FP Octopus UK Micro Cap Growth Fund, a sub-fund of FP Octopus Investments UCITS Funds Class P Accumulation GBP (ISIN GB00BYQ7HN43)

The Fund is managed by FundRock Partners Limited.

Objective and investment policy

Objective:

The investment objective of the Fund is to achieve capital growth (the increase in the value of investments), net of fees, over a period of 5 years or more.

Policy:

- The Fund will focus on areas of the UK market where the Investment Manager identifies capital growth opportunities.
- The Fund will invest at least 80% in the shares of companies, which at the point of investment, are micro-caps (i.e. has a market capitalization of less than £250 million). However, the companies in which the Fund invests may grow beyond the size of a micro-cap and, consequently, the portfolio of the Fund may hold less than 80% in micro-cap shares at any given time. Where a company has grown beyond the size of a micro-cap, shares in that company may continue to be held by the Fund until such time as the investment manager considers selling the shares to be in the best interests of the Fund. It is expected that opportunities will be focused on UK incorporated smaller companies with a full market listing, AIM listing or listed on ISDX.
- The Fund can invest in a limited amount of bonds (which is a loan, usually to a company or government that pays interest) and/or real estate investment trusts and investment companies.
- Use may also be made of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management. Efficient portfolio management is where the Fund is managed in a way to reduce risk or cost and or generate extra income or growth.
- On giving Shareholders 60 days' notice, the Funds will be able to also use derivatives for investment purposes.

Benchmark:

- The Fund is actively managed.
- For the purpose of providing comparable indicative returns only, investors should refer to the Numis Smaller Companies plus AIM ex Investment Trusts and IA UK Smaller Companies sector ("Comparator Benchmarks").
- The Comparator Benchmarks have been chosen by the ACD as they reflect the composition of the Fund and its bias towards investment in UK smaller companies with a primary objective of achieving capital growth.
- The Comparator Benchmarks do not represent, or act as, a constraint in the selection of individual investments in the Fund or the management of the Fund's portfolio.
- The performance of the Fund may deviate materially from the performance of the Comparator Benchmarks.

Other information:

- You can buy and sell shares between 9am and 5pm on most business days when the London Stock Exchange is open for a full range of services.
- The Fund's base currency is Pounds Sterling.
- We carry out investors' requests, to buy, sell or switch, at midday on each business day (which excludes UK public holidays). If we receive a request after midday, we deal with it on the next business day.
- If you hold accumulation shares, income from investments in the Fund will be rolled up into the value of your shares.
- If you hold income shares, income from investments in the Fund will be paid out to you two times a year.
- Recommendation: the Fund may not be appropriate for investors who plan to withdraw their money within five years.
- There can be no guarantee that the objective of the Fund will be achieved.
- On encashment, particularly in the short-term, you may receive less than the original amount invested.

- This indicator is based on historical data using a similar proxy fund and may not be a reliable indication of the future risk profile of the Fund.
- The risk category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean 'risk free'.
- The Class P appears as a "6" on the scale. This is because the Fund by its nature invests in the shares of companies, whose values tend to vary more widely.
- The Fund does not provide its investors with any guarantee on performance, nor on monies invested in it.
- In addition to the risk captured by the indicator, the overall Fund value may be considerably affected by the following risks:
- The Fund invests in shares and the value of these investments may go up and down. Investors may not get back the original amount invested.
- A portion of the Fund's assets may be invested in smaller companies. This investment can involve more risk than investing in larger, more established companies. Shares in smaller companies are often not as easy to sell as shares in larger companies are. This

can cause difficulty in buying, valuing and selling those shares. Also, reliable information for deciding their value or the risks may not be available.

- Liquidity Risk - Certain securities could become hard to value, sell at a desired time and price, or cease to trade altogether.
- Counterparty Risk - The Fund could lose money if an entity with which it interacts becomes unwilling or unable to meet its obligations to the Fund.
- Exchange Rate Risk - Fluctuations in exchange rates may cause the value of your investment to rise or fall.
- Funds investing in smaller companies invest in transferable securities which may be less liquid than the securities of larger companies, as a result of inadequate trading volume or restrictions on trading. Securities in smaller companies may possess greater potential for capital appreciation, but also involve risks, such as limited product lines, markets and financial or managerial resources and trading in such securities may be subject to more abrupt price movements than trading in the securities of larger companies.
- The Fund may make use of efficient portfolio management techniques to reduce risk and/or costs in the Fund and to produce additional capital or income in the Fund. It is not intended that using derivatives for efficient portfolio management will increase the volatility of the Fund.
- For full details of the Fund's risks please see Section 5 of the Fund's Prospectus, which is available at www.FundRock.com. Alternatively, you can obtain a copy by contacting the Fund's Administrator at FundRock Partners Limited - Octopus, PO Box 10359, Chelmsford, CM99 2AW or, during normal business hours on 01268 44 8634.
