

## Key Investor Information Document

This document provides you with key investor information about this fund. It is not marketing material. This information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Redwheel Nissay Japan Focus Fund is a sub-fund of Redwheel Funds SICAV | Class B GBP (LU1209894218) | The management company is Waystone Management Company (Lux) S.A. ("Waystone")

## Objectives and Investment Policy

### Objectives

To provide superior long-term capital growth by investing primarily in equity securities issued by Japanese Companies.

### Investment Policy

The Sub-Fund invests primarily in a concentrated portfolio of securities issued by Japanese Companies. The Sub-Investment Manager engages directly with companies to encourage sound management thinking and practise and transparent communication thereof. The Sub-Investment Manager views the concept of sustainability as applicable to the assessment of environmental, social and governance ("ESG") aspects of companies that issue equities. The Sub-Fund may also invest in other types of investments on an ancillary basis. In addition, the Sub-Fund may invest in collective investment schemes. The Sub-Fund promotes environmental and/or social characteristics and, as such, falls within the scope of article 8 of SFDR.

### Benchmark

The Sub-Fund is actively managed and uses the TOPIX TR index for performance comparison purpose only. The deviation of the portfolio composition of the Sub-Fund from that of the comparator can be material.

### Distribution Policy

This share class accumulates income derived from the fund's investments. Any such income is retained by the fund and its value is reflected in the share price.

### Minimum Recommended Holding Term

This fund is not suitable for investors with an investment plan of less than 5 years.

### Dealing Frequency

Daily. Shares may be redeemed upon request.

## Risk and Reward Profile

### The risk and reward indicator

The indicator above illustrates the position of this fund and a standard risk/reward category scale. The category is chosen based on the volatility of returns over the past 5 years where available, otherwise simulated historical performance data was used and may not be a reliable indicator of the fund's future risk. The risk category shown is not guaranteed and may change over time. The lowest category does not mean 'risk free'.

The fund is in this category because it can take higher risks in search of higher rewards and its price may rise and fall accordingly.

The indicator does not take into account the following risks of investing in this Fund:

### Operational Risk

The fund's operations rely on third parties; therefore, there

is a risk that the fund could suffer disruption or loss if a third party fails.

### Liquidity Risk

Investments may suffer liquidity impairment which may affect the fund's ability to buy or sell a position, or in extreme circumstances, accurately value a position without accepting a significant decrease in expected value of an investment.

### Derivative Risk

Investments in the fund may include financial derivative instruments. Such instruments may be used to obtain, increase or reduce exposure to underlying assets and may create gearing; therefore their use may result in greater fluctuations of the Net Asset Value of the fund. The manager will ensure that the use of derivatives is consistent with the overall risk profile of the fund.

### Currency and Foreign Exchange Risk

The fund's investments may be in currencies other than the fund's reference currency. In addition, share classes will be denominated in various currencies. Performance will therefore be affected by fluctuations between currencies.

### Small Cap Liquidity Risk

Investments in small companies can be difficult to sell quickly which may affect the fund's value and, in extreme conditions, its ability to meet redemption requests upon demand.

## Charges

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it; these charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures, and in some cases you may pay less. For actual charges, you can consult your financial adviser.

The ongoing charges figure is based on the actual figure for the year ending December 2023. The amount charged may vary from year to year.

More detailed information on charges, performance fees and how they are calculated can be found in the 'Management and Fund Charges' section of the prospectus.

### One-off charges taken before or after you invest

Entry charge	0.00%
Exit charge	0.00%

This is the maximum that might be taken out of your money before it is invested.

### Charges taken from the fund over a year

On-going	1.21%
----------	-------

### Charges taken from the fund under specific conditions

Performance Fee: 15% of any returns the fund achieves above the benchmark, the TOPIX Total Return Index. The Performance Fee crystallises annually, on 31st December. Underperformance relative to the benchmark is carried forward into following periods, so the Sub-Fund will not charge a Performance Fee until relative prior losses are recouped.

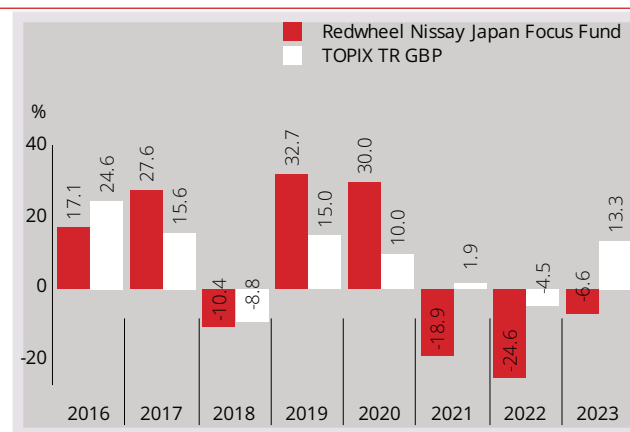

The Fund and the Management Company draw the investors' attention to the fact that, in the case the relevant benchmark and Sub-Fund depreciate, a Performance Fee will be charged to the extent the Sub-Fund outperforms the benchmark.

## Past Performance

The chart shows annual performance minus ongoing charges and performance fees. Performance is calculated based on the share class reference currency, GBP.

Past performance is not a guarantee of future performance. The value of your investment may go down as well as up and you may not get back the amount you originally invested.

The fund was launched on the 30 March 2015. This shareclass began issuing shares on the 30 March 2015.

## Practical Information

### Depositary

Brown Brothers Harriman (Luxembourg) S.C.A.
