

M&G Climate Solutions Fund Sterling Class I – Accumulation shares

Monthly Fund Review as at 31 May 2024

For investment professionals only

Fund description

The fund has two aims: to provide combined capital growth and income that is higher than that of the MSCI World Index over any five-year period; and to invest in companies that aim to deliver solutions to the challenge of climate change. At least 80% of the fund is invested in the shares of companies from any developed market. The fund usually holds shares in fewer than 40 companies. The fund invests over the long term in companies delivering solutions to the climate change challenge alongside a financial return. Sustainability and impact considerations are fundamental in the stock selection process. The fund embraces the UN Sustainable Development Goals framework and invests in companies focused on areas including clean energy, green technology and the promotion of a circular economy.

The main risks associated with this fund

For any past performance shown, please note that past performance is not a guide to future performance.

The value and income from the fund's assets will go down as well as up. This will cause the value of your investment to fall as well as rise. There is no guarantee that the fund will achieve its objective and you may get back less than you originally invested.

The fund holds a small number of investments, and therefore a fall in the value of a single investment may have a greater impact than if it held a larger number of investments.

The fund can be exposed to different currencies. Movements in currency exchange rates may adversely affect the value of your investment.

Investing in emerging markets involves a greater risk of loss due to greater political, tax, economic, foreign exchange, liquidity and regulatory risks, among other factors. There may be difficulties in buying, selling, safekeeping or valuing investments in such countries.

In exceptional circumstances where assets cannot be fairly valued, or have to be sold at a large discount to raise cash, we may temporarily suspend the fund in the best interest of all investors.

The fund could lose money if a counterparty with which it does business becomes unwilling or unable to repay money owed to the fund.

Further risk factors that apply to the fund can be found in the fund's Prospectus.

Any ongoing charge figure with * indicates an estimate. The ongoing charge figure may vary from year to year and excludes portfolio transaction costs. The charges are mostly, if not exclusively, the Annual Charge which may be discounted depending on the size of the fund. For further details, please see the fund's Key Investor Information Document (KIID). The fund's annual report for each financial year will include details on the exact charges made. Please go to www.mandg.co.uk/literature to view the Costs and charges illustration which contains information on the costs and charges applicable to your chosen fund and share class.

Please note that not all of the share classes listed above might be available in your country. Please see the Important Information for Investors document and the relevant fund's Prospectus for more information on the risks associated with this fund and which share classes are available for which product and which investor type.

Important information

The M&G Climate Solutions Fund is a sub-fund of M&G Investment Funds (10).

The Morningstar Overall Rating based on the fund's Sterling Class I shares. Copyright © 2024 Morningstar UK Limited. All Rights Reserved. Ratings should not be taken as recommendation.

Company type breakdown (%)

- Pioneers: companies whose products or services have a transformational effect on society or the environment
- Enablers: companies which provide tools for others to deliver positive social or environmental impact
- Leaders: companies which spearhead and mainstream impact in their industry

The 17 United Nations Sustainable Development Goals (SDGs) are a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity. Holdings in the fund are assigned a primary SDG most closely aligned with a company's intended impact, although they may also touch on other SDGs in the course of their operations.

The fund embraces the United Nations Sustainable Development Goals (SDG) framework and invests in companies focused on six key areas, mapped against the SDGs. On the environmental side, these are: climate action; environmental solutions; and circular economy. On the social side, these are: improving health, saving lives; better working conditions; and social inclusion.

The value of investments will fluctuate, which will cause fund prices to fall as well as rise and investors may not get back the original amount invested. **For financial advisers only. Not for onward distribution. No other persons should rely on any information contained within.**

This financial promotion is issued by M&G Securities Limited which is authorised and regulated by the Financial Conduct Authority in the UK and provides ISAs and other investment products. The company's registered office is 10 Fenchurch Avenue, London EC3M 5AG. Registered in England and Wales. Registered Number 90776.
