstatements below those amounts that, in our view, warranted reporting for qualitative reasons.

## Independent Auditors' Report (continued)

to the members of Adams Plc

### **An overview of the scope of our audit**

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the directors made subjective judgments, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the directors that represented a risk of material misstatement due to fraud.

### **How we tailored the audit scope**

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the company, the accounting processes and controls, and the industry in which they operate.

### **Other information**

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements or a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Responsibilities of directors**

As explained more fully in the directors' responsibilities statement set out on page 10, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- The senior statutory auditor ensured the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- We identified the laws and regulations applicable to the company through discussions with directors and other management, and from our commercial knowledge and experience of investing companies.
- We focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the company, including Companies Act 2004 to 2006, taxation legislation, data protection, anti-bribery, employment, environmental, health and safety legislation and anti-money laundering regulations.
- We assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.
- We assessed the susceptibility of the company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:
  - o making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud;
  - o considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates set out in Note 4 of the Company financial statements were indicative of potential bias; and,
- investigated the rationale behind significant or unusual transactions.
- In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:
- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims; and,
- reviewing correspondence from local authorities and the company's legal advisor.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## Independent Auditors' Report (continued)

to the members of Adams Plc

### **Use of this report**

This report is made solely to the company's members, in accordance with Section 80(c) of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

<b>Net assets</b>		<b>5,110</b>	<b>7,480</b>
<b>Equity</b>			
Share capital	14	1,459	1,459
Share premium	14	3,425	3,425
Retained earnings reserve		226	2,596
<b>Total shareholder equity</b>		<b>5,110</b>	<b>7,480</b>

The financial statements were approved and authorised for issue by the Board on 14 July 2023 and signed on its behalf by:

Michael Bretherton  
**Chairman**

Company number – 004145V (Isle of Man)

The accounting policies and explanatory notes on pages 21 to 32 form an integral part of the financial statements.

## Statement of Changes in Equity

for the year ended 31 March 2023

	Share Capital £'000	Share premium £'000	Retained earnings reserve £'000	Total £'000
<b>At 31 March 2021</b>	826	–	4,327	5,153
<b>Changes in equity</b>				
Issue of shares	633	3,482	–	4,115
Share issue costs	–	(57)	–	(57)
Total comprehensive loss	–	–	(1,731)	(1,731)
<b>At 31 March 2022</b>	<b>1,459</b>	<b>3,425</b>	<b>2,596</b>	<b>7,480</b>
<b>Changes in equity</b>				
Total comprehensive loss	–	–	(2,370)	(2,370)
<b>At 31 March 2023</b>	<b>1,459</b>	<b>3,425</b>	<b>226</b>	<b>5,110</b>

Share capital represents the amount subscribed for shares at nominal value.

Share premium represents the excess of the amount subscribed for share capital over the nominal value of these shares net of share issue expenses.

Retained earnings represent the cumulative gains of the Company attributable to equity shareholders.

The accounting policies and explanatory notes on pages 21 to 32 form an integral part of the financial statements.

## Statement of Cash Flows

for the year ended 31 March 2023

	Notes	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
<b>Loss for the year</b>		(2,370)	(1,731)
Unrealised loss on revaluation of portfolio investments	5	2,203	1,571
Realised gain on disposal of portfolio investments	5	(15)	–
Decrease in trade and other receivables		1	10
Increase in trade and other payables		18	2
<b>Net cash outflow from operating activities</b>		(163)	(148)
<b>Cash flows from investing activities</b>			
Purchase of portfolio investments	10	(1,216)	(3,088)
Proceeds from sales of investments		555	–
<b>Net cash used in investing activities</b>		(661)	(3,088)
<b>Cash flows from financing activities</b>			
Issue of new ordinary shares	14	–	4,058
<b>Net cash generated from financing activities</b>		–	4,058
<b>Net (decrease) / increase in cash and cash equivalents</b>		(824)	822
Cash and cash equivalents at beginning of year		871	49
<b>Cash and cash equivalents at end of year</b>		47	871

The accounting policies and explanatory notes on pages 21 to 32 form an integral part of the financial statements.

# Notes to the Financial Statements

for the year ended 31 March 2023

## 1 General information

Adams Plc is a company incorporated and domiciled in the Isle of Man. The address of the registered office is disclosed on the Directors, Officers and Advisers page at the front of this annual report. The principal activities of the Company are described in the Directors' Report and Strategic Report.

## 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

### 2.1 Basis of preparation

The financial statements have been prepared in accordance with UK adopted International Financial Reporting Standards (IFRS) as applicable to an Isle of Man company. IFRS comprises of standards issued by the International Accounting Standards Board (IASB) and the interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as adopted by the United Kingdom (UK). The financial statements have been prepared on a going concern basis.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 4.

### 2.2 Going Concern

At 31 March 2023, the Company had £0.05 million (2022: £0.87 million) of cash, cash equivalents and short-term deposits available to it together with liquid quoted investments of £3.57 million (31 March 2022: £4.69 million). The Directors have considered their obligation in relation to the assessment of the going concern of the Company and have reviewed the current budget cash forecasts and assumptions as well as the main risk factors facing the Company.

After due enquiry, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

### 2.3 Changes in accounting policies and disclosures

The accounting policies adopted are consistent with those of the previous financial year. New standards and amendments to IFRS effective as for the financial reporting period have been reviewed by the Company and there has been no material impact on the financial statements as a result of these standards and amendments. The Company has not early adopted any amendment, standard or interpretation that has been issued but is not yet effective.

#### **New Accounting Standards, interpretations and amendment adopted.**

##### ***Standards issued but not yet effective***

The following were new standards and amendments to existing standards which are relevant to the Company and are effective for annual periods commencing on or after 1 January 2022:

- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37)
- Annual Improvements to IFRS Standards 2018-2020
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)
- Reference to the Conceptual Framework (Amendments to IFRS 3)

Adoption of these new and amended standards has had no material impact on the financial statements of the Company.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 2 Summary of significant accounting policies (continued)

#### Accounting Standards or interpretations, not yet early adopted

A number of new standards, amendments to existing standards and interpretations which have been issued or amended by IASB, are not yet effective and have not been applied in preparing these financial statements. The Directors are considering the standards, however, at this time they are not expected to have a significant impact on the Company. These standards are as follows;

- Amendments to IFRS 17
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
- Definition of Accounting Estimate (Amendments to IAS 8)
- Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction – Amendments to IAS 12 Income Taxes
- Initial Application of IFRS 17 and IFRS 9 – Comparative Information (Amendments to IFRS 17)
- Classification of liabilities as current or non-current (Amendments to IAS 1)
- Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)
- Non-current Liabilities with Covenants (Amendments to IAS 1)
- Sale or Contribution of Assets

### 2.4 Financial Instruments

#### Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### Classification and initial measurement of financial assets

All financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets are classified into the following categories:

- amortised cost.
- fair value through profit or loss (FVTPL).
- fair value through other comprehensive income (FVOCI).

The classification is determined by both the entity's business model for managing the financial asset and the contractual cash flow characteristics of the financial asset.

#### Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions:

- held under a business model objective to hold the financial assets and collect its contractual cash flows.
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

## 2 Summary of significant accounting policies (continued)

### Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model, financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The Company's Investment Portfolio assets fall into this category and are further described below:

#### Investment Portfolio Assets

Investment assets that are held by the Company with a long-term view to the ultimate realisation of capital gains are classified as investment portfolio assets and are stated at the Directors' estimate of their fair value determined in accordance with International Private Equity and Venture Capital Valuation Guidelines ("IPEVCVG") on the basis set out below. Investment portfolio assets are designated at fair value through profit or loss on initial recognition which is considered most appropriate as investment portfolio assets are assessed and evaluated on a fair value basis. Any gains or losses arising from subsequent changes in fair value are presented in the Statement of Comprehensive Income as they arise.

- (i) Quoted investments for which an active market exists are valued at closing bid-market price at the reporting date.
- (ii) Unquoted investments are measured at fair value by the Directors as follows:
  - Investments in companies that are still in a development phase continue to be valued based on cost unless there have been more recent benchmark subscriptions and investments which give a guide to fair value ("Price of Recent Investment") or where there are factors that indicate a change in fair value has occurred.
  - Once the business becomes established, investments are value based on an estimate of the fair value for the investee company derived using methodologies which include applying an average sector earnings multiple to operating profits, valuation by reference to net asset base and discounted cash flows.

None of the Company's investments have met the criteria for consolidation on the basis of either a subsidiary, associate or joint venture and therefore have not been consolidated. The Board has concluded that the Company continues to meet the definition of an investment entity and to account for its investments as such.

### Financial assets at fair value through other comprehensive income (FVOCI)

The Company accounts for financial assets at FVOCI if the assets meet the following conditions:

- held under a business model objective to "hold to collect" the associated cash flows and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (OCI) will be recycled upon derecognition of the asset.

In the periods presented the Company does not have any financial assets categorised as FVOCI.

### Impairment of financial assets

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').
- 'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 2 Summary of significant accounting policies (continued)

#### Impairment of financial assets (continued)

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

#### Classification and measurement of financial liabilities

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Company designated a financial liability at fair value through profit or loss. Subsequently, financial liabilities are measured at amortised cost using the effective interest method. All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss, are included within finance costs or finance income.

The Company's financial liabilities include trade and other payables.

### 2.5 Income

Income is measured at the fair value of the consideration received or receivable in the normal course of business. The Company recognises income when the amount of income can be reliably measured and when it is probable that the future economic benefits will flow into the Company.

#### (i) Investment return

Investment return represents the sum of realised gains and losses on the disposal of investment portfolio assets and the unrealised gains and losses on the revaluation of these, together with and any related investment income received and receivable.

Realised gains and losses on the disposal of investments is the difference between the fair value of the consideration received less any directly attributable costs on the sale and the fair value of the investments at the start of the accounting period or acquisition date if later.

Unrealised gains and losses on the revaluation of investments is the movement in carrying value of investments between the start of the accounting period or acquisition date if later and the end of the accounting period.

Dividends from investments are recognised when the shareholders' rights to receive payment have been established.

#### (ii) Interest income

Interest income is recognised as interest accrues using the effective interest rate method.

#### (iii) Other income

All other income is recognised as other income in the period to which it relates.

### 2.6 Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised in other comprehensive income or directly in equity. The Company may be subject to withholding taxes in relation to income from investments, or investment realisation proceeds or gains, and such amounts will be accounted for as incurred.

Current income tax is calculated on the basis of the tax rates and laws enacted or substantively enacted at the statement of financial position date in the countries where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns in regard to situations in which applicable tax regulations are subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The current income tax rate in the Isle of Man is 0%.

## 2 Summary of significant accounting policies (continued)

### 2.6 Taxation (continued)

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements in accordance with IAS 12 – ‘Income Taxes’. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable nor the accounting profit or loss. Deferred tax assets and liabilities are calculated using tax rates and laws that have been substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

### 2.7 Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from proceeds.

### 2.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held on call with banks, other short-term highly liquid investments with maturities of three months or less, and bank overdrafts.

### 2.9 Segmental reporting

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the entity’s chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments for Adams Plc are reported based on the financial information provided to the Board, which is used to make strategic decisions. The Directors are of the opinion that under IFRS 8 – “Operating segments” the Company has only one reportable segment, being Investment Return (see Note 5). The Board assesses the performance of the operating segment based on financial information which is measured and presented in a manner consistent with that in the financial statements.

### 2.10 Foreign Currency

The functional currency of an entity is the currency of the primary economic environment in which the entity operates. Transactions denominated in foreign currencies are translated into the presentational currency of the Company at the rate of exchange ruling at the transaction date. Monetary assets and liabilities denominated in foreign currencies are translated at rates ruling at the statement of financial position date. Exchange differences arising are taken to operating results within the income statement.

The functional and presentational currency of the Company is GBP (£).

## 3 Financial risk management

The Company’s activities expose it to a variety of financial risks: market risk (including price risk, interest rate risk and foreign currency risk), credit risk and liquidity risk. The Company’s overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company’s financial performance. The management of these risks is vested in the Board of Directors. The policies for managing each of these risks are summarised below:

### 3.1 Management of market risk

#### (i) Price risk

The Company is exposed to market price risk in respect of its portfolio investments. The Company mitigates this risk by having established investment appraisal processes and asset monitoring procedures which are subject to overall review by the Board.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 3 Financial risk management (continued)

#### 3.1 Management of market risk (continued)

The Company has in place procedures and levels of authority designed to control the level of commitments, either in single investments or in aggregate.

Details of the Company's investment portfolio are given in Note 10 to the financial statements.

##### *Price risk sensitivity*

The table below summarises the impact on the Company's profit before taxation for the year and on equity of a 10 per cent increase/decrease in the underlying share price of the investment portfolio. The price sensitivity of 10 per cent represents Management's estimate of the premium/discount that may be achieved on sale of investment portfolio assets relative to the closing bid market price.

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
<b>Impact of 10% price change</b>		
Portfolio investments	509	662

#### (ii) Interest rate risk

As the Company currently has no borrowings, the risk is limited to the impact of interest received on cash surpluses held. Interest rate risk is managed in accordance with the liquidity requirements of the Company, with a minimum appropriate level of its cash surpluses held within an instant access account, which has a variable interest rate attributable to it, to ensure that sufficient funds are available to cover the Company's liquidity needs.

##### *Interest rate sensitivity*

The principal impact to the Company is the result of interest-bearing cash and short-term deposit (cash equivalent) balances held. At 31 March 2023, the impact of a 5 per cent increase or decrease in interest rates would have increased/decreased the profit for the year and equity by a minimal amount as a result of higher/lower interest received on floating rate cash deposits and as such no sensitivity analysis is provided.

#### (iii) Currency risk profile

The Company manages its foreign exchange risk at Board level and monitors it on an ongoing basis.

##### *Foreign exchange risk sensitivity*

Management do not consider the impact of possible exchange rate movements based on current market conditions to be material to the net result for the year.

##### *Management of credit risk*

The Company's principal financial assets are portfolio investments and bank balances and short-term deposits. Credit risk associated with trade receivables is considered to be minimal.

The Company seeks to limit the level of credit risk on the cash balances by only depositing surplus liquid funds with reputable international banking institutions and brokerage companies. The credit risk associated with portfolio investments is considered minimal.

	As at 31 March 2023 £'000	As at 31 March 2022 £'000
Cash, cash equivalents and short-term deposits A	12	494
No rating provided*	35	377
	47	871

\* These monies are held with a reputable international brokerage despite no credit rating being available.

### 3 Financial risk management (continued)

The maximum exposure to credit risk on the Company's financial assets is represented by their carrying amount, as outlined in the categorisation of financial instruments table below.

	Loans and receivables £'000	Financial liabilities at amortised cost £'000	Financial assets at fair value through profit and loss £'000	Total £'000
<b>At 31 March 2023</b>				
Investments	–	–	5,095	5,095
Cash and cash equivalents	47	–	–	47
Trade and other payables	–	(43)	–	(26)
<b>Net Total</b>	<b>47</b>	<b>(43)</b>	<b>5,095</b>	<b>5,099</b>
<b>At 31 March 2022</b>				
Investments	–	–	6,622	6,622
Cash and cash equivalents	871	–	–	871
Trade and other payables	–	(25)	–	(25)
<b>Net Total</b>	<b>871</b>	<b>(25)</b>	<b>6,622</b>	<b>7,468</b>

The Company does not consider that any changes in fair value of financial assets in the year are attributable to credit risk.

No aged analysis of financial assets is presented as no financial assets are past due at the reporting date.

#### *Management of liquidity risk*

The Company seeks to manage liquidity risk to ensure that sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably. The Company deems there is sufficient liquidity for the foreseeable future.

No maturity analysis for financial liabilities is presented, as the Directors consider that liquidity risk is not material.

At 31 March 2023 and 31 March 2022, with the exception of investment portfolio assets, all financial assets and liabilities mature for payment within one year.

### 3.2 Capital management

The Company's policy is to maintain a strong capital base. The Company manages all elements of shareholders' equity as financial capital and seeks to increase this figure as a stated business objective over the medium to long term. The Company is entirely equity financed with no external capital requirements imposed upon it. In order to preserve capital, the Company maintains a balanced investment portfolio and appropriate levels of cash and cash equivalents in order to maintain liquidity and take advantage of market opportunities as they arise. The Company's net asset value is monitored on an ongoing basis.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 4 Use of estimates and judgments

The preparation of financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the Company's accounting policies. The notes to the financial statements set out areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the financial statements. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The estimate and assumption that has the most significant effect on the carrying amounts of assets and liabilities in the financial statements is the valuation of the investments. These are valued at closing bid market price and in accordance with IFRS, no discount is applied for liquidity of the stock or any dealing restrictions. However, it may not always be possible to trade at the quoted bid market price.

In addition, the Company's quoted investment in WANdisco Plc was suspended from the AIM market as at 31 March 2023 while a legal investigation is carried out on irregularities discovered on purchase orders and related revenue bookings, which gave rise to a material misstatement of its financial position. The WANdisco shares are not due to recommence trading on AIM until around 25 July 2023 when a recently announced share offer equity fundraise to raise gross proceeds of US\$30 million at a price of 50 pence per share is due to complete. The offer shares will represent approximately 70.7% of WANdisco's existing issued share capital. This investment holding is, therefore, being carried by Adams at a 50 pence per share value at the 31 March 2023 year end, being the best indication of fair value at that date and which amounts to a WANdisco investment holding value of £0.0425 million.

Quoted portfolio investments are carried in the financial statements as at 31 March 2023 at a valuation of £3.57 million (2022: £4.70 million).

Unquoted investments are valued at fair value by the directors on the basis of the accounting policies set out in Note 2.4(ii) and it may not always be possible to realise those valuations. Unquoted portfolio investments are carried in the financial statements as at 31 March 2023 at a valuation of £1.50 million (2022: £1.92 million).

For further detail on both quoted and unquoted portfolio investments, see Note 10.

### 5 Investment return

The principal sources of revenue for the Company in the two years ended 31 March 2023 were:

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
Unrealised loss on the revaluation of portfolio investments	(2,203)	(1,571)
Realised gains on the disposal of portfolio investments	15	–
Total loss on investments	(2,188)	(1,571)
Dividend income	–	–
Investment return	(2,188)	(1,571)

### 6 Employees

#### Number of employees

The average monthly number of employees (including Directors) during the year was:

	Year ended 31 March 2023 Number	Year ended 31 March 2022 Number
Directors	3	3
	3	3

## 6 Employees (continued)

### Employment costs

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
Remuneration for qualifying services	48	48
Social security costs	1	2
	49	50

## 7 Analysis of administrative expenses by nature

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
Operating loss is stated after charging:		
Directors' emoluments	49	50
Audit fees	30	13
Broker, professional and listed company fees	90	87
Other administrative expenses	13	10
	182	160

## 8 Taxation

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
	–	–
Total current tax	–	–

The Company is subject to income tax at the rate of 0% in the Isle of Man and, accordingly, no tax has been provided for in these financial statements.

## 9 Earnings per share

	Year ended 31 March 2023 £'000	Year ended 31 March 2022 £'000
Loss after tax attributable to equity holders of the Company	(2,370)	(1,731)
Weighted average number of ordinary shares	145,859,231	142,856,154
Basic and diluted loss per share	(1.62)p	(1.21)p

Basic earnings per share is calculated by dividing the profit attributable to ordinary shareholders by the weighted average number of ordinary shares in issue during the year. Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares in issue during the year to assume conversion of all dilutive potential ordinary shares. There are currently no potentially issuable shares in existence.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 10 Investments

An analysis of movements in the value of the Company's portfolio investments is as follows:

	Quoted Equity Shares £'000	Unquoted Equity Shares £'000	Quoted Derivative trading asset £'000	Total £'000
<b>Fair value at 31 March 2021</b>	3,982	566	557	5,105
Additions at cost*	2,624	1,322	–	3,946
Disposals*	(858)	–	–	(858)
Unrealised (loss)/gain on revaluation	(1,055)	32	(548)	(1,571)
<b>Fair value at 31 March 2022</b>	4,693	1,920	9	6,622
Additions at cost	1,216	–	–	1,216
Disposals	(540)	–	–	(540)
Transferred to unquoted equity	(103)	103	–	–
Unrealised (loss)/gain on revaluation	(1,696)	(523)	16	(2,203)
<b>Fair value at 31 March 2023</b>	3,570	1,500	25	5,095

\* In the prior year to 31 March 2022, the additions at cost comprise cash outflows of £3,088,000 on investment additions, including for shares purchased in Telit Communications Plc ("Telit") in July 2021, together with a non-cash addition of £858,000 in relation to the investment, by way of rollover of Adams' listed shareholding in Telit, into the unlisted holding company, Notano Midco Limited (as subsequently renamed Telit Cinteron Ltd), of Trieste Acquisitions Holdings Limited, under a recommended share offer alternative completed in August 2021. The corresponding £858,000 disposal of the listed Telit investment also represents a non-cash disposal transaction.

Quoted investments are all classed as Level 1 investments. Unquoted equity shares are considered to be Level 2 investments.

The derivative trading assets at 31 March 2023 reflect the fair value of share warrants held in two listed companies and are able to be exercised at that date and at any time during at least the subsequent 1 year period.

### 11 Trade and other receivables

	31 March 2023 £'000	31 March 2022 £'000
Prepayments	11	12
	11	12

The carrying amount of prepayments is considered to be approximate to their fair value.

**12 Trade and other payables**

	31 March 2023 £'000	31 March 2022 £'000
Trade payables	8	8
Accruals	35	17
	43	25

Accruals principally comprise amounts outstanding for ongoing expenses. The carrying amount of trade and other payables approximates to its fair value.

**13 Borrowings**

The Company has a facility loan agreement (the "Loan Agreement") in place with the Company's largest shareholder, Richard Griffiths, for the provision of an unsecured loan facility of up to £3 million in total. The loan facility may be drawn down by the Company in minimum tranches of £0.5 million and has no fixed term, but is repayable in full or in part six months after any repayment notice issued by either the Lender or the Company. Interest accrues daily based on a rate of 7 per cent. Per annum and is paid six monthly in arrears. No arrangement, commitment or exit fees have or will be charged.

No amount of the facility had been utilised as at 31 March 2023 and 31 March 2022.

**14 Share capital and share premium**

Ordinary shares of £0.01	Number of shares issued and fully paid	Share capital £'000	Share Premium £'000
<b>At 31 March 2021</b>	82,553,232	826	–
Issue of ordinary shares	63,305,999	633	3,482
Share issue costs	–	–	(57)
<b>At 31 March 2022</b>	145,859,231	1,459	3,425
Issue of ordinary shares	–	–	–
<b>At 31 March 2023</b>	145,859,231	1,459	3,425

Holders of the Ordinary Shares are entitled to receive dividends and other distributions and to attend and vote at any general meeting of the Company.

On 1 April 2021, the Company placed 8,650,000 new £0.01 ordinary shares at a price of 6.5p per share. Subsequently on 15 April 2021, a further 54,655,999 new £0.01 ordinary shares were issued by way of an open offer at a price of 6.5p per share. The total of 63,305,999 new ordinary shares so issued, raised gross cash proceeds of £4,114,890.

The authorised Ordinary Share capital of the Company at 31 March 2023 is 350,000,000 Ordinary Shares of £0.01 each (31 March 2022: 350,000,000 Ordinary Shares of £0.01 each) and remains so.

## Notes to the Financial Statements (continued)

for the year ended 31 March 2023

### 15 Related party relationships and transactions

The Company continues to have access to a £3,000,000 loan facility loan provided by Richard Griffiths, who is the controlling shareholder of Adams (see Notes 13 and 18). The facility remained undrawn at 31 March 2023.

The Company had no transactions with related parties in the year to 31 March 2023 other than in respect of Director's remuneration as set out in the Directors Report on page 8.

Other transactions with related parties in the year to 31 March 2022 are detailed in the Annual report for that year as summarised below:

Michael Bretherton (chairman) applied for and received 1,385,000 ordinary shares in the Company as part of the share placing completed in April 2021. Andrew Mitchell (non-executive director) applied for and received 308,000 ordinary shares as part of that same placing (see Note 14 for more details of that placing).

On 26 August 2021, Adams committed to subscribe for 12,000 new ordinary shares in Oxehealth (in which Richard Griffiths who is a significant shareholder of Adams and the Company's chairman, Michael Bretherton, also have an interest) at a price of £27.00 per share for a total cash consideration of £324,000 under a subscription agreement to raise gross subscription proceeds of £5.60 million for Oxehealth. Settlement of the cash consideration by Adams was by way of full payment in September 2021.

On 20 January 2022, Adams committed to subscribe for 5,185 new ordinary shares in Oxehealth at a price of £27.00 per share for a total cash consideration of £139,995 under a further subscription agreement ("Further Subscription Agreement") to raise gross subscription proceeds of £5.13 million for Oxehealth. Settlement of the cash consideration by Adams was by way of full payment in January 2022.

Following completion of the Further Subscription Agreement in January 2022, the Company's total holding of 38,815 ordinary shares in Oxehealth represented 2.93% of the issued ordinary share capital of Oxehealth at that date and at which time Mr Griffiths had a total interest representing 23.56% of Oxehealth's issued ordinary share capital, including the Oxehealth shares held by Adams, and Michael Bretherton had an interest representing 0.21% of Oxehealth's issued ordinary share capital.

### 16 Contingent liabilities

The Company has no contingent liabilities of which the directors are aware in respect of legal or other claims arising from the ordinary course of business (31 March 2022: Nil).

### 17 Events after the reporting period

On 3 July 2023 WANdisco Plc, in which Adams has a small investment holding, announced the successful completion of a US\$30 million equity fundraise using an accelerated bookbuild process of 50 pence per share and which is expected to complete on around 25 July 2023.

### 18 Ultimate controlling party

By virtue of his beneficial shareholding, Richard Griffiths is considered to be the ultimate controlling party of the Company. A list of the major disclosed shareholders of the Company can be found in the Director's Report on page 10.

## Notice of Annual General Meeting

(Incorporated under the Companies Act 2006 of the Isle of Man and registered in the Isle of Man under number 004145V)

**NOTICE IS HEREBY GIVEN** that the **2023 ANNUAL GENERAL MEETING** of the Company will be held at the Company's Registered office at 55 Athol Street, Douglas, Isle of Man, IM1 1LA at 11.30 a.m. on 18 August 2023.

A. At the Annual General Meeting, the following ordinary business will be transacted:

The consideration and, if thought fit, passing of the following resolutions which will be proposed as ordinary resolutions:

1. **THAT** the audited accounts of the Company for the year ended 31 March 2023 and the reports of the Directors and the Auditors and any other document required to be annexed thereto be and they are hereby considered and adopted.
2. **THAT** Andrew Mitchell who, having agreed to retire but, being eligible, offers himself for re-election, be and he is hereby re-appointed as a Director of the Company.
3. **THAT** Gravita Audit Limited be and are hereby appointed as Auditors to the Company and that the Directors be and are hereby authorised to determine their remuneration, this being further to notice given by the Company's existing Auditor, Jeffrey's Henry LLP (a member of the Gravita Group) that it will not seek re-appointment following a business reorganisation under which the group will provide audit services to clients from Gravita Audit Limited.

B. In addition, the following special business will be transacted:

The consideration and, if thought fit, passing of the following resolution which will be proposed as an ordinary resolution:

4. **THAT** the Directors be generally and unconditionally authorised in accordance with article 5.1 of the Articles to exercise all the powers of the Company to allot Ordinary Shares up to an aggregate par value of £1,458,592.31; (being equal to 100 per cent of the issued share capital of the Company as at 14 July 2023) such authority to expire (unless and to the extent previously revoked, varied or renewed by the Company in general meeting) at the conclusion of the next Annual General Meeting of the Company to be held in 2024 or, if earlier, the date 15 months after the date of passing this resolution; provided that this authority shall allow the Company, before such expiry, to make an offer or enter into an agreement which would or might require Ordinary Shares to be allotted after this authority expires and the Directors may allot such Ordinary Shares in pursuance of such an offer or agreement as if the authority conferred hereby had not expired.

The consideration and, if thought fit, passing of the following resolution which will be proposed as a special resolution:

5. **THAT** the provisions of section 5.2 of the Articles requiring shares proposed to be issued for cash first to be offered to the members in proportion as nearly as may be to the number of the existing shares held by them respectively be and it is hereby disapplied in relation to any allotment of Ordinary Shares pursuant to the authority in Resolution 4 above; provided that this disapplication shall be limited to the allotment for cash of Ordinary Shares up to an aggregate par value of £1,458,592.31 (being equal to 100 per cent of the issued share capital of the Company as at 14 July 2023) and shall expire (unless and to the extent previously revoked, varied or renewed by special resolution) at the conclusion of the next Annual General Meeting of the Company to be held in 2024 or, if earlier, the date 15 months after the date of passing this resolution; provided that this authority shall allow the Company, before such expiry, to make an offer or enter into an agreement which would or might require Ordinary Shares to be allotted after this authority expires and the Directors may allot such Ordinary Shares in pursuance of such an offer or agreement as if the authority conferred hereby had not expired.

## Notice of Annual General Meeting (continued)

(Incorporated under the Companies Act 2006 of the Isle of Man and registered in the Isle of Man under number 004145V)

6. **THAT** subject to the Articles and the Companies Act 2006 the Company be and is hereby generally and unconditionally authorised to purchase Ordinary Shares in the open market on such terms and in such manner as the Directors shall determine, provided that the general authority conferred by this resolution shall:
- (a) be limited to a maximum of 21,878,885 Ordinary Shares (being equal to 15.00 per cent of the issued share capital of the Company as at 14 July 2023); and
  - (b) not permit payment of a price per Ordinary Share, exclusive of expenses, of less than £0.01 or more than 105 per cent of the average price at which business was done in the Ordinary Shares of the Company in the five business days preceding the purchase; and
  - (c) expire (unless and to the extent previously revoked, varied or renewed by special resolution) at the conclusion of the Annual General Meeting of the Company to be held in 2024 or, if earlier, the date 15 months after the date of passing this resolution; provided that this authority shall allow the Company, before such expiry, to make an offer or enter into an agreement which would or might require Ordinary Shares to be purchased after this authority expires and the Company may purchase such Ordinary Shares in pursuance of such an offer or agreement as if the authority conferred hereby had not expired.

*Registered Office:*

55 Athol Street  
Douglas  
Isle of Man IM1 1LA

*By Order of the Board*

**P P Scales**  
Company Secretary

Dated 14 July 2023

**Notes on entitlement to attend and vote at the Annual General Meeting:**

1. A member who is entitled to attend and vote at the above-mentioned meeting is entitled to appoint a proxy or proxies to attend and, on a poll, vote instead of him or her in respect of such shares. A proxy need not be a member of the Company
2. A Form of Proxy is enclosed which, to be valid, must be completed and delivered to FIM Capital Limited, either by post to 55 Athol Street, Douglas, Isle of Man, IM1 1LA, or sent by facsimile to +44 (0)1624 681392 or scanned and e-mailed to Corporate.Governance@fim.co.im together with the power of attorney or other authority (if any) under which it is signed (or a certified copy of such authority) so as to be received by FIM Capital Limited by not later than 11.30 p.m. on 16 August 2023, being 48 hours before the time of the meeting.
3. The Company, pursuant to Regulation 22 of the Uncertificated Securities Regulations 2006 (Isle of Man), specifies that only those members registered in the register of members as at 11.30 p.m. on 16 August 2023 (or in the event that the meeting is adjourned, on the register of members 48 hours before the time of any adjournment meeting) shall be entitled to vote in respect of the Ordinary Shares registered in their name at that time. Changes to entries on the register of members after 11.30 a.m. on 16 August 2023 (or, in the event that the meeting is adjourned, on the register of members less than 48 hours before the time of any adjourned meeting) shall be disregarded in determining the rights of any person to vote.

**Explanatory notes on the business of the Annual General Meeting**

The business of the Annual General Meeting ("AGM") is set out in the notice of AGM.

**ORDINARY BUSINESS**

The ordinary business of the AGM is to approve the accounts of the Company for the year ended 31 March 2023, to re-elect Andrew Mitchell as a Director of the Company, and to appoint Gravita Audit Limited as auditors.

**SPECIAL BUSINESS**

The special business of the AGM is to grant the Directors authority to allot further Ordinary Shares pursuant to Article 5.1 of the Articles, and to disapply the pre-emption rights under Article 5.2 of the Articles.

**Authority to allot further Ordinary Shares**

It is proposed to grant the Directors authority to allot further Ordinary Shares in accordance with the Articles. Resolutions 4 and 5 deal with these proposals.

To authorise the Directors to allot shares pursuant to Article 5.1, the Articles require that the authority of the Directors to allot shares in the Company should be subject to the approval of Shareholders in general meeting. Resolution 4 will be proposed at the AGM, as an ordinary resolution to authorise the Directors to allot unissued shares of the Company up to a total par value of £1,458,592.31, such authority to expire on whichever is the earlier of the conclusion of the Annual General Meeting of the Company to be held in 2024 or the date falling 15 months after the passing of this resolution.

To disapply the pre-emption rights under Article 5.2, the Articles require that any shares issued for cash must be offered to existing Shareholders in proportion to their existing holdings unless otherwise approved by Shareholders in general meeting. Accordingly, a special resolution (resolution 5) will be proposed at the AGM, to allow the Directors to allot unissued shares of the Company for cash without first offering them to existing Shareholders, provided that the Directors may not offer shares in this manner which exceed a total par value of £1,458,592.31 This authority will expire on the date falling 15 months after the passing of this resolution or the date of the Annual General Meeting to be held in 2024, whichever is the earlier.

## Notice of Annual General Meeting (continued)

(Incorporated under the Companies Act 2006 of the Isle of Man and registered in the Isle of Man under number 004145V)

### **Authority to make open market purchase of Ordinary Shares**

It is proposed to grant the Company an authority to purchase the Company's Ordinary Shares in the open market.

It is proposed to allow the Directors to purchase Ordinary Shares in the open market on such terms and in such manner as the Directors shall determine, but subject to the Articles and the Companies Act 2006, provided that such authority will be limited to the purchase of a maximum of 21,878,885 Ordinary Shares (being equal to 15.00 per cent of the issued share capital of the Company as at 14 July 2023), at a purchase price per Ordinary Share, exclusive of expenses, of not less than £0.01 nor more than 105 per cent of the average price at which business was done in the Ordinary Shares of the Company in the five business days preceding the purchase, such authority to expire on whichever is the earlier of the conclusion of the Annual General Meeting of the Company to be held in 2024 or the date falling 15 months after the passing of this resolution. In accordance with Isle of Man Law, the Directors must ensure that the Company satisfies a statutory solvency test upon any open market purchases of Ordinary Shares being made. In addition, as permitted under Isle of Man law, any amounts credited to a capital redemption reserve as a result of the open market purchases of Ordinary Shares made by the Company may subsequently be reclassified to distributable reserves at the discretion of the Directors.
