WS Classic Passive Portfolio Aggressive Fund

Accumulation Shares (GB00BNHW5605)

a Sub-Fund of WS Multi Asset Funds

Waystone Management (UK) Limited is the Authorised Corporate Director of the Fund

OBJECTIVES AND INVESTMENT POLICY

Investment Objective

The objective of the Fund is to achieve a combination of capital growth and income over rolling 10-year periods.

Investment Policy

The Sub-Fund typically has 85% indirect exposure to equities and 15% exposure to other assets, being indirect exposure to bonds and alternatives (such as commodities, loans, hedge funds, private equity and property) and direct and/or indirect exposure to deposits, money market instruments, cash, near-cash. Indirect exposure is through collective investment schemes, such as unit trusts, OEICs, exchange-traded funds and closed ended schemes.

The Sub-Fund's exposure to equities may vary at any time to between 70% - 100% (the "Equity Exposure") in response to short to medium term changes in market and economic conditions, such as changes to national monetary policies, political events, and/or equity market performance.

The Sub-Fund seeks its Equity Exposure across global markets proportionate to the size (measured by listed equities market capitalisation) of each respective market, with the exception of the UK. The Sub-Fund takes a 'classic' investment approach meaning that it has a bias towards UK equities by having a higher Equity Exposure to the UK market proportionate to the size of the UK market. Approximately 26% of the value of the Sub-Fund's property will typically be invested into UK equities.

The Sub-Fund invests at least 80% of the value of its property in units or shares of collective investment schemes which track an index. The Sub-Fund may also invest up to 20% of the value of its property in other collective investment schemes which do not track an index. The collective investment schemes in which the Sub-Fund invests may be managed and/or operated by the ACD or Investment Manager.
