FUND OVERVIEW

- The aim of the Fund is to provide a return on your investment (generated through an increase in the value of the assets held by the Fund and/or income received from those assets) by investing at least 70% of its total assets in other investment funds (including funds managed by the BlackRock Group).
- The Fund intends to gain indirect exposure to equity securities (e.g. shares) by investing in other funds which track the performance of equity indices with an emphasis on the UK and North America.
- The Fund is actively managed. The investment manager has discretion to select the Fund's investments and in doing so may take into consideration a composite benchmark (i.e. a benchmark comprised of two or more benchmarks) comprising the FTSE All Share Index (50%) and the FTSE World ex-UK Index (50%).

GLOSSARY

Price to Book Ratio: represents the ratio of the current closing price of the share to the latest quarter's book value per share.

Price to Earnings: A valuation ratio of a company's current share price compared to its per-share earnings in the current forecast year, calculated as current share price divided by current earnings per share.

IMPORTANT INFORMATION:

¹Negative weightings may result from specific circumstances (including timing differences between trade and settlement dates of securities purchased by the funds) and/or the use of certain financial instruments, including derivatives, which may be used to gain or reduce market exposure and/or risk management. Allocations are subject to change
